

Fandom to Add Integrations for Crypto Payments

Vancouver, British Columbia--(Newsfile Corp. - November 9, 2020) - FANDOM SPORTS Media Corp. (CSE: FDM) (OTCQB: FDMSF) (FSE: TQ43) ("Fandom Sports" or the "Company"), is pleased to announce that it will be adding crypto enabled payment processing methods to the Fandom Esports Wagering Platform.

As previously announced on November 3, 2020, the Company continues to advance various initiatives in support of the upcoming launch of its wagering platform. The ability to accept both traditional credit card payments and crypto payments positions the Company to deliver a compelling and unique user experience that the target market demographics demand.

"According to Coinmarketcap.com, the global crypto market capitalization is \$447 billion. What we see with the market demographic of Esports bettors is that there is a confluence between crypto and Esports that we want to be able to capitalize on. Fandom Esports Wagering platform will provide the flexibility and security that these users demand. Our peer to peer wagering model will benefit from the multicurrency environment we are building out," states David Vinokurov, CEO and President.

"PLAY. PREDICT. GET REWARDED."
