TrackLoop Analytics Announces Sale of Chaintrack Technologies Inc.

VANCOUVER, BC – September 26, 2019 – TrackLoop Analytics Corp. (the “**Company**” or “**TrackLoop**”) (CSE: TOOL, FWB: B2IN) an analytics software company announces the sale of all of the outstanding shares it holds in ChainTrack Technologies Inc. (“**ChainTrack**”), a company providing Internet-of-Things (IoT) powered supply chain tracking solutions, including environmental controlled monitoring for fresh and frozen deliveries and transportation of regulated products across various industries. The Company also announces the appointment of Stephen Ross Gatsensbury to the board of directors on the 3rd of September, 2019.

On September 24, 2019 (the “**Closing Date**”), the Company completed the sale of the shares of ChainTrack. The Company will also be providing the purchaser with a promissory note in the amount of \$37,500. All assets of Chaintrack, including intellectual property and digital assets associated with ChainTrack’s Track and Trace Platform will remain the property of ChainTrack. Trackloop will continue its focus on development and deployment of its diverse set of supply chain analytics, business intelligence and traceability compliance solutions for regulated goods.

Mr. Gatsensbury is a business and marketing consultant and has managed investor relations and worked in corporate development over the past 15 years. Previously Mr. Gatsensbury was a broker with Continental Securities, Yorkton Securities and Georgia Pacific Securities. Mr. Gatsensbury is a director of a number of public companies.

Forward-Looking Information

This news release contains forward-looking information based on current expectations. Statements about the Company's plans and intentions, signing contracts, potential revenues, other potential transactions, the Private Placement, product development, events, courses of action, and the potential of the Company's technology and operations, among others, are all forward-looking information. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding looking wording such as "may", "expect", "estimate", "anticipate", "intend", "believe" and "continue" or the negative thereof or similar variations. The reader is cautioned that assumptions used in the preparation of any forward-looking information may prove to be incorrect. Events or circumstances may cause actual results to differ materially from those predicted, as a result of numerous known and unknown risks, uncertainties, and other factors, many of which are beyond the control of the Company, including but not limited to, business, economic and capital market conditions; the ability to manage operating expenses, which may adversely affect the Company's financial condition; the ability to remain competitive as other better financed competitors develop and release competitive products; regulatory uncertainties; market conditions and the demand and pricing for products; security threats; relationships with its customers, distributors and business partners; the ability to successfully define, design and release new products in a timely manner that meet customers' needs; the ability to attract, retain and motivate qualified personnel; competition in the industry; the impact of technology changes on the products and industry; failure to develop new and innovative products; the ability to successfully maintain and enforce our intellectual property rights and defend third-party claims of infringement of their intellectual property rights; the impact of intellectual property litigation that could materially and adversely affect the business; the ability to manage working capital; and the dependence on key personnel. TrackLoop may not actually achieve its plans, projections, or expectations. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which the Company will operate in the future, including the demand for its products, the ability to successfully develop software, that there will be no regulation or law that will prevent the Company from operating its business, anticipated costs, the ability to achieve goals. Given these risks, uncertainties and assumptions, you should not place undue reliance on these forward-looking statements.

Factors that could cause the actual results to differ materially from those in forward-looking statements include, failure to obtain regulatory approval, the continued availability of capital and financing, the impact of technology changes on the industry, competition, security threats, consumer sentiment towards TrackLoop's products, services and blockchain technology generally, failure to develop new and innovative products, litigation, increase in operating costs, lack of demand for TrackLoop's products and services, increase in labor costs, failure of counterparties to perform their contractual obligations, government regulations, loss of key employees and consultants, and general economic, market or business conditions. Forward-looking statements contained in this news release are expressly qualified by this cautionary statement. The reader is cautioned not to place undue reliance on any forward-looking information.

The forward-looking statements contained in this news release are made as of the date of this news release. Except as required by law, the Company disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, the Company undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

The CSE has not reviewed, approved or disapproved the content of this news release.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.
