

## **Mainstream Minerals Corporation develops an in-house and dedicated geological team to advance its exploration projects**

**November 15<sup>th</sup>, 2011 – Winnipeg, MB**

**Mainstream Minerals Corporation (TSX.V: MJO)** (“Mainstream”) is pleased to announce that it is forming an in-house and dedicated geological team for the purposes of advancing its exploration projects. Brad Peters and Rory Ritchie, both of Vancouver, British Columbia, will be joining the company as geologists effective on December 1<sup>st</sup>, 2011. Both have initiated the process to obtain their P.Geo designation with the Association of Professional Engineers and Geoscientists of British Columbia.

### **Brad Peters B.Sc. (Earth & Ocean Sciences)**

Effective December 1<sup>st</sup>, 2011, Brad Peters will become the Vice-President, Exploration of Mainstream Minerals Corporation. Brad is a graduate of the University of British Columbia and holds a B.Sc. in Earth & Ocean Sciences. Brad has been responsible for the successful management of a variety of exploration programs in British Columbia, Yukon, Ontario, Arizona and Mexico.

Brad has worked on and is familiar with a variety of mineral deposit styles including porphyry copper-gold, high grade silver veins, structurally controlled gold systems and polymetallic epithermal systems.

### **Rory Ritchie H.B.Sc. (Chemistry), B.Sc. (Earth Sciences), GIT**

Effective December 1<sup>st</sup>, 2011, Mr. Ritchie will become the Field Exploration Manager for Mainstream Minerals Corporation. Rory graduated from The University of Western Ontario with an Honours B.Sc. in Chemistry in 2004. He spent some time working for ALS Chemex in North Vancouver running ICP-AES for the analysis of soil and rock samples, where he gained a glimpse into one aspect of mineral exploration. He then attended Simon Fraser University to complete a degree in Earth Sciences.

Rory has worked on grassroots exploration and drill programs around Central British Columbia, the Yukon Territory, Arizona, and most notably, Red Lake, ON, where he spent two years overseeing gold resource delineation and deep drilling campaigns with Mega Precious Metals Inc. (TSX.V: MGP).

Rory is fluent in GIS (Mapinfo) and Resource Modelling (GEMCOM) softwares. Rory is a member of the Association of Professional Engineers and Geoscientists as a Geoscientist-In-Training.

Mainstream President and Chief Executive Officer, Michael Romanik, says: “We are very pleased to have Brad and Rory join our team. Our shareholders can only benefit from having an in-house geotechnical team which is completely dedicated to the company and its exploration projects. This will ensure that our exploration programs are run as efficiently as possible. Rory’s experience in the Red Lake area will be a tremendous asset.”

## **About Mainstream Minerals**

Mainstream Minerals Corporation is a mineral exploration and development company focused on precious metal mining properties with economic potential, with the aim of bringing such properties to commercial production. With a portfolio of six projects located in the Birch Uchi Greenstone Belt, Red Lake Mining District, the company is well positioned to take advantage of the resurgence of exploration and development activities in this prospective belt located 80 kilometres due east of the main Red Lake Greenstone Belt. These six projects cover an area of approximately 28,600 acres and host several known gold occurrences and past producing mines. Other projects include the Rowan Lake project on the Cameron Lake-Pipestone Fault in the Kenora Mining District, the West Keefer and Price Claims located in the West Timmins area in north-central Ontario and the Casa Berardi Claims in northern Québec.

**MJO Shares Outstanding: 54,122,130**

ON BEHALF OF THE BOARD

Signed “Michael Romanik”
