

WPD Pharmaceuticals to Participate in the 7th Annual LSX World Congress, a Leading Global Healthcare and Life Sciences Forum

VANCOUVER, British Columbia, Jan. 28, 2021 (GLOBE NEWSWIRE) -- **WPD Pharmaceuticals Inc.** (CSE: WBIO)(FSE: 8SV1) (the “**Company**” or “**WPD**”) a clinical-stage pharmaceutical company, is pleased to announce that it will be participating in the LSX World Congress from February 1 – 5, 2021. Senior Management will be presenting WPD as well as participating in 1:1 investor meetings throughout the week. For more information or to register for the conference visit <https://www.lsxleaders.com/lxx-world-congress>.

For 6 years, the LSX World Congress has been bringing together the executives that matter to the future of healthcare and life science strategy, investment, partnering and deal making. LSX World Congress gathers the founders and CEOs of innovative start-ups through to publicly listed life sciences giants, and everyone in between. It represents the breadth and depth of the cutting-edge research and technology driving the advances in the industry right now and in the near future. This year, the event will be a virtual experience incorporating all the same features of the usual physical meeting, but spread across a full week.

About WPD Pharmaceuticals

WPD is a biotechnology research and development company with a focus on oncology and virology, namely research and development of medicinal products involving biological compounds and small molecules. WPD has licensed in certain countries 10 novel drug candidates with 4 that are in clinical development stage. These drug candidates were researched at medical institutions, and WPD currently has ongoing collaborations with Wake Forest University and leading hospitals and academic centers in Poland.

WPD has entered into license agreements with Wake Forest University Health Sciences and sublicense agreements with Moleculin Biotech, Inc. and CNS Pharmaceuticals, Inc., respectively, each of which grant WPD an exclusive, royalty-bearing sublicense to certain technologies of the licensor. Such agreements provide WPD with certain research, development, manufacturing and sales rights, among other things. The sublicense territory from CNS Pharmaceuticals and Moleculin Biotech includes for most compounds 30 countries in Europe and Asia, including Russia.
