Enertopia Advises of Right of First Refusal Financing

Vancouver, BC—Enertopia Corporation (TOP) (the "Company" or "Enertopia") announced on June 13 its intention to complete a non-brokered private placement as described below.

On March 3, 2011, Enertopia had announced the closing of an earlier financing of \$872,900. Each of the participants in the March 3 financing has the right to participate in the current financing, and the Company has sent written notice to each of those investors. However, due to the strike action by Canada Post, the Company is also alerting its shareholders of their right of first refusal via this news release. If any prior participant wishes further information, please contact Robert McAllister, President of Enertopia Corporation at 1.250.765.6422 prior to June 24th 2011.

The current financing is expected to consist of up to 2,500,000 units at CDN \$0.20 per unit to raise gross proceeds of up to CDN\$500,000 (the "Private Placement"). Each unit will consist of one common share in the capital of the Company and one non-transferable share purchase warrant, each full warrant entitling the holder to purchase one additional common share in the capital of the Company for a period of two years from the date of issuance, at a purchase price of CDN\$0.30 per share.

The Company will pay broker commissions of 8.5% in cash and 8.5% in warrants in connection with the Private Placement. Certain directors, officers and insiders of the Company may participate in the Private Placement.

The securities issued will be subject to a hold period in Canada of four months and one day and will be subject to the applicable hold periods in the USA. Proceeds of the Private Placement will be used for general working capital. The Private Placement will be subject to normal regulatory approvals.

The securities referred to herein will not be or have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements which are not historical facts are forward-looking statements. Statements which are not historical facts are forward-looking statements. The Company makes forward-looking public statements concerning its expected future financial position, results of operations, cash flows, financing plans, business strategy, products and services, evaluation of clean energy projects for participation and/or financing, competitive positions, growth opportunities, plans and objectives of management for future operations, including statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions that are forward-looking statements. Such forward-looking statements are estimates reflecting the Company's best judgment based upon current information and involve a number of risks and uncertainties, and there can be no assurance that other factors will not affect the accuracy of such forward-looking statements. Forward-looking statements include, but are not limited to, statements regarding potential reserves, exploration results, development or production programs, capital and operating expenditures, future revenue estimates, ability to produce or concentrate, availability of future financing and future plans and objectives of Enertopia Corporation. Actual results relating to, among other things, reserves, results of exploration, capital costs, corporate finance, and operation costs could differ materially from those currently anticipated in such statements. Some but not all of the factors affecting forward-looking statements include: the speculative nature of mining exploration, production and development activities; changes in reserve estimates; the productivity of Enertopia's proposed properties; changes in the operating costs; changes in economic conditions and conditions in the resource, foreign exchange and other financial markets; changes of the interest rates on borrowings; hedging activities; changes in commodity prices; changes in the investments and exploration expenditure levels; litigation; legislation; environmental, judicial, regulatory, political and competitive developments in areas in which Enertopia Corporation operates; technological, and mechanical and operational difficulties encountered in connection with Enertopia's exploration and development activities. The User should refer to the risk disclosures set out in the periodic reports and other disclosure documents filed by Enertopia Corporation from time to time with regulatory authorities. The Company's evaluation of alternative energy projects in the heat recovery, solar thermal, solar PV and water purification; and of resource projects provides no assurance that any particular project will have any material effect on the Company. There is no assurance that any mineral property or exploration thereof, will have any measurable impact upon the Company, nor that any other projects will ever be acquired subject to further evaluation, or, if any project is acquired, that it will have any material effect upon the Company. There is no assurance that the Company will be successful in completing any anticipated financing.
