

Condensed Interim Financial Statements

For the Six Months Ended May 31, 2024

Unaudited

*Presented in Canadian Dollars*

July 23, 2024

## **MANAGEMENT'S RESPONSIBILITY FOR THE CONDENSED INTERIM FINANCIAL STATEMENTS**

The accompanying unaudited condensed interim financial statements of Voyageur Mineral Explorers Corp. ("**Voyageur**") are the responsibility of the Board of Directors and executive management. The unaudited condensed interim financial statements have been prepared by management, on behalf of the Board of Directors, in accordance with International Financial Reporting Standards ("**IFRS**") as issued by the International Accounting Standards Board. These unaudited condensed interim financial statements do not include all of the disclosures required for annual financial statements and therefore should be read in conjunction with Voyageur's audited annual financial statements and notes thereto for the year ended November 30, 2023. These unaudited condensed interim financial statements follow the same significant accounting policies and methods of application as those included in Voyageur's most recent audited annual financial statements, except as described in note 3. Management acknowledges responsibility for the preparation and presentation of the consolidated financial statements, including responsibility for significant accounting judgments and estimates and the choice of accounting principles and methods that are appropriate to Voyageur's circumstances. In the opinion of management, the unaudited condensed interim financial statements have been prepared within acceptable limits of materiality and are in accordance with International Accounting Standard 34, Interim Financial Reporting using accounting policies consistent with IFRS appropriate in the circumstances.

Management has established processes, which are in place to provide it sufficient knowledge to support management representations that it has exercised reasonable diligence that (i) the unaudited condensed interim financial statements do not contain any untrue statement of material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it is made, as of the date of, and for the periods presented by, the unaudited condensed interim financial statements and (ii) the unaudited condensed interim financial statements fairly present in all material respects the financial condition, results of operations and cash flows of Voyageur, as of the date of and for the period presented by the unaudited condensed interim financial statements.

The Board of Directors is responsible for reviewing and approving the financial statements and for ensuring that management fulfills its financial reporting responsibilities. An Audit Committee assists the Board of Directors in fulfilling this responsibility. The Audit Committee meets with management to review the internal controls over the financial reporting process, the financial statements and the auditors' report. The Audit Committee also reviews Voyageur's Management's Discussion and Analysis to ensure that the financial information reported therein is consistent with the information presented in the financial statements. The Audit Committee reports its findings to the Board of Directors for its consideration in approving the financial statements for issuance to the shareholders.

Management recognizes its responsibility for conducting Voyageur's affairs in compliance with established financial standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

(Signed) "Fraser Laschinger"

Fraser Laschinger  
President & Chief Executive Officer

### **NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS**

Unaudited and Presented in Canadian Dollars

For the six months ended May 31, 2024 and May 31, 2023

---

#### **1. NATURE OF OPERATIONS AND GOING CONCERN**

Voyageur Mineral Explorers Corp. (formerly "Copper Reef Mining Corporation") was incorporated on January 8, 2004 under the Business Corporations Act (Ontario) and is a publicly listed Canadian junior resource company with exploration and evaluation assets in Canada, trading under the symbol "**VOY**" on the Canadian Securities Exchange ("**CSE**").

On August 15, 2020, Copper Reef Mining Corporation changed its name to Voyageur Mineral Explorers Corp. ("**Voyageur**" or the "**Company**"). Voyageur is engaged in the identification, acquisition, exploration and evaluation of base metals and gold properties. To date, Voyageur has not earned any revenue from operations. The Company's registered office is located at Suite 301, 141 Adelaide Street West, Toronto, Ontario, Canada, M5H 3L5.

The condensed interim financial statements for the six months ended May 31, 2024 were approved for issuance by the Board of Directors on July 23, 2024.

The business of mining and exploring for minerals involves a high degree of risk and there can be no assurance that current exploration programs will result in profitable mining operations. The recoverability of the amounts expended on exploration and evaluation assets and the Company's continued existence is dependent upon the preservation of its interest in the underlying properties, the discovery of economically recoverable reserves, the achievement of profitable operations, or, if necessary, or alternatively upon the Company's ability to dispose of its interests on an advantageous basis.

Although the Company has taken steps to verify title to the properties on which it is conducting exploration and in which it has an interest, in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements, unregistered claims, other land claims and non-compliance with regulatory, social and environmental requirements. These condensed interim financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. These adjustments could be material.

#### **2. BASIS OF PRESENTATION**

##### **(a) Statement of Compliance to International Financial Reporting Standards**

These unaudited condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards ("**IFRS**") issued by the International Accounting Standards Board ("**IASB**") and interpretations of the International Financial Reporting Interpretations Committee ("**IFRIC**") and have been consistently applied to all the years presented unless otherwise noted. The principal accounting policies applied in the preparation of these condensed interim financial statements are set out below.

These unaudited condensed financial statements have been prepared on a historical cost basis except for financial instruments carried at fair value. In addition, these financial statements have been prepared using the accrual basis of accounting except for cash flow information.

##### **(b) Basis of Presentation**

These unaudited condensed interim financial statements include the accounts of Voyageur. This interim financial report does not include all of the information required of a full annual financial report and is intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Company for the year ended November 30, 2023.

**VOYAGEUR MINERAL EXPLORERS CORP.**

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS**

Unaudited and Presented in Canadian Dollars

For the six months ended May 31, 2024 and May 31, 2023

**3. SIGNIFICANT ACCOUNTING POLICIES**

The financial framework and accounting policies applied in the preparation of these unaudited condensed interim financial statements are consistent with those as disclosed in its most recently completed audited financial statements for the fiscal year ended November 30, 2023.

**(a) Changes in Accounting Policies**

The Company did not adopt any new accounting policies during the six months ended May 31, 2024.

**4. CRITICAL ACCOUNTING ESTIMATES AND SIGNIFICANT JUDGEMENTS**

The preparation of these unaudited condensed interim financial statements requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual outcomes could differ from these estimates. These unaudited condensed interim financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the financial statements, and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods if the revision affects both current and future periods. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Significant assumptions about the future and other sources of estimation and judgmental uncertainty that management has made at the reporting date, that could result in a material adjustment to the carrying amounts of assets and liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the following:

- (i) the calculation of the fair value of warrants, broker warrants and stock options issued by Voyageur requires the use of estimates of inputs in the Black-Scholes option pricing valuation model;
- (ii) the calculation of the reclamation liability and provision for service obligation, being the present value of the estimated costs to restore the properties is discounted at rates which reflect current market assessments and the risks specific to the liability. The calculation requires management to estimate the total restoration costs, timing of remediation and an appropriate discount rate; and
- (iii) valuation of deferred income taxes.

**5. PREPAID EXPENSES**

The Company's prepaid expenses are broken down as follows:

| As at                                   | May 31,<br>2024 | November 30,<br>2023 |
|---|-----------------|----------------------|
| Directors' & Officers' Liability Policy | \$ 1,570        | \$ 7,004             |
| Security Deposit (Rent)                 | 2,000           | 2,000                |
| <b>Prepaid Expenses</b>                 | <b>\$ 3,570</b> | <b>\$ 9,004</b>      |

## VOYAGEUR MINERAL EXPLORERS CORP.

### NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

Unaudited and Presented in Canadian Dollars

For the six months ended May 31, 2024 and May 31, 2023

---

#### 7. EXPLORATION AND EVALUATION ASSETS (continued)

##### Big Island Group, Manitoba

The Big Island properties, including Tara, are spatially sub-divided into East and West continuous claim blocks.

##### Alberts Lake Group, Manitoba

The Alberts Lake Group includes the following mineral properties: Alberts Lake, Lew, Amulet, Mike, Mur and Hanna. All claims are 100% owned by the Company, with the exception of Mike 1 (15% net profits interest ("NPI") and Mur 6 (2% net smelter return ("NSR") royalty).

On May 20, 2024, Voyageur announced that it has entered into an option agreement (the "Option") with Callinex Mines Inc. ("Callinex"), whereby Callinex may acquire a 100% interest in the Company's Albert's Lake project, located approximately 20km east of Flin Flon, Manitoba. In order to exercise the Option, Callinex must issue to the Company a total of \$650,000 worth of common shares as follows:

- \$75,000 on the date of Exchange acceptance of the Option;
- \$125,000 on the first anniversary of signing;
- \$150,000 on the second anniversary of signing;
- \$150,000 on the third anniversary of signing; and
- \$150,000 on the fourth anniversary of signing.

Upon exercise of the Option, Voyageur will be granted a 1.5% net smelter return ("NSR") royalty, of which one third (being 0.5%) may be repurchased for \$500,000.

##### Mink Narrows Group, Manitoba

The Mink Narrows Group includes the Mink Narrows, Mystic and Payuk mineral properties. The claims are 100% owned by the Company.

On April 5, 2024, the Company announced that it has entered into an option agreement with African Energy Metals Inc. ("AEM"), whereby AEM may acquire a 100% interest in the Company's Mink Narrows project, located 25km southeast of Flin Flon, Manitoba. Pursuant to the option agreement, AEM may acquire the 100% interest by fulfilling the following conditions over a period of four years:

- Annual cash payments totaling \$55,000 over the four years, including \$10,000 upon TSX Venture Exchange approval of the option agreement;
- Issuing the greater of 1,800,000 common shares of AEM or \$300,000 worth of common shares of AEM over four years, including 200,000 common shares upon TSX Venture Exchange approval of the option agreement;
- Completing exploration expenditures aggregating \$1,000,000, including \$300,000 in year one; and
- Granting Voyageur a 2% net smelter return ("NSR") royalty upon the exercise of the option agreement.

Immediately prior to entering the option agreement with AEM, Voyageur and Laser Gold Resources Inc. entered into a termination agreement, whereby both parties mutually agreed to terminate the previous option agreement on the Mink Narrows project.

Subsequent to period end, Voyageur announced that AEM terminated the option agreement to acquire a 100% interest in Voyageur's Mink Narrows (see note 15).

**VOYAGEUR MINERAL EXPLORERS CORP.**

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS**

Unaudited and Presented in Canadian Dollars

For the six months ended May 31, 2024 and May 31, 2023

**7. EXPLORATION AND EVALUATION ASSETS (continued)**

**Gold Rock Group, Manitoba**

The Gold Rock Group includes the Gold Rock, North Star and Star mineral properties, the North Star mining lease and the Gold Rock mining lease. The North Star mineral property and mining lease are subject to 2% NSR. The Gold Rock Mining Lease is 100% owned by the Company, subject to a 2% NSR. In addition, the NSR holder retains a 25% NPI in the first 25 feet below surface of vein material as currently documented. Also included in the Gold Rock Group is the 100% owned Murr claim, subject to a 1% NSR.

During 2022, the Company announced that it entered into an option agreement with Laser Gold whereby Laser Gold may acquire a 100% interest in the Company's North Star – Gold Rock project. Pursuant to the option agreement, Laser Gold may acquire the 100% interest by fulfilling the following conditions over a period of four years:

- Annual cash payments totaling \$65,000 over the four years, including \$10,000 received on signing the Option;
- Issuing such number of common shares equal to 9.9% of the issued and outstanding common shares of Laser on a fully-diluted basis after the completion of a minimum capital raise of \$950,000;
- Issuing a total of an additional \$75,000 in common shares over the third and fourth anniversaries of the Option;
- Completing exploration expenditures aggregating \$1,350,000; and
- Granting Voyageur a 2% net smelter return royalty upon the exercise of the Option.

As of May 31, 2024, the cash payment of \$10,000 that was due on the first anniversary date was outstanding. Subsequent to period end, Voyageur provided a notice of termination to Laser Gold of the option agreement for non-completion of the payment and work commitment required within the prescribed timeframes (see note 15).

**Hanson Lake, Saskatchewan**

The Hanson Lake Property consists of a single claim located in the Hanson Lake area of Saskatchewan.

**Smelter/Bartley Group, Manitoba**

The Smelter Group includes three contiguous Smelter claims and six Bartley Lake claims. The Smelter claims are 100% owned by the Company.

**VOYAGEUR MINERAL EXPLORERS CORP.**

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS**

Unaudited and Presented in Canadian Dollars

For the six months ended May 31, 2024 and May 31, 2023

**9. SHARE CAPITAL (continued)**

**(c) Share based payment reserve (continued)**

**Equity Incentive Plan**

The shareholders of Voyageur have approved an omnibus equity incentive plan (the “**Equity Incentive Plan**”). The Equity Incentive Plan is a “rolling evergreen” plan and provides that the number of common shares of the Company available for issuance from treasury under the Equity Incentive Plan or any other security based compensation arrangement, subject to adjustments, shall not exceed 10% of the issued and outstanding common shares of the Company at the time of grant. Any increase in the issued and outstanding common shares of Company will result in an increase in the available number of common shares issuable under the Equity Incentive Plan. Any issuance of common shares from treasury pursuant to the settlement of stock options or share units granted pursuant to the Equity Incentive Plan shall automatically replenish the number of common shares issuable under the Equity Incentive Plan. When each option or share unit is exercised or settled (as applicable), cancelled or terminated, a common share shall automatically be made available for the grant of a stock option/share unit under the Equity Incentive Plan.

**Stock Options**

The Equity Incentive Plan provides for the issuance of stock options to acquire common shares to employees, directors, officers, consultants, and management of Voyageur. The period within which stock options may be exercised and the number of stock options which may be exercised in any such period are determined by the Board of Directors at the time of grant of such stock options, however, that the maximum term of any stock option awarded under the Equity Incentive Plan is ten (10) years. The exercise price per common shares under a stock option is determined by the Board of Directors, but in any event, shall not be lower than the “market price” of the common shares on the date of grant of the stock option.

|   | Number of<br>options | Weighted<br>average<br>exercise price |
|---|----------------------|---------------------------------------|
| Balance - November 30, 2022                         | 2,425,000            | \$ 0.42                               |
| <b>Balance - November 30, 2023 and May 31, 2024</b> | <b>2,425,000</b>     | <b>\$ 0.42</b>                        |

A summary of Voyageur’s outstanding stock options at May 31, 2024 is presented below:

| Grant date        | Options<br>outstanding | Options<br>exercisable | Exercise price | Weighted average<br>remaining life<br>(years) |
|-------------------|------------------------|------------------------|----------------|---|
| February 6, 2020  | 675,000                | 675,000                | \$0.40         | 0.7   |
| October 5, 2020   | 450,000                | 450,000                | \$0.40         | 1.3   |
| October 20, 2021  | 600,000                | 600,000                | \$0.47         | 2.4   |
| November 16, 2022 | 700,000                | 700,000                | \$0.40         | 3.5   |
|                   | 2,425,000              | 2,425,000              | \$0.42         | 2.0   |

**VOYAGEUR MINERAL EXPLORERS CORP.**

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS**

Unaudited and Presented in Canadian Dollars

For the six months ended May 31, 2024 and May 31, 2023

**9. SHARE CAPITAL (continued)**

**(c) Share based payment reserve (continued)**

Option pricing models require the use of highly subjective estimates and assumptions including the expected stock price volatility. Volatility is based on the historical volatility of Voyageur. Changes in the underlying assumptions can materially affect the fair value estimates. The options issued to non-employees were valued using the fair value of the equity instrument granted in the absence of a reliable estimate of the fair value of the goods or services received.

During the six months ended May 31, 2024, no stock options were issued.

**Deferred Share Units and Restricted Share Units**

The Equity Incentive Plan provides for the issuance of share units to employees, directors, officers and consultants of the Company. Share units are units created by means of an entry on the books of Company representing the right to receive one common share (subject to adjustments) issued from treasury per share unit. The number of share units granted and any applicable vesting conditions are determined in the discretion of the Board of Directors (or a committee thereof) on the date of grant. In granting share units, the Board of Directors (or a committee thereof) may include other terms, conditions, and/or vesting criteria which are not inconsistent with the Equity Incentive Plan. Share units are settled by way of issuance of common shares from treasury as soon as practicable following the maturity date in accordance with the Equity Incentive Plan.

The grant date fair value of the share units equals the fair market value of the corresponding shares at the grant date. The fair value of these equity-settled awards is recognized as compensation expense with a corresponding increase in equity. The total amount expensed is recognized over the vesting period, which is the period over which all the specified vesting conditions should be satisfied.

During the six months ended May 31, 2024 and May 31, 2023, no deferred share units or restricted share units were granted. As at May 31, 2024 and May 31, 2023 no deferred share units or restricted share units are outstanding.

**10. RELATED PARTY DISCLOSURES**

**(a) Director and Executive Management Compensation**

Directors and executive management's compensation for the six months ended May 31, 2024 and May 31, 2023 consisted of the following:

| For the six months ended | May 31,<br>2024  | May 31,<br>2023  |
|--------------------------|------------------|------------------|
| Cash compensation        | \$ 62,500        | \$ 62,500        |
| Stock based compensation | -                | -                |
|                          | <b>\$ 62,500</b> | <b>\$ 62,500</b> |

In accordance with IAS 24, key management personnel are those persons having authority and responsibility for planning, directing, and controlling the activities of the Company directly or indirectly, including any directors (executive and non-executive) of the Company. The remuneration of directors and key executives is determined by the compensation committee having regard to the performance of individuals and market trends.

(1) During the six months ended May 31, 2024, Voyageur paid financial consulting fees of \$25,000 (six months ended May 31, 2023 - \$25,000) to 2839662 Ontario Inc., a company controlled by Marina Katsimitsoulas, the Chief Financial Officer of Voyageur. At May 31, 2024, the balance owed was \$nil (May 31, 2023 - \$nil).

(2) During the six months ended May 31, 2024, Voyageur paid rent expense of \$17,310 (six months ended May 31, 2023 - \$17,310) to 2756189 Ontario Inc., a wholly-owned subsidiary of Northfield Capital Corporation, of which Robert Cudney is an Officer and Director. At May 31, 2024, the balance owed was \$nil (May 31, 2023 - \$nil).

The amounts owing to related parties are unsecured and non-interest bearing with no fixed terms of repayment.

#### 11. MANAGEMENT OF CAPITAL RISK

Voyageur's capital management objective is to obtain adequate levels of funding to support its exploration activities, to obtain corporate and administrative functions necessary to support organizational functioning and obtain sufficient funding to further the identification and development of precious metal deposits. Achieving this objective requires management to consider the underlying nature of exploration activities, availability of capital, the cost of various capital alternatives and other factors.

Voyageur raises capital, as necessary, to meet its needs and take advantage of perceived opportunities and, therefore, does not have a numeric target for its capital structure. Funds are primarily secured through equity capital raised by way of private placements. There can be no assurance that Voyageur will be able to continue raising equity capital in this manner.

Establishing and adjusting capital requirements is a continuous management process. Exploration involves a high degree of "discovery" risk and substantial uncertainties about the ultimate ability of Voyageur to achieve positive cash flows from operations. Consequently, management primarily funds Voyageur's exploration activities and administrative costs by issuing share capital rather than using other capital sources that require fixed repayments of principal or interest. Voyageur will continue to assess new properties and seek to acquire an interest in additional properties if it feels there is sufficient geologic or economic potential and if it has adequate financial resources to do so.

Development activities may begin once a property's mineral reserves are estimated and Voyageur makes a positive production decision. At this point, management may consider other sources of financing such as senior debt or convertible debentures as a means to reduce equity dilution.

Voyageur's capital under management at May 31, 2024 includes share capital of \$18,461,011 (November 30, 2023 - \$18,461,011).

Voyageur considers its capital to be equity, which is comprised of share capital, reserves, and accumulated deficit, which at May 31, 2024 totaled \$884,707 (November 30, 2023 - \$1,030,531).

For the six months ended May 31, 2024 and May 31, 2023

---

#### **11. MANAGEMENT OF CAPITAL RISK (continued)**

Voyageur invests any capital that is surplus to its immediate operational needs in short-term, liquid and highly rated financial instruments, such as cash, and short-term guarantee deposits, all held with major Canadian financial institutions.

There were no changes in Voyageur's approach to capital management during the six months ended May 31, 2024 and May 31, 2023 and Voyageur is not subject to any externally imposed capital requirements.

#### **12. MANAGEMENT OF FINANCIAL AND OTHER RISK**

Voyageur's financial instruments are exposed to financial risks as summarized below:

##### **(a) Fair Value**

The carrying amount of cash and cash equivalents, amounts receivable, and accounts payable and accrued liabilities represent their fair value due to their short-term nature. Fair value represents the amount that would be exchanged in an arm's length transaction between willing parties and is best evidenced by a quoted market price if one exists.

##### **(b) Credit Risk**

The Company is exposed to credit risk with respect to its cash and cash equivalents and amounts receivable. Cash has been placed on deposit with major Canadian financial institutions.

The risk arises from the non-performance of counterparties of contractual financial obligations. The Company manages credit risk, in respect of cash, by purchasing term deposits held at a major Canadian financial institution. Concentration of credit risk exists with respect to the Company's cash as the majority of the amounts are held at a single Canadian financial institution.

The credit risk associated with cash is minimized by ensuring the majority of these financial assets are held with major Canadian financial institutions with strong investment-grade ratings by a primary rating agency.

##### **(c) Liquidity Risk**

Voyageur's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As at May 31, 2024, Voyageur had a cash balance of \$864,627 (November 30, 2023 - \$1,045,613) to settle current liabilities of \$22,684 (November 30, 2023 - \$37,050). All of Voyageur's financial trade liabilities have contractual maturities of 30 days or less and are subject to normal trade terms.

##### **(d) Interest Rate Risk**

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company also holds a portion of cash in bank accounts that earn variable interest rates. Because of the short-term nature of these financial instruments, fluctuations in market rates do not have a significant impact on estimated fair values as of May 31, 2024.

The Company's interest rate risk principally arises from the interest rate impact of interest earned on cash. A 1% change in interest rates on cash held during the six months ended May 31, 2024 would not have a significant impact on the Company's comprehensive loss for the year.

For the six months ended May 31, 2024 and May 31, 2023

**12. MANAGEMENT OF FINANCIAL AND OTHER RISK (continued)**

**(e) Other Risk**

Voyageur is exposed to other risks as follows:

**Commodity Price Risk**

The Company is exposed to price risk with respect to commodity prices, specifically precious and non-precious metals. The Company closely monitors commodity prices to determine the appropriate course of action to be taken by the Company. Commodity prices fluctuate on a daily basis and are affected by numerous factors beyond the Company's control. The supply and demand for these commodities, the level of interest rates, the rate of inflation, investment decision by large holders of commodities including governmental reserves and stability of exchange rates can all cause significant fluctuations in prices. Such external economic factors are in turn influenced by changes in investment patterns and monetary systems and political developments. As the Company does not have production assets, management believes this risk is minimal.

**13. COMMITMENTS AND CONTINGENCIES**

**(a) Consulting Agreements**

The Company is party to certain management contracts. These contracts contain aggregate minimum commitments of approximately \$200,000 upon the occurrence of a change of control and \$100,000 upon the occurrence of terminations. As a triggering event has not taken place, the contingent payments have not been reflected in these financial statements.

**(b) Contingencies**

The Company's exploration activities are subject to various laws and regulations governing the protection of the environment. These laws and regulations are continually changing and generally becoming more restrictive. The Company conducts its operations so as to protect public health and the environment and believes its operations are materially in compliance with all applicable laws and regulations. The Company has made, and expects to make in the future, expenditures to comply with such laws and regulations.

**(c) Flow-Through Expenditures**

As at May 31, 2024, the Company had no flow-through expenditure obligations.

**14. FINANCIAL INSTRUMENTS**

The carrying values of cash and cash equivalents, amounts receivable, and accounts payable and accrued liabilities approximate their fair values due to the relatively short period to maturity of those financial instruments:

| <b>As at May 31, 2024</b>                | <b>Amortized</b> |    | <b>FVPL</b> |    | <b>Total</b> |            |
|--|------------------|----|-------------|----|--------------|------------|
|  | <b>Cost</b>      |    |             |    |              |            |
| Cash                                     | \$ 14,627        | \$ | -           | \$ |              | \$ 14,627  |
| Cash equivalents                         | \$ -             | \$ | 850,000     | \$ |              | \$ 850,000 |

| Amounts receivable                       | \$ 12,964                 | \$ -         | \$ 12,964    |
| Accounts payable and accrued liabilities | \$ 37,050                 | \$ -         | \$ 37,050    |

The Company's only financial instrument carried at fair value is cash equivalents which are classified as level 2 within the fair value hierarchy.

**15. SUBSEQUENT EVENT**

On July 1, 2024, Voyageur announced that AEM terminated the option agreement to acquire a 100% interest in Voyageur's Mink Narrows project due to being unable to raise the funding required to fulfil the terms of the option agreement. Voyageur will seek other partners to advance the project.

On July 16, 2024, Voyageur provided a termination notice to Laser Gold with respect to the option agreement dated June 14, 2022 for the Company's North Star – Gold Rock project, due to a breach of certain provisions of the option agreement, including the failure to make the required cash payments and work commitments within the prescribed time frames set forth in the agreement.
