3. News Release

A press release disclosing the material change was released on March 15, 2023, through the facilities of Newsfile Corp.

4. Summary of Material Change

On March 15, 2023, the Company closed the first tranche of a non-brokered private placement offering. As part of the first tranche, EV Minerals issued 5,400,000 common shares (each, a "**Common Share**") in the capital of the Company (the "**Offering**") for gross proceeds of \$540,000.

5. Full Description of Material Change

Pursuant to the Offering, the Company issued 5,400,000 Common Shares at a price of \$0.10 per Common Share for gross proceeds of \$540,000. Net proceeds of the Offering will be used for exploration of the Company's EV Nickel project in Saguenay, Quebec and for general working capital purposes.

In connection with the first tranche of the Offering, the Company paid certain eligible persons (the "**Finders**") a cash commission in total of \$20,800 and issued a total of 208,000 non-transferable broker warrants ("**Broker Warrants**"). Each Broker Warrant entitles the holder to purchase one Common Share for a period of two years from the closing of the Offering at a price of \$0.10 per Common Share.

All securities issued in connection with the Offering are subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable securities legislation.

In addition, further to its press release of September 13, 2022, the Company issued an aggregate of 1,104,485 Common Shares to Sandstorm Gold Ltd. ("**Sandstorm**") to settle all outstanding debt owed by the Company to Sandstorm. All Common Shares issued are subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable securities legislation.
