Josephine Mining Corp. (an exploration stage company)
Condensed notes to the interim consolidated financial statements
For the three and nine months ended September 30, 2014 and 2013
(Interim financial information is unaudited and presented in Canadian dollars unless otherwise noted)

## 1. Nature and continuance of operations

Josephine Mining Corp. (the "Company" or "JMC") was incorporated on June 4, 2007, under the Business Corporations Act of British Columbia and is in the exploration stage. The registered office of the Company is 1000 - 595 Burrard Street - P.O. Box 49290 - Vancouver, British Columbia, Canada V7X 158.

The Company's activities relate to the retention and exploration of mineral properties known as the Turner Gold Property (the "Project" or "Turner"), located in southern Oregon, and other assets as management identifies new opportunities.

#### 2. Going concern

These condensed interim consolidated financial statements, prepared at and for the three and nine months ended September 30, 2014 ("Financial Statements") have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and discharge of liabilities in the normal course of business. The Company earns no operating revenues and has incurred an accumulated deficit of approximately \$8.2 million through September 30, 2014 (December 31, 2013 – approximately \$8.1 million). Further, the Company had a working capital deficit of approximately \$380,000 at September 30, 2014 (December 31, 2013 – approximately \$241,000). These and other factors raise doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent upon obtaining necessary financing to complete exploration activities and placement of a mineral property into commercial production. Management intends to complete additional financing, but while the Company has been successful in raising funds from related parties and other private parties in the past, there can be no assurance that it will be able to do so in the future. There can be no objective reliance on continuing support from related parties, which has been essential for the Company's development. The Financial Statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

In 2013, as a result of the Company's insolvency and inability to raise funds in public markets, the Company sold 79% of its sole potential cash generating unit, at a material loss, to companies owned and operated by officers, owners and directors who are also officers, owners and directors of the Company. The transaction resulted in a loss of control, deconsolidation and accounting for the retained interest as an investment in an associate (Note 5).

#### 3. Significant accounting policies

#### (a) Statement of compliance

These Financial Statements have been prepared in accordance with International Accounting Standard 34 – Interim Financial Reporting ("IAS 34") using accounting policies consistent with International Financial Reporting Standards ("IFRS") and its interpretations including International Accounting Standards ("IAS") prevailing as of September 30, 2014, as issued by the International Accounting Standards Board ("IASB") and interpretations issued by the International Financial Reporting Interpretations Committee.

These Financial Statements have been prepared following the same accounting policies and methods of computation as the consolidated financial statements of the Company for the year ended December 31, 2013. The disclosures provided below are incremental to those included with the annual consolidated financial statements and certain disclosures, which are normally required to be included in the notes to the annual consolidated financial statements, have been condensed or omitted. These Financial Statements should be read in conjunction with the consolidated financial statements and notes thereto in the Company's annual filings for the year ended December 31, 2013.

These Financial Statements were approved by the Company's board of directors on December 1, 2014.

#### (b) Basis of preparation

These Financial Statements have been prepared on a historical cost basis except for certain financial instruments measured at fair value. References to United States dollars are indicated by "US\$."

Certain amounts have been reclassified to conform to current presentation.

## (c) Basis of consolidation

## (i) Subsidiaries

The Financial Statements include the accounts of the Company and 0890810 B.C. Ltd. ("0890810"), the Company's wholly-owned subsidiary. Intercompany balances and transactions are eliminated in the preparation of the Financial Statements.

## (d) Recent accounting pronouncements

| Pronouncement   | Effective date  | Adoption date | Summary of impact     |
|---|---|---------------|-----------------------|
| IFRS 9 Financial Instruments  This guidance was issued as the first step in its project to replace IAS 39 - Financial Instruments: Recognition and Measurement. IFRS 9 introduces new requirements for classifying and measuring financial assets and new rules for hedge accounting; as a result of amendments in the current year there is no set date for adoption, however, early adoption is permitted. The IASB intends to expand IFRS 9 during the intervening period to add new requirements for classifying and measuring financial liabilities, de-recognition of financial instruments, impairment and hedge accounting. | Annual periods<br>beginning on or<br>after January 1,<br>2018 |               | To be<br>determined   |
| IFRS 15 Revenue from Contracts with Customers  The standard replaces all existing revenue requirements in IFRS and applies to all revenue arising from contracts with customers. It also provides a model for the recognition and measurement of sales of some non-financial assets including disposals of property, equipment and intangible assets.   | Annual periods<br>beginning on or<br>after January 1,<br>2017 |               | No material<br>impact |

## (e) Application of new and revised accounting standards

| Pronouncement   | Effective date  | Adoption date      | Summary of impact        |
|---|---|--------------------|--------------------------|
| International Financial Reporting Interpretations Committee ("IFRIC") Interpretation 21 - Levies  In May 2013, the IASB issued IFRIC 21 — Levies ("IFRIC 21"), an interpretation of IAS 37 — Provisions, Contingent Liabilities and Contingent Assets ("IAS 37"), on the accounting for levies imposed by governments. IAS 37 sets out criteria for the recognition of a liability, one of which is the requirement for the entity to have a present obligation as a result of a past event ("obligating event"). IFRIC 21 clarifies that the obligating event that gives rise to a liability to pay a levy is the activity described in the relevant legislation that triggers the payment of the levy. IFRIC 21 is effective for annual periods commencing on or after January 1, 2014. | Annual periods<br>beginning on or<br>after January 1,<br>2014 | January 1,<br>2014 | No<br>material<br>impact |

| Recoverable Amount Disclosures for Non-Financial Assets (Amendments to IAS 36)   | Annual periods beginning on or | January 1,<br>2014 | No<br>material |
|--|--------------------------------|--------------------|----------------|
| Amends IAS 36 Impairment of Assets to reduce the circumstances in which the recoverable amount of assets or cash-generating units is required to be disclosed, clarify the disclosures required, and to introduce an explicit requirement to disclose the discount rate used in determining impairment (or reversals) where recoverable amount (based on fair value less costs of disposal) is determined using a present value technique. | after January 1,<br>2014       |                    | impact         |

## 4. Mineral properties

The following is a continuity schedule for the Company's investment in mineral properties.

|  | Se | otember 30, 2014 | De | cember 31, 2013 |

| Exchange rate variances                              |    | -                |    | 386,993         |
| Derecognition upon loss of control of subsidiary (i) |    | -                |    | (5,991,358)     |
| Balance, end of period                               | \$ | 2,243,293        | \$ | 2,243,293       |

(i) During 2013, the Company sold 79% of its interest in Turner by way of the sale of 79% of its shares in its wholly owned subsidiary, Gold Coast Mining Inc. ("GCM") to related parties.

Management did not identify any indicators of impairment at September 30, 2014, and as such, no impairment expense was recognized.

#### 5. Investment in associate

The Company retained 21% of the common shares of GCM, a formerly consolidated subsidiary. The transaction that resulted in this interest is described at Note 6(f). The Company's interest in GCM represents the Company's remaining interest in the Project, which has been the Company's sole exploration project since the Company's recapitalization in 2011.

The aggregate financial information, acknowledging the fair value adjustments made at the time of loss of control, in respect of the Company's associate is set out below:

## 6. Related party transactions

Key management personnel, or their related parties, hold positions in other entities that result in them having control or significant influence over the financial or operating policies of those entities.

The following entities transacted with the Company in the reporting period of these Financial Statements. The terms and conditions of the transactions with key management personnel and their related parties were no more favorable than those available, or which might reasonably be expected to be available, on similar transactions to non-key management personnel related entities at an arm's length basis.

#### (a) Russell Mining Corporation ("RMC")

RMC is a private corporation which owns 10,600,010 shares in the Company and owns 51% of the Turner mineral rights by way of 51% of GCM's (Note 5; Note 6(f)) common shares. RMC's management has owners, officers and directors in common with the Company and BRH (Note 6(b)). RMC charges JMC for administrative and investor relations services.

On September 26, 2012, the Company issued a note payable to GCM for US\$50,000; during the six months ended June 30, 2014, the note and accrued interest were transferred to the Company. The note is convertible into shares of the Company at \$0.125 per common share. The note has no specified maturity date and bears interest at the prime interest rate plus 2%. The principal and accrued interest totaled \$59,115 at September 30, 2014 (December 31, 2013 – nil, as GCM was not consolidated with the accounts of the Company). RMC was issued 100,000 shares ("Finance Shares"), fair-valued on the grant date at \$12,500 as part of consideration for the note. The Company accrued \$1,487 in interest payable on this note during the nine months ended September 30, 2014. During the nine months ended September 30, 2013, GCM's accounts, which were consolidated, included unpaid accrued interest of \$39,767.

## (b) Big Rock Holdings ("BRH")

BRH is a private corporation which owns 28% of the Turner mineral rights by way of 28% of GCM's (Note 5; Note 6(f)) common shares. BRH has owners, officers and directors in common with the Company and RMC. During the nine months ended September 30, 2013, the Company's accounts included debt amortization in the accounts of GCM of \$76,230 against a note payable to BRH.

#### (c) St. Augustine Gold and Copper Limited ("SAGC")

SAGC is a Toronto Stock Exchange registrant which has owners, officers and directors in common with the Company, RMC and BRH. Further, the Company utilized the services of SAGC's corporate staff until March 31, 2013, which was billed by

SAGC to the Company at terms which approximate market terms for similar services. All such charges after March 31, 2013, with were charged by RMC, which made payments directly to SAGC and passed charges on to the Company.

## (d) Norton Rose Canada LLP ("NRC")

NRC is the Company's securities counsel, and a principal of the firm is the Company's corporate secretary.

#### (e) Transactions with key management and directors

The aggregate value of transactions with key management was as follows:

|  | Th | ee months end | September 30, |        | Nine months ended September 30, |        |    |         |  |

## (f) Disposition of 79% of Turner

Effective December 31, 2013, management finalized the reduction of 79% of the Company's interest in Turner by way of the sale of 51% of the common shares of the Company's previously wholly owned subsidiary (GCM) and a settlement of debt for 28% of the common shares in GCM. The sale of GCM shares was made to companies owned and operated by individuals who are also officers and owners of the Company. A loss of \$2,487,162 was reported in 2013 as a result of the loss of control of GCM. The Company received total consideration of US\$1,605,421 under the terms of this transaction. Consideration from this transaction was used to cause GCM to own an undivided interest in Turner.

The Company's interest in GCM is reported as an investment in associate at September 30, 2014 (Note 5).

During the six months ended June 30, 2013, the Company sold 21% of GCM for \$400,000, which resulted in a non-controlling interest. Accordingly, the Company reported net and comprehensive losses attributable to the non-controlling interest for the three and six months ended June 30, 2013. As described above, the Company sold addition equity in GCM after June 30, 2013, such that the Company had disposed of an aggregate 79% of GCM. This sale and resulting loss in control caused the Company to have no net or comprehensive loss attributable to a non-controlling interest; rather, during the three and nine months ended September 30, 2014, the Company reports its proportionate share of GCM's (an associate investee) net loss.

## (g) Finder's Agreement

On June 22, 2009, the Company entered into a finder's agreement with RMC for mining claims located in Josephine County, Oregon. Pursuant to this agreement, RMC agreed to advance the Company funds and provide the technical support to complete a reserve study on the claims. The agreement also contemplates RMC and the Company entering into a management agreement for RMC to provide technical and administrative services to the Company.

When production begins on the Turner Gold Property, US\$1,500,000 is due to RMC in 24 equal installments.

## 8. Earnings (loss) per share ("EPS")

#### (a) Basic EPS

Basic EPS is computed by dividing net loss for a period by the weighted average number of common shares outstanding during that period.

#### (b) Diluted EPS

Diluted EPS is computed by dividing net loss for a period by the diluted number of common shares. Diluted common shares include the effects of instruments, such as share options and warrants, which could cause the number of common shares outstanding to increase.

The Company reported net losses for the three and nine months ended September 30, 2014 and 2013; the Company has accordingly presented basic and diluted EPS, which are the same, on a single line in the statements of comprehensive loss. Diluted loss per share did not include the effect of share purchase options and warrants as they were anti-dilutive.

#### 9. Capital risk management

The following table summarizes capital under the Company's capital management program:

|   | September 30, 2014 | December 31, 2013 |
|---|--------------------|-------------------|

The Company's objectives when managing capital are to safeguard the Company's ability to continue exploration of its mineral property and to maintain a flexible capital structure which optimizes the costs of capital.

The Company is not subjected to any internally or externally imposed capital requirements.

Management implements adjustments according to changes in economic conditions and risk characteristics of capital instruments. To maintain or adjust the capital structure, the Company may attempt to issue new shares and acquire or dispose of assets.

When available cash permits, the Company invests in highly liquid, short-term interest-bearing investments.
