### **Micron Waste Provides Corporate Update**

**Vancouver, April 16, 2020** – Micron Waste Technologies Inc. (“Micron” or the “Company”) (CSE: MWM, OTC: MICWF, Frankfurt: 7FM2, OTCQB”MICWF), is pleased to provide the following corporate update. Micron is a research, development and manufacturing company that is engaged in the development of waste reduction equipment utilizing proprietary biological agents. It is currently developing its Cannavore and Organivore waste digesters at its manufacturing and R&D facility in Delta, British Columbia. The Company has been exploring utilizing its excess manufacturing capacity and expertise in new or complimentary business industries to potentially add to its product offerings. However, the Company has no agreement or transaction at this time in connection therewith. The Company will provide further information in the event that the Company does expand its business.
