

Press Release #201116

FOR IMMEDIATE RELEASE

May 4, 2011

## **COPPER HILLS 43-101 TECHNICAL REPORT**

**Vancouver, BC—Enertopia Corporation** (ENRT-OTCBB) (TOP-CNSX) (the "Company" or "Enertopia") is pleased to report that the 43-101 Technical Report on Copper Hills has been received and is available for viewing at [sedar.com](http://sedar.com) or at [www.Enertopia.com](http://www.Enertopia.com)

### **Highlights from the 43-101 Report**

- 1 Historic 356 ton surface sample reported to have graded 0.81% Copper and 3.01 ounces per ton silver and historic drill holes with visual copper mineralization.**
- 2 Top Priority is further identifying the depicted supergene enriched copper silver mineralized blanket deposit.**
- 3 A two to three phase scientific and drilling program is recommended to determine the viability of any potentially economic copper deposit.**

\*See references, below.

The Copper Hills project covering 56 located mining claims over 1,150 acres is located approximately 40 miles west of Socorro, New Mexico on BLM lands. Planning is currently underway for a site visit by technical and other staff to assist with and prepare for the upcoming work programs expected to take place throughout 2011.

"We believe Copper Hills offers an exciting near-surface copper-silver-oxide target with the potential for deeper sulphide targets," said Robert McAllister, president.

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements which are not historical facts are forward-looking statements. Statements which are not historical facts are forward-looking statements. The Company makes forward-looking public statements concerning its expected future financial position, results of operations, cash flows, financing plans, business strategy, products and services, evaluation of clean energy projects for participation and/or financing, competitive positions, growth opportunities, plans and objectives of management for future operations, including statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions that are forward-looking statements. Such forward-looking statements are estimates reflecting the Company's best judgment based upon current information and involve a number of risks and uncertainties, and there can be no assurance that other factors will not affect the accuracy of such forward-looking statements. Forward-looking statements include, but are not limited to, statements regarding potential reserves, exploration results, development or production programs, capital and operating expenditures, future revenue estimates, ability to produce or concentrate, availability of future financing and future plans and objectives of Enertopia Corporation. Actual results relating to, among other things, reserves, results of exploration, capital costs, corporate finance, and production costs could differ materially from those currently anticipated in such statements. Some but not all of the factors affecting forward-looking statements include: the speculative nature of mining exploration, production and development activities; changes in reserve estimates; the productivity of Enertopia's proposed properties; changes in the operating costs; changes in economic conditions and conditions in the resource, foreign exchange and other financial markets; changes of the interest rates on borrowings; hedging activities; changes in commodity prices; changes in the investments and exploration expenditure levels; litigation; legislation; environmental, judicial, regulatory, political and competitive developments in areas in which Enertopia Corporation operates; technological, and mechanical and operational difficulties encountered in connection with Enertopia's exploration and development activities. The User should refer to the risk disclosures set out in the periodic reports and other disclosure documents filed by Enertopia Corporation from time to time with regulatory authorities. The Company's evaluation of alternative energy projects in the heat recovery, solar thermal, solar PV and water purification; and of resource projects provides no assurance that any particular project will have any material effect on the Company. There is no assurance that the Copper Hills property or exploration thereof, will have any measurable impact upon the Company.
