About SLUSH:

Held during the darkest time of the year in Helsinki, Finland, Slush has always been characterized by a unique energy and enthusiasm. The very core of Slush is to facilitate founder and investor meetings and to build a world-wide startup community. Slush is a student-driven, non-profit movement originally

founded to change attitudes toward entrepreneurship. In 2018, Slush will be organized in Tokyo, Shanghai, Singapore and Helsinki.

Over the past seven years, Slush has grown from a 300-person gathering to become a global community organizing more than 75 events with +40,000 attendees all around the world. Each city and each community adds its own local flavour to the global network. Be it the cherry blossoms of Japan or the rhythms of Jamaica, we always like to throw some spices into the mix of entrepreneurs and tech.

In addition to our global community events in Helsinki, [Tokyo](#), [Shanghai](#) and [Singapore](#), Slush is expanding rapidly to other parts of the world. We co-organize events together with the most prominent start-up hubs across all continents.
