

# **DECLAN RESOURCES CEO DAVID MILLER TO SPEAK AT THE INTERNATIONAL ATOMIC ENERGY AGENCY CONFERENCE IN VIENNA**

## **FOR IMMEDIATE RELEASE**

May 23, 2014

Vancouver, B.C. – Declan Resources Inc. (“**Declan**” or the “**Company**”) (TSX-V: LAN) is pleased to announce that the Company's President and CEO, David Miller, has accepted an invitation to speak at the International Atomic Energy Agency (IAEA) Conference being held June 23 - 27 in Vienna, Austria.

The conference is titled the *International Symposium on Uranium Raw Material for the Nuclear Fuel Cycle: Exploration, Mining, Production, Supply and Demand, Economics and Environmental Issues*, and is being held in cooperation with the OECD Nuclear Energy Agency, the World Nuclear Association and the United Nations Economic Commission for Europe .

Mr. Miller is speaking on Tuesday, June 24, and will present a paper entitled, “*Why jurisdiction and uranium deposit type are essential considerations for exploration and mining of uranium.*” The paper will explore why grade matters in where you explore, development, and mine uranium deposits.

Mr. Miller is a Professional Geologist registered in Wyoming, he is a Registered Member of the Society of Mining, Metallurgy, and Exploration and he is also a “Fellow” in the Society of Economic Geologists. Mr. Miller worked previously for AREVA and associated companies for over 20 years, he is also the former CEO, President of Strathmore and was the first President of Fission when spun out of Strathmore. Mr. Miller has previously consulted for the IAEA world uranium reserve review and also in Beijing China at the Beijing Research Institute of Uranium Geology.

The International Atomic Energy Agency, IAEA, is the world's center of cooperation in the nuclear field. It was set up as the world's “Atoms for Peace” organization in 1957 by members in the United Nations. The agency works with its Member States and multiple partners worldwide to promote safe, secure and peaceful nuclear technologies, including safeguards and verification of safeguards as warranted. The IAEA Secretariat is headquartered at the Vienna International Centre in Vienna, and has four regional operations and liaison offices globally.

### **About Declan Resources Inc.**

Declan is a Canadian based uranium mining and exploration company. The Company is focused on exploration and discovery of Athabasca Basin uranium deposits and richest, largest, high grade uranium deposits in the world.
