1. NATURE AND CONTINUANCE OF OPERATIONS

Seahawk Gold Corp. (the "Company") was incorporated under the Business Corporations Act (British Columbia) on January 16, 2007. The Company's registered and records office is located at suite 1700 – 666 Burrard Street, Vancouver, BC V6C 2X8 and its head office is located at 909 Bowron Street, Coquitlam, BC V3J 7W3.

The Company currently holds a 100% interest in the Mystery Property, Touchdown Property, Xtra Point Property, and Blitz Property, all located in the Urban-Barry Greenstone Belt region within the Abitibi sub-province, Quebec, Canada (Note 4).

These financial statements have been prepared with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of operations rather than through a process of forced liquidation. The Company incurred a net loss of $71,566 for the three months ended August 31, 2022 and as of that date the Company's accumulated deficit was $9,401,779 (May 31, 2022 - $9,330,213) The Company's ability to continue as a going concern is dependent upon it ability to attain profitable operations, and to continue to raise funds or obtain borrowing from third parties sufficient to meet current and future obligations and/or restructure the existing debt and payables.

While management intends to pursue additional financings and the Company has been successful in obtaining its required financing in the past, there is no assurance that such financing will be available or be available on favorable terms. An inability to raise additional financing may impact the future assessment of the Company as a going concern. The financial statements do not include adjustments to amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue operations.

In early March 2020, there was a global outbreak of coronavirus (COVID-19) that has resulted in changes in global supply and demand of certain mineral and energy products. These changes, including a potential economic downturn and any potential resulting direct and indirect negative impact to the Company cannot be determined, but they could have a prospective material impact to the Company's project exploration activities, cash flows and liquidity.

These material uncertainties may cast significant doubt upon the Company's ability to continue as a going concern.

2. BASIS OF PREPARATION

Statement of compliance

These unaudited condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"). Accordingly, these condensed interim financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting ("IAS 34"). These financial statements should be read in conjunction with the Company's audited financial statements for the fiscal year ended May 31, 2022.

Basis of measurement and presentation currency

These financial statements have been prepared on a historical cost basis except for certain financial assets measured at fair value. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

These financial statements are presented in Canadian dollars, which is also the functional currency of the Company.

2. BASIS OF PREPARATION (cont'd…)

Use of estimates and critical judgments

The preparation of these financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported revenues and expenses during the year.

Although management uses historical experience and its best knowledge of the amount, events or actions to form the basis for judgments and estimates, actual results may differ from these estimates.

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities in the event that actual results differ from assumptions made, relate to, but are not limited to, the following:

a) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the cash generating unit being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used for extrapolation purposes.

b) Taxes

Provisions for taxes are made using the best estimate of the amount expected to be paid based on a qualitative assessment of all relevant factors. The Company reviews the adequacy of these provisions at the end of the reporting period. However, it is possible that at some future date an additional liability could result from audits by taxing authorities. Where the final outcome of these tax-related matters is different from the amounts that were initially recorded, such differences will affect the tax provisions in the period in which such determination is made.

3. SIGNIFICANT ACCOUNTING POLICIES

These condensed interim financial statements have been prepared according to the same accounting policies and are subject to the same areas of judgement, measurement estimates and uncertainties as those disclosed in Note 3 of the Company's audited financial statements for the year ended May 31, 2022.

Mystery Property, Quebec

On June 9, 2017, the Company entered into a Property Purchase Agreement (the “Agreement”) with RSD Capital Corp. and Michel A. Lavoie (the “Vendors”) to acquire a 100% undivided interest in the Mystery Property comprising 66 mineral claims in the Urban-Barry Greenstone Belt region within the Abitibi sub-province, Quebec, Canada.

The Agreement provides that the Company will acquire a 100% interest in the Mystery Property in consideration for payment to the Vendors of an aggregate of $50,000 (paid), and issuing total of 1,000,000 common shares (issued, valued at $280,000) of the Company. The Vendors will retain a 2% NSR on the Mystery Property. The Company may elect to purchase one-half of the NSR from the Vendors for a payment of $500,000, thereby leaving the Vendors with the remaining 1%.

Touchdown Property, Quebec

On August 2, 2017, the Company entered into a Property Purchase Agreement (the “Agreement”) with RSD Capital Corp. and Michel A. Lavoie (the “Vendors”) to acquire the Touchdown Property comprising 48 mineral claims in the Urban-Barry Greenstone Belt region within the Abitibi sub-province, Quebec, Canada.

The Agreement provides that the Company will acquire a 100% interest in the Touchdown Property in consideration for payment to the Vendors of an aggregate of $60,000 (paid), and issuing total of 400,000 common shares (issued, valued at $156,000) of the Company. The Vendors will retain a 2% NSR on the Touchdown Property. The Company may elect to purchase one-half of the NSR from the Vendors for a payment of $1,000,000, thereby leaving the Vendors with the remaining 1%.

The Company also issued 150,000 shares (valued at $58,500) as a finder’s fee in connection with the acquisition.

4. EXPLORATION AND EVALUATION ASSETS – MINERAL PROPERTIES (cont'd…)

Xtra Point Property, Quebec

In April 2018, the Company acquired from an arm's length vendor a 100% interest in the Xtra Point Property located in the Urban BarryGold Camp, Barry Township, Québec. In consideration, the Company issued the vendor 10,000 common shares (issued, valued at $4,200). The vendor retains a 2% net smelter return royalty on the property. The Company has the option to reduce the royalty to a 0.5% net smelter return royalty for a cash payment to the vendor of $1,000,000.

Blitz Property, Quebec

In August 2018, the Company entered into a property purchase agreement with Mitchell E. Lavery, a director of the Company, to acquire a 100% interest in the Blitz Property located in Urban-Barry Greenstone Belt, Quebec. As per the agreement, the Company is to pay Mr. Lavery $8,000 in cash (paid) and issue 1,650,000 shares (issued and valued at $627,000), subject to a 2.5% net smelter return royalty.

5. AMOUNTS RECEIVABLE

6. LOAN FROM A RELATED PARTY

On February 1, 2022, the Company entered into a loan agreement with the CEO, pursuant to which the CEO loaned the Company $100,000. The loan bears an interest at 5% per annum, is unsecured and payable upon the request of the CEO, either in cash or shares, on the condition that the Company has sufficient resource and the repayment does not hinder the day-to-day operations of the Company.

The Company covenants and agrees that it will not (i) make a fundamental change in the nature of its business, (ii) sell, lease, transfer or dispose of all or substantially all of its business or undertaking, other than in a manner consistent with its investment objectives, strategy and guidelines, (iii) enter into any agreement or understanding with respect to any of the foregoing, and (iv) pay or use the loan provided here under for the purpose of paying anyone other than as previously agreed upon by the CEO.

On August 2, 2022, the Company fully repaid the loan principal of $100,000 and interest of $2,500, of which $1,666 was accrued as of May 31, 2022 and $834 was accrued in the three months ended August 31, 2022.

(Expressed in Canadian Dollars)

7. SHARE CAPITAL AND RESERVES

b) transfer of $6,964, the fair value of 50,000 options exercised, from reserve to share capital.

10. FINANCIAL AND CAPITAL RISK MANAGEMENT

Fair value

As at August 31, 2022, the Company's financial instruments comprise cash, amounts receivable, accounts payable and accrued liabilities due to related parties, and loan from a related party. The carrying values of amounts receivable, accounts payable and accrued liabilities, accounts payable to related parties, and loan from a related party approximate their fair values due to the relatively short periods to maturity of these financial instruments.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

Credit Risk

Credit risk is the risk of financial loss because a counter party to a financial instrument fails to discharge its contractual obligations.

The carrying amount of the Company's financial instruments best represents the maximum exposure to credit risk.

Liquidity Risk

The Company's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As at August 31, 2022, the Company had a cash balance of $660,034 (May 31, 2022 - $5,983) and current liabilities of $688,003 (May 31, 2022 - $805,705).

The Company has historically relied on equity and debt financings to satisfy its capital requirements and will continue to depend heavily upon equity capital and debt to finance its activities. There can be no assurance the Company will be able to obtain the required financing in the future on acceptable terms.

Interest rate risk

The Company is not exposed to risk in the event of interest rate fluctuations. The Company has not entered into any interest rate swaps or other financial arrangements that mitigate the exposure to interest rate fluctuations.

10. FINANCIAL AND CAPITAL RISK MANAGEMENT (cont'd…)

Foreign currency risk

The Company's functional currency is the Canadian dollar and the majority of its purchases are transacted in Canadian dollars. From time to time, the Company funds certain operations, exploration and administrative expenses in US dollars on a cash call basis using US currency converted from its Canadian dollar bank accounts held in Canada. Management believes the foreign exchange risk derived from currency conversions is not significant and therefore does not hedge its foreign exchange risk.

Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue the identification and evaluation of assets or a business and once identified or evaluated, to negotiate an acquisition or participation in a business subject to receipt of shareholder approval and acceptance by regulatory authorities. The Company relies mainly on equity issuances and loans from related parties to raise new capital. In the management of capital, the Company includes the components of shareholders' equity (deficiency). The Company prepares annual estimates of operating expenditures and monitors actual expenditures compared to the estimates in an effort to ensure that there is sufficient capital on hand to meet ongoing obligations. The Company's investment policy is to negotiate premium interest rates on savings accounts or to invest its cash in highly liquid short-term deposits with terms of one year or less and which can be liquidated at any time without interest penalty. The Company will require additional financing in order to provide working capital to fund costs for the current year. These financing activities may include issuances of additional debt or equity securities.

The Company currently is not subject to externally imposed capital requirements. There were no changes in the Company's approach to capital management.

11. EVENTS SUBSEQUENT TO THE REPORTING PERIOD

On September 23, 2022, the Company granted 350,000 stock options to two consultants. Each stock option entitles the holder to acquire one common share in the capital of the Company at a price of $0.40 per share till September 23, 2023.

On September 28, 2022, the Company issued 250,000 shares pursuant to the exercise of 250,000 stock options at $0.40 per share for total proceeds of $100,000.
