FANDOM SPORTS Secures US Government Service Provider as Back-end Technology Partner

CSE: FDM
OTC: FDMSF
FRANKFURT: TQ42

Vancouver, British Columbia – March 15, 2018, FANDOM SPORTS Media (CSE: FDM) (OTC: FDMSF) (FRANKFURT: TQ42) (“FANDOM SPORTS” or the “Company”) today announces the contracting of HHS Technology Group (“HHS”) as a result of the successful testing of the Company’s proof of concept on HHS’s US Government Blockchain architecture design and test platform. Now selected to be FANDOM SPORTS’ back-end platform technology partner, HHS will provide in-depth input into the final implementation of platform features for mass deployment upon the upgraded releases of both Android and iOS commercial version apps.

“HHS Technology Group is a leading technology and solution provider for the US Government Healthcare sector which requires sophisticated security and efficiency features”, states Mr. Shikari, President & CTO of HHS Technology Group. “HHS products provide a complete 3T solution - Timeliness, Traceability and Transparency for business processes with a high level of information security demands. Our team is poised to become a disruptive player in Blockchain solutions, and I’m excited to lead us towards growth and new opportunities. FANDOM SPORTS has chosen wisely in terms of the correct path for select secured information solutions, pertaining to their

new sports entertainment platform. The HHS Team will be implementing Blockchain solutions on a complete global platform architecture in order to support FANDOM SPORTS global aspirations and partnership based expansion plans. Blockchain's potential is transformational, the landscape is nascent and developing, while the opportunities are limitless".
