

# **Mainstream Minerals Corporation announces the Closing of a First Tranche of a Non-Brokered Financing**

**June 29<sup>th</sup>, 2012 – Winnipeg, MB** – Mainstream Minerals Corporation (TSX-V: MJO) ("Mainstream") is pleased to announce that it has closed the second and final tranche of a non-brokered private placement that was initially announced on May 22<sup>nd</sup>, 2012, and the first tranche of which closed on June 8<sup>th</sup>, 2012. An aggregate total of 8,700,000 Units (as described below) were sold to subscribers resident in the Provinces of Ontario and Newfoundland at a purchase price of \$0.05 per Unit for aggregate gross proceeds of \$435,000.00.

Each Unit was comprised of one non-flow through common share of Mainstream (a "Common Share") and one half (1/2) of one non-flow through Common Share purchase warrant (each whole warrant a "Warrant"). Each whole Warrant may be exercised to purchase one Common Share upon payment \$0.10 for a period of 12 months following the date of issuance. A finder's fee equal to 6 % of the subscription proceeds was paid to registered dealers for services rendered in introducing certain subscribers to the offering (each, a "Finder"). In addition to the finder's fee, brokers warrants equivalent to 6% of the number of Units subscribed for in this non-brokered placement were paid to Finders. Each broker warrant can be exercised to purchase one non-flow-through Common Share upon payment of \$0.10 for a period of 12 months following the date of issuance.

The closing of this non-brokered private placement is subject to the approval of the TSX Venture Exchange Inc. The shares issued in connection with this non-brokered private placement will be subject to a four-month plus one-day hold period.

Mainstream Minerals intends to utilize the proceeds from the subscription for Units for working capital, general corporate purposes and for the maintenance of its mineral property claims.

## **About Mainstream Minerals**

Mainstream Minerals Corporation is a mineral exploration and development company focused on precious metal mining properties with economic potential, with the aim of possibly bringing such properties to commercial production. With a portfolio of six projects located in the Birch-Uchi Greenstone Belt, Red Lake Mining District, the company is well positioned to take advantage of the resurgence of exploration and development activities in this prospective belt located 80 kilometres due east of the main Red Lake Greenstone Belt. These six projects cover an area of approximately 28,600 acres and host several known gold occurrences and past producing mines. Other projects include the recently optioned Rowan Lake Project on the Cameron Lake-Pipestone Fault in the Kenora Mining District, the West Keefer Claims located in the West Timmins area in north-central Ontario and the Casa Berardi Claims in northern Québec.
