**For Immediate Release**

## **MICRON WASTE TECHNOLOGIES TO PRESENT PLAN FOR CANNABIS WASTE DISPOSAL**

**Ottawa, Ontario, March 27, 2018** – The Senate Standing Committee on Agriculture and Forestry will hear testimony regarding cannabis disposal and its effects on the environment from Micron Waste Technologies Inc. President Alfred Wong and Board Member Cam Battley, who is also Chief Corporate Officer of Aurora Cannabis Inc. The testimony is expected to cover current and future cannabis waste disposal issues, including:

- Disposal of illegal cannabis cultivated for the black market
- Projections for the growth in cannabis waste, post-legalization
- Canadian innovation in agriculture technology and new environmentally-friendly disposal methods

Date	Tuesday, March 27, 2018
Time	6 pm EDT
Location	Room 2, Victoria Building, 140 Wellington Street

### **About Micron Waste Technologies**

Micron Waste Technologies Inc. (CSE:MWM) (OTC:MICWF) (Frankfurt:7FM2) is a Canadian innovator in organic waste management. The company has developed novel technologies to extract clean water from organic food and cannabis waste, servicing the grocery, cannabis cultivator and restaurant sectors.

In January 2018, Micron finalized a collaboration agreement with Aurora Cannabis Inc., a leading Canadian licensed cannabis producer ("Aurora") (TSX: ACB) (OTCQB: ACBFF)

(Frankfurt: 21P; WKN: A1C4WM) for the treatment of organic waste generated in the cultivation and production of cannabis products.
