### GREYWACKE EXTENDS FINANCING

SASKATOON, May 30, 2016/CNW/ - Greywacke Exploration Ltd. (CSE: GWL) (“Greywacke” or the “Company”) announces that it intends to close the first tranche of its non-brokered private placement financing this week and that it is extending its non-brokered private placement, announced on March 3, 2016, by an additional 45 days. Under the terms of the placement, the Company can issue up to 10 million units at a price of five cents per unit for gross proceeds of up to \$500,000. Each unit consists of one common share and one non-transferable share purchase warrant, with each warrant being exercisable to purchase one additional common share at 10 cents per share for a period of 12 months from the date of closing.

Assuming the offering is fully subscribed, the Company intends to allocate the net proceeds as follows: (1) \$60,000 for current liabilities and trade payables; (2) \$300,000 to evaluate and conduct due diligence on potential gold properties; and (3) the balance for general working capital purposes.

Although the Company intends to use the proceeds of the offering as described above, the actual allocation of net proceeds may vary from the uses set forth above depending on future operations or unforeseen events or opportunities. If the offering is not fully subscribed, the Company will apply the proceeds of the offering to the above uses in priority and in such proportions as the board of directors and management of the Company determine is in the best interests of the Company.

Completion of the private placement is subject to receipt of all regulatory approvals, including the approval of the Canadian Securities Exchange. All securities issued pursuant to the private placement will be subject to a statutory four-month hold period.

A 7% commission or finders’ fee may be paid in cash or shares to registered dealers or qualified arm’s-length parties on the proceeds raised. Company insiders may participate in the private placement.

The Company confirms that although, currently, there is no material fact or material change related to the Company which has not been generally disclosed, the Company continues to review and conduct due diligence on a variety of gold projects in Canada.
