

HILLCREST RESOURCES LTD.

**RESERVE ESTIMATION AND
ECONOMIC EVALUATION**

EXECUTIVE SUMMARY

Effective Date: June 30, 2010

September 15, 2010

Hillcrest Resources Ltd.
303 – 750 West Pender Street
Vancouver, British Columbia
V6C 2T7

Attention: Mr. Donald Currie

**RE: Hillcrest Resources Ltd.
Reserve Estimation and Economic Evaluation**

At your request and authorization, AJM Petroleum Consultants ("AJM") has prepared an independent evaluation of certain oil and gas assets of Hillcrest Resources Ltd. ("Hillcrest"), effective June 30, 2010.

This report has been prepared for the exclusive use of Hillcrest Resources Ltd. for corporate reporting purposes and no part thereof shall be reproduced, distributed or made available to any other person, company, regulatory body or organization pursuant to Part 5 Section 5.7 of NI 51-101. AJM Petroleum Consultants hereby gives its consent to the use of its name and to the said estimates pursuant to Part 5 Section 5.7 Item (2) of NI 51-101.

Pursuant to Part 2 Item 2.1 and 2.2 of Form NI 51-101 F1, this report documents the results of the evaluation with the following tables summarizing the total corporate reserves and value:

- Table 1 – summary of total corporate reserves and value using forecast prices and costs; and
- Table 2 – reserves reconciliation.

AJM was provided the following US tax pools from Hillcrest Resources Ltd. effective June 30, 2010:

| | \$ Thousands | Depreciation Rate, % |
|-------|-----------------|----------------------|
| CDE | <u>\$694.68</u> | 30 |
| Total | \$694.68 | |

Per NI 51-101 corporate general and administrative expenses and financing costs are not deducted.

The oil and gas reserves calculations and income projections, upon which this report is based, were estimated in accordance with the Canadian Oil and Gas Evaluation Handbook (COGEH) and National Instrument 51-101 (NI 51-101). The Evaluation Procedure section included in this report details the reserves definitions, price and market demand forecasts and general procedure used by AJM in its determination of this evaluation. The extent and character of ownership and all factual data supplied by Hillcrest Resources Ltd. were accepted as presented (see Representation Letter attached within).

This report contains forward looking statements including expectations of future production and capital expenditures. Information concerning reserves may also be deemed to be forward looking as estimates imply that the reserves described can be profitably produced in the future. These statements are based on current expectations that involve a number of risks and uncertainties, which could cause the actual results to differ from those anticipated. These risks include, but are not limited to: the underlying risks of the oil and gas industry (i.e. operational risks in development, exploration and production; potential delays or changes in plans with respect to exploration or development projects or capital expenditures; the uncertainty of reserves estimates; the uncertainty of estimates and projections relating to production, costs and expenses, political and environmental factors), and commodity price and exchange rate fluctuation. Present values for various discount rates documented in this report may not necessarily represent fair market value of the reserves.

A Boe conversion ratio of 6 Mcf: 1 barrel has been used within this report. This conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

No value has been assigned in this evaluation for non-reserve lands.

AJM Petroleum Consultants is pleased to present its independent reserves evaluation report for Hillcrest Resources Ltd., effective June 30, 2010 in satisfaction of Part 2 Section 2.1 Item 2 of NI 51-101 and Form 51-101 F2, without reservation.

Yours truly,

AJM Petroleum Consultants

FORM 51-101 F2
REPORT ON RESERVES DATA
BY
INDEPENDENT QUALIFIED RESERVES
EVALUATOR OR AUDITOR

To the Board of Directors of Hillcrest Resources Ltd. (the "Company"):

1. We have evaluated the Company's reserves data as at June 30, 2010. The reserves data are estimates of proved reserves and probable reserves and related future net revenue as at June 30, 2010 estimated using forecast prices and costs.
2. The reserves data are the responsibility of the Company's management. Our responsibility is to express an opinion on the reserves data based on our evaluation.

We carried out our evaluation in accordance with standards set out in the Canadian Oil and Gas Evaluation Handbook (the "COGE Handbook") prepared jointly by the Society of Petroleum Evaluation Engineers (Calgary Chapter) and the Canadian Institute of Mining, Metallurgy & Petroleum (Petroleum Society).

3. Those standards require that we plan and perform an evaluation to obtain reasonable assurance as to whether the reserves data are free of material misstatement. An evaluation also includes assessing whether the reserves data are in accordance with principles and definitions presented in the COGE Handbook.
4. The following table sets forth the estimated future net revenue (before deduction of income taxes) attributed to proved plus probable reserves, estimated using forecast prices and costs and calculated using a discount rate of 10 percent, included in the reserves data of the Company evaluated by us for the year end June 30, 2010 and identifies the respective portions thereof that we have evaluated and reported on to the Company's management/Board of Directors:

| Independent Qualified Reserves Evaluator or Auditor | Hillcrest Resources Ltd. <u>Reserve Estimation and Economic Evaluation</u> | Location of Reserves (Country or Foreign Geographic Area) | Net Present Value of Future Net Revenue (\$M, before income taxes, 10% discount rate) | | | |
|---|---|---|--|------------------|-----------------|--------------|
| | | | <u>Audited</u> | <u>Evaluated</u> | <u>Reviewed</u> | <u>Total</u> |
| AJM Petroleum Consultants | September 15, 2010 | United States | - | \$5,383.4 | - | \$5,383.4 |

5. In our opinion, the reserves data respectively evaluated by us have, in all material respects, been determined and are in accordance with the COGE Handbook. We express no opinion on the reserves data that we reviewed but did not audit or evaluate.
6. We have no responsibility to update our reports referred to in paragraph 4 for events and circumstances occurring after their respective preparation dates.
7. Because the reserves data are based on judgments regarding future events, actual events will vary and the variations may be material. However, any variation should be consistent with the fact that reserves are categorized according to the probability of their recovery.

Executed as to our report referred to above:
