Management Commentary

“Our financial performance in the third quarter demonstrates our ability to continue to drive strong top line revenue growth and improved profitability, both on a sequential and year-over-year basis, while continuing to invest in the business to support our future growth,” said Jim Cacioppo, Chief Executive Officer, Chairman and Founder of Jushi. “In the third quarter, we made significant progress strengthening all areas of our platform including growing our retail network through a strategic acquisition in Massachusetts, and the opening of two new stores in Pennsylvania. We also expanded access to our brands and products, including the introduction of flower in Virginia, and enhanced our wholesale capabilities with acquisitions in high-growth markets such as Massachusetts and Ohio.”

Mr. Cacioppo added, “With our recently announced Acquisition Facility, we are well positioned with a strong balance sheet to continue executing on our growth plans. We expect to accelerate our expansion plans by identifying and securing assets in new and existing markets and continuing to deliver a differentiated customer experience through our best-in-class retail and online platforms.”

Financial Results for the Three Months Ended September 30, 2021

The following is a tabular summary and commentary of revenue, gross profit, net income and net income (loss) per share for the three-month periods ended September 30, 2021 and June 30, 2021.

(\$ in millions, except per share amounts)

	Quarter Ended September 30, 2021	Quarter Ended June 30, 2021	% Change
Revenue	\$ 54.0	\$ 47.7	13.1%
Gross Profit	\$ 24.5	\$ 21.9	11.4%
Net income	\$ 38.2	\$ 4.8	703.2%
Net income per share - basic	\$ 0.22	\$ 0.03	
Net (loss) per share - diluted	\$ (0.08)	\$ (0.08)	

Revenue in Q3 2021 was \$54.0 million, an increase of 13.1% as compared to \$47.7 million in the second quarter of 2021 ("Q2 2021") and 116.7% from \$24.9 million in the third quarter of 2020 ("Q3 2020"). The 13.1% increase in revenue was driven primarily by solid revenue growth at the Company's BEYOND / HELLO™ stores in Pennsylvania, Virginia and Illinois, and less than one month of revenue contribution from the addition of two Nature's Remedy stores in Massachusetts. Furthermore, increased operating activity at the Company's grower-processor facilities in Pennsylvania and Virginia, and a partial contribution from Nature's Remedy's Lakeville Facility also contributed to the increase in revenue. The 116.7% year-over-year increase in revenue was primarily driven by the build-out and expansion of the Company's retail store base, expanding from 10 to 24, and the modest expansion of the Company's wholesale business driven by an increase in cultivation and manufacturing activity.

Gross profit in Q3 2021 was \$24.5 million, or 45.3% of revenue, compared to \$21.9 million, or 46.0% of revenue in Q2 2021. The increase in gross profit was primarily driven by the increase in revenue, partially offset by an increase in promotional activity focused on growing the percentage mix of private brand products, and an increase in loyalty program promotional activity. Gross profit increased \$12.2 million as compared to Q3 2020 driven by higher revenue.

General, administrative and selling expenses in Q3 2021 were \$24.3 million, a \$0.6 million decrease as compared to \$24.9 million in Q2 2021. Excluding one-time severance costs in Q2 2021, operating costs increased \$1.3 million, driven primarily by an increase in headcount to support new store openings, an increase in activity at our cultivation and manufacturing facilities, and the size and scope of general administrative functions.

Q3 2021 net income was \$38.2 million, or \$0.22 per basic share and net loss of \$0.08 per diluted share, compared to net income of \$4.8 million, or \$0.03 per basic share and net loss of \$0.08 per diluted share in Q2 2021. The net loss per diluted share in Q3 2021 was primarily due to the dilutive effects of the derivative warrants as accounted for under IFRS. The fair value gain on the derivative warrants is removed from basic earnings to calculate diluted net loss, which is then divided by the diluted weighted average number of shares. The \$33.5 million improvement in net income in the third quarter was primarily driven by the gain on fair value derivative liabilities of \$55.1 million. Net income increased \$68.2 million as compared to Q3 2020, driven by an increase in fair value gain on derivative warrants, revenue, and gross profit.

Adjusted EBITDA⁽¹⁾ in Q3 2021 was \$6.4 million, an increase of 38.5% as compared to Q2 2021. The sequential increase in Adjusted EBITDA⁽¹⁾ was driven by higher revenues and gross profit. Adjusted EBITDA increased by 124.9%, as compared to Q3 2020, driven by significantly higher revenue and gross profit, primarily due to continued growth related to the Company's expansion of operations and acquisitions.

Balance Sheet and Liquidity

As of September 30, 2021, the Company had \$59.1 million of cash and short-term investments, total current assets of \$139.3 million and current liabilities of \$79.2 million. Net working capital at the end of September 30, 2021 was \$60.1 million. The Company incurred approximately \$14.8 million in capital expenditures during Q3 2021 and \$56.4 million year to date. The Company expects to incur approximately \$35 million to \$40 million in capital expenditures in the fourth quarter 2021, subject to market conditions and regulatory changes, of which a portion will be funded by an existing financing arrangement. As of September 30, 2021, the Company had \$102.1 million principal amount of total debt, excluding leases and property, plant and equipment financing obligations.

Subsequent to the quarter ended September 30, 2021, the Company has drawn \$40.0 million from the Acquisition Facility to fund the cash portion of the recently completed acquisition of Nature's Remedy. As of October 31, 2021, the Company had approximately \$94 million in cash and short-term investments, and approximately \$142 million principal amount of total debt, excluding leases and property, plant and equipment financing obligations on the balance sheet.

Outlook

Mr. Cacioppo commented, "Looking ahead to the remainder of the year, we expect to open an additional two BEYOND/HELLO™ dispensaries for a total of four in Q4 and continue to build-out our Pennsylvania and Virginia grower-processor facilities, which will increase our margins and substantially grow our wholesale sales in 2022 and beyond."

Mr. Cacioppo added, "We are revising our full year 2021 revenue guidance range to \$205 to \$215 million, and our 2021 Adjusted EBITDA guidance range to \$21 to \$25 million on an IFRS basis. The reduction in revenue and Adjusted EBITDA guidance was driven by (1) delays in new store openings, due to unforeseen regulatory approval timing-related delays; (2) slower than expected ramp-up of wholesale activity in Massachusetts due to the lack of wholesale operating infrastructure by the previous operator; (3) ongoing regulatory complexities that have impeded our ability to introduce our full suite of flower products in Virginia; and (4) a delay in signing and closing of acquisitions in Nevada. We also incurred greater than expected corporate overhead as we have ramped up hiring to support our continued growth."

Mr. Cacioppo concluded, "While the pace at which we have been able to open new stores and launch new products has been slower than we initially anticipated, I am pleased with the progress we have made to date, and I am encouraged by our industry-leading organic growth as we continue to expand our footprint. We are also reaffirming guidance for 2022, as the challenges we have been experiencing will be substantially behind us by Q1 2022. Lastly, I am excited for what the future brings as we continue to forge our leadership position in the cannabis industry, all while driving long-term value for our shareholders."

Forward-Looking Information and Statements

This press release contains certain "forward-looking information" within the meaning of applicable Canadian securities legislation and may also contain statements that may constitute "forward-looking statements" within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. Such forward-looking information and forward-looking statements are not representative of historical facts or information or current conditions but instead represent only the Company's beliefs regarding future events, plans or objectives, many of which, by their nature, involve estimates, projections, plans, goals, forecasts, and assumptions that may prove to be inaccurate. As a result, actual results could differ materially from those expressed by such forward-looking statements and such statements should not be relied upon. Generally, such forward-looking information or forward-looking statements can be identified by the use of forward-looking terminology such as "plans," "expects" or "does not expect," "is expected," "budget," "scheduled," "estimates," "forecasts," "intends," "anticipates" or "does not anticipate," or "believes," or variations of such words and phrases or may contain statements that certain actions, events or results "may," "could," "would," "might" or "will be taken," "will continue," "will occur" or "will be achieved". The forward-looking information and forward-looking statements contained herein may include but are not limited to, information concerning the expectations regarding Jushi, or the ability of Jushi to successfully achieve business objectives, and expectations for other economic, business, and/or competitive factors.

By identifying such information and statements in this manner, the Company is alerting the reader that such information and statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such information and statements. In addition, in connection with the forward-looking information and forward-looking statements contained in this press release, the Company has certain expectations and has made certain assumptions. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking information and statements are the following: the ability of Jushi to successfully and/or timely achieve business objectives, including with

regulatory bodies, employees, suppliers, customers and competitors; changes in general economic, business and political conditions, including changes in the financial markets; changes in applicable laws; and compliance with extensive government regulation, as well as other risks and uncertainties which are more fully described in the Company's Management, Discussion and Analysis for the three months ended September 30, 2021, once filed, and other filings with securities and regulatory authorities may be found at www.sedar.com. Should one or more of these risks, uncertainties or other factors materialize, or should assumptions underlying the forward- looking information or statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected. The financial information reported in this press release is based on unaudited management prepared financial statements for the three and nine months ended September 30, 2021. These preliminary results are provided prior to completion of all internal and external reviews and therefore are subject to adjustment until the filing of the Company's quarterly financial statements, which the Company expects to file on SEDAR on or about November 18, 2021. The review of the unaudited consolidated financial statements for the three and nine month periods ended September 30, 2021 by the Company's auditors is currently in process. All financial information contained in this press release is qualified in its entirety with reference to such financial statements. While the Company does not expect there to be any material changes between the information contained in this press release and the consolidated financial statements it files on SEDAR, to the extent that the financial information contained in this press release is inconsistent with the information contained in the Company's financial statements, the financial information contained in this press release shall be deemed to be modified or superseded by the Company's filed financial statements. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation for purposes of applicable securities laws.

Although the Company believes that the assumptions and factors used in preparing, and the expectations contained in, the forward-looking information and statements are reasonable, undue reliance should not be placed on such information and statements, and no assurance or guarantee can be given that such forward-looking information and statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information and statements. The forward-looking information and forward-looking statements contained in this press release are made as of the date of this press release, and the Company does not undertake to update any forward-looking information and/or forward- looking statements that are contained or referenced herein, except in accordance with applicable securities laws. All subsequent written and oral forward-looking information and statements attributable to the Company or persons acting on its behalf is expressly qualified in its entirety by this notice.

JUSHI HOLDINGS INC.⁽¹⁾
RECONCILIATION OF NON-IFRS FINANCIAL MEASURES

In addition to providing financial measurements based on IFRS, the Company provides additional financial metrics that are not prepared in accordance with IFRS. Management uses non-IFRS financial measures, in addition to IFRS financial measures, to understand and compare operating results across accounting periods, for financial and operational decision making, for planning and forecasting purposes and to evaluate the Corporation's financial performance. These non-IFRS financial measures are EBITDA and Adjusted EBITDA (both defined below). Management believes that these non-IFRS financial measures reflect the Company's ongoing business in a manner that allows for meaningful comparisons and analysis of trends in the business, as they facilitate comparing financial results across accounting periods and to those of peer companies. As there are no standardized methods of calculating these non-IFRS measures, the Company's methods may differ from those used by others, and accordingly, the use of these measures may not be directly comparable to similar measures used by others, thus limiting their usefulness. Accordingly, these non-IFRS measures are intended to provide additional information and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with IFRS.

EBITDA and Adjusted EBITDA are financial measures that are not defined under IFRS. Management believes EBITDA is a useful measure to assess the performance of the Company as it provides meaningful operating results by excluding the effects of expenses that are not reflective of our operating business performance. Management defines EBITDA as net income (loss), or "earnings", before interest, income taxes, depreciation and amortization. Management believes Adjusted EBITDA is a useful measure to assess the performance of the Company as it provides more meaningful operating results by excluding the effects of expenses that are not reflective of the Company's operating business performance and other one-time or non-recurring expenses. Management defines Adjusted EBITDA as EBITDA before: (i) fair value changes included in inventory sold and biological assets; (ii) share-based compensation expense; (iii) fair value changes in derivatives; (iv) gains/losses on debt and warrant modifications; (v) net gains on business combinations; (vi) gains/losses on investments and financial assets; (vii) acquisition and deal costs; (viii) severance costs; (ix) start-up costs; (x) gains/losses on legal settlements; (xi) inventory step-up on business combination and (xii) registration statement costs.

(1) Net income (loss) includes amounts attributable to non-controlling interests.

(2) From the statement of cash flows. Includes amounts that are included in cost of goods sold and in operating expenses.

(3) During the second quarter of 2021, we revised our methodology for calculating Adjusted EBITDA to also adjust for the effects of acquisition and deal costs, severance costs and start-up costs. We revised our methodology for calculating Adjusted EBITDA because we believe that the fluctuations caused in our operating results from these items are not reflective of our core performance, and that the revised methodology provides management and investors more useful information to evaluate the operations of our business. The prior period data for these items has been added to conform to current period presentation.

(4) Severance costs relate to a founder's separation cost and to severance for former executives of a previously acquired business.

(5) Expansion and start-up costs incurred in order to prepare a location for its intended use. Start-up costs are expensed as incurred and are not indicative of ongoing operations of each new location.

(6) Relates to the fair value write-up on inventory acquired in the Nature's Remedy acquisition and sold during the third quarter of 2021.

(7) Adjustment to reflect the elimination of costs relating to Company's SEC registration and compliance
