

Otterburn Appoints President

Vancouver, BC – June 6, 2011, Otterburn Ventures Inc. (the "Company" or "Otterburn") (CNSX: OTB) is pleased to announce that Steven M. Green has been appointed as President of the Company.

CEO, Peter Hughes comments, "With his vast exploration and management experience, Mr. Green will be a positive addition to the Otterburn management team."

Mr. Green is a professional geologist with over 25 years experience in base and precious metal exploration. He spent 20 years exploring for precious metals ranging from prospecting to managing million dollar joint ventures for senior mining companies, such as Freeport McMoRan, Noranda, Santa Fe Pacific Gold and Cambior. Prior to joining Otterburn as President he managed the geologic data operations for Fronteer Gold USA and supported the newly discovered Long Canyon deposit. Fronteer has recently been acquired by Newmont Mining.

About Otterburn

Otterburn's present focus is to develop its portfolio of four gold projects in the famous gold-producing Lake Victoria Greenstone Belt in Tanzania, East Africa. Otterburn's objective is to create another gold mine in this region.

Otterburn is well funded with approximately \$6 million in cash, and currently has 34.9 million shares issued and outstanding.
