### **Bluesky Digital Assets Corp., Announces Partnership with Canadian Digital Asset Custody Company Brane Inc.**

#### **FOR IMMEDIATE RELEASE**

**Toronto, Ontario, June 15<sup>th</sup> 2020** – Bluesky Digital Assets Corp., (CSE: BTC), (CSE: BTC.PR.A), (OTC Pink: BTCWD), (“Bluesky” or the “Corporation”) announced today a partnership with Brane Inc. (“Brane” or the Company”) - a leading digital asset custodian based in Ottawa, Ontario.

Brane will provide end-to-end custody service for Bluesky and the two companies will endeavour to find synergies between their shared offerings, and future opportunities.

Founded in 2017, Brane is a Canadian-based fintech company focused on offering institutions the safest and most secure digital asset custody solutions around the globe. Brane is ISO 27001 certified - first in the world with cryptocurrency in scope, ISO 27017 certified, and NIST Tier 4 - the first company in Canada, in any industry, to receive such certification. Brane offers advanced proprietary technology and processes with over 20 provisional patents, supports all digital assets, and is fully insured against theft and crime.

Brane announced, on June 3, that Dalton McGuinty, Ontario's 24th Premier, had joined their Board of Directors. The Company's Executive Chairman is Adam Miron, co-founder, and Director of HEXO Corp (TSX/NYSE: HEXO).

Mr. Ben Gelfand CEO & Director stated: “Bluesky is actively looking to increase its business lines and partnering with another strong Canadian digital asset company is a great way to accelerate that. We look forward to working with Brane on many different opportunities.”

#### **About Bluesky Digital Assets Corp.**

Bluesky Digital Assets Corp, is building a high value digital currency enterprise. Bluesky mines digital currencies, such as Bitcoin and Ether, and is developing value-added technology services for the digital currency market, such as digital mining proprietary software. Offering a complete ecosystem of value-creation, Bluesky is targeting reinvesting appropriate portions of its digital currency mining profits back into its operations. A percentage of the profit will be invested in the development of a proprietary Artificial Intelligence (“AI”) based technology. Overall, Bluesky takes an approach that enables the Corporation to scale, and respond to changing conditions, within the still-emerging digital currency industry. The Corporation is poised to capture value in successive phases as this industry continues to scale.
