Notes to the Condensed Interim Consolidated Financial Statements

May 31, 2021 and 2020

(Expressed in Canadian Dollars)

---

### **1. NATURE OF OPERATIONS AND GOING CONCERN**

Blackchain Solutions Inc. (the “Company”) was incorporated pursuant to the Business Corporations Act (British Columbia) on July 10, 2007. On September 21, 2018, the Company changed its name to Trackloop Analytics Corp. The Company was a software sales and consulting company engaged in the business of providing software solutions and consulting services to financial institutions to meet their regulatory obligations. On September 26, 2018, the Company acquired Chaintrack Technologies Inc. (“Chaintrack”) and on September 24, 2019, the Company disposed Chaintrack.

On October 25, 2019, the Company completed a share consolidation on the basis of 20 old shares for 1 new share. These share consolidations have been retroactively presented in these consolidated financial statements and all share amounts, including per share amounts, reflect the share consolidations. The Company also changed its name to Tracker Ventures Corp.

On July 13, 2021, the Company completed the reverse takeover transaction with Kontakt World Technologies Corp., Kontakt, LLC and the shareholders of Kontakt World Technologies Corp. The Company also changed its name to Kontakt World Technologies Corp.

The head office, address and records office of the Company are located at Suite 750 – 1095 West Pender Street, Vancouver, BC, Canada, V6E 2M6.

These condensed interim consolidated financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company was not expected to continue operations for the foreseeable future. At May 31, 2021, the Company has not achieved profitable operations, has accumulated losses of \$9,121,724 since inception and expects to incur further losses in the development of its business. The above material uncertainties cast significant doubt about the Company’s ability to continue as a going concern. The Company’s continuation as a going concern is dependent upon successful results from its operations, its ability to attain profitable operations to generate funds, and/or its ability to raise equity capital or borrowings sufficient to meet its current and future obligations. Although the Company has been successful in the past in raising funds to continue operations, there is no assurance it will be able to do so in the future.

There was a global pandemic outbreak of COVID-19. The actual and threatened spread of the virus globally has had a material adverse effect on the global economy and, specifically, the regional economies in which the Company operates. The pandemic could continue to have a negative impact on the stock market, including trading prices of the Company’s shares and its ability to raise new capital. These factors, amongst others, could have a significant impact on the Company’s operations.

### **2. BASIS OF PRESENTATION**

#### Statement of Compliance

These condensed interim consolidated financial statements, including comparatives, have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”), Interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”) and in accordance with International Accounting Standard (“IAS”) 34 Interim Financial Reporting. In addition, these condensed interim consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The condensed interim consolidated financial statements are presented in Canadian dollars which is also its functional currency.

**2. BASIS OF PRESENTATION (Continued)**

Statement of Compliance (continued)

These condensed interim consolidated financial statements were reviewed by the Audit Committee and approved and authorized for issue by the Board of Directors on July 30, 2021.

Basis of Consolidation

These consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, 1276313 B.C. Ltd.

Basis of Measurement

The preparation of condensed interim consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, profit and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if the review affects both current and future periods. See Note 4 for use of estimates and judgements made by management in the application of IFRS.

**3. SIGNIFICANT ACCOUNTING POLICIES**

The preparation of financial data is based on accounting principles and practices consistent with those used in the preparation of the audited consolidated financial statements as at August 31, 2020. The accompanying unaudited condensed interim consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements for the year ended August 31, 2020.

**4. USE OF ESTIMATES AND JUDGMENTS**

The Company makes estimates and assumptions about the future that affect the reported amounts of assets and liabilities. Estimates and judgments are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions.

The effect of a change in an accounting estimate is recognized prospectively by including it in comprehensive loss in the year of the change, if the change affects that year only, or in the year of the change and future years, if the change affects both.

Information about critical judgments in applying accounting policies that have the most significant risk of causing material adjustment to the carrying amounts of assets and liabilities recognized in the consolidated financial statements within the next financial year are discussed below:

**Going concern**

The assessment of the Company's ability to continue as a going concern require significant judgement. See Note 1.

### **7. FINANCIAL INSTRUMENTS AND RISK**

#### *Fair values*

The Company's financial instruments include cash, loan receivable, and accounts payable and accrued liabilities. The carrying amounts of these financial instruments are a reasonable estimate of their fair values because of their current nature.

The Company classifies its fair value measurements in accordance with an established hierarchy that prioritizes the inputs in valuation techniques used to measure fair value as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 – Inputs that are not based on observable market data.

As at May 31, 2021, the Company did not recognize any financial assets or liabilities at their fair value.

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash. To minimize the credit risk, the Company places cash with financial institutions. The carrying value of cash and loan receivable is the Company's maximum exposure to credit risk as at May 31, 2021.

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company has a planning and budgeting process in place to help determine the funds required to support the Company's normal operating requirements on an ongoing basis. The Company ensures that there are sufficient funds to meet its short-term business requirements, taking into account its anticipated cash flows from operations and its holdings of cash. As at May 31, 2021, the Company had a working capital of \$1,084,465. Management is considering different alternatives to secure adequate debt or equity financing to meet the Company's short term and long term cash requirement.

At present, the Company's operations do not generate cash flow. The Company's primary source of funding has been the issuance of equity securities. Despite previous success in acquiring financing, there is no guarantee of obtaining future financings.

### **8. CAPITAL MANAGEMENT**

The Company manages its capital structure in order to ensure sufficient resources are available to meet operational requirements and safeguard its ability to continue as a going concern. There are no externally imposed capital requirements on the Company. Management considers the items included in shareholders' equity (deficit) as capital. The Company manages the capital structure and makes adjustments to it in response to changes in economic conditions and the risk characteristics of the underlying assets. The Company's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to fund the operation of the Company. To secure the additional capital necessary to pursue these plans, the Company intends to raise additional funds through equity or debt financing. There were no changes to the Company's approach to capital management during the period ended May 31, 2021.

**9. DISCONTINUED OPERATIONS**

On September 24, 2019, the Company entered into a share purchase agreement with one of the former shareholders of Chaintrack (the "Purchaser"), wherein the Company agreed to sell all of the issued and outstanding shares in the capital of Chaintrack, issue a promissory note in the amount of \$37,500 (paid) in favour of the purchaser and consent to the Purchaser the use of the name Trackloop Analytics Corp.

As a result, Chaintrack's operations have been reclassified as discontinued operations.

The following summarizes the accounting information relating to the discontinued operations as at May 31, 2021 and 2020.

**10. SHARE EXCHANGE TRANSACTION**

On October 29, 2020, the Company entered into a definitive share exchange agreement (the "**Definitive Agreement**") with Kontakt World Technologies Corp. ("**Contact Parentco**"), Kontakt, LLC and the shareholders of Kontakt Parentco as of this date (the "**Founding Kontakt Shareholders**") to indirectly acquire a 100% interest in Kontakt, LLC, a technology company modernizing the contact tracing process through next-gen data integrations, strategic health partnerships and respect for user privacy to empower and build mutual trust within communities (the "**Acquisition**"). Kontakt Parentco holds 100% of the membership interests in Kontakt, LLC.

On December 3, 2020, the Definitive Agreement was superseded by an amalgamation agreement (the "Amalgamation Agreement"). The Amalgamation Agreement provides for, among other things:

- (i) the Founding Kontakt Shareholders exchanging their common shares in Kontakt Parentco for an aggregate of 17,160,364 Subordinate Voting Shares of the Company and 100,497 Compressed Shares of the Company;
- (ii) the Non-Founding Kontakt Shareholders exchanging their common shares in Kontakt Parentco for Subordinate Voting Shares of Tracker on a 1:1 basis;
- (iii) common share purchase warrants of Kontakt Parentco being exchanged for warrants of the Company having equivalent terms on a 1:1 basis;
- (iv) the Company issuing 5,500,000 restricted share units ("**RSUs**") on closing to consultants, such RSUs to vest on a quarterly basis over the 21 months following the Transaction;

### **10. SHARE EXCHANGE TRANSACTION (Continued)**

- (v) the Company issuing 3,000,000 performance warrants to Justin Beck pursuant to his employment agreement upon achieving certain milestones described therein; and
- (vi) the Company agreeing to issue the number of performance warrants equal to 5% of the then-outstanding share capital to Justin Beck on achievement of a listing on the Nasdaq Capital Markets, the New York Stock Exchange, or the Members Exchange.

Completion of the transactions contemplated under the Amalgamation Agreement is subject to the satisfaction of various conditions as are standard for a transaction of this nature, including but not limited to (i) the approval by the shareholders of the Company, (ii) execution of a pooling agreement by the Founding Vendors respecting the quarterly release of 87.5% of the consideration shares over the 21 months following the closing, (iii) the absence of any material adverse change, material litigation, claims, investigations or other matters, including any subsidiaries or related companies of the Company and Contact Parentco; and (iv) receipt of all requisite regulatory, stock exchange, court or governmental authorizations and consents, including the Canadian Securities Exchange. There can be no assurance that the transactions contemplated under the Tracker Amalgamation Agreement will be completed on the terms proposed above or at all.

In connection with the Acquisition, on October 29, 2020, the Company entered into a loan agreement with Kontakt, LLC whereby the Company agreed to provide to Kontakt, LLC a credit facility (the "Facility") in the amount of up to \$1,000,000, maturing October 29, 2021 ("Maturity Date"). If the Acquisition is terminated or abandoned before the Maturity Date, amounts due under the Facility will mature and become payable within 90 days of such termination or abandonment, as the case maybe; and if the Acquisition is completed before the Maturity Date, amounts due under the Facility will become payable on the Maturity Date.

The Company is also proposing a reorganization of its share structure to facilitate the completion of the Acquisition.
