

Press Release #201124

FOR IMMEDIATE RELEASE

August 3, 2011

Payment of Debt

Vancouver, BC—Enertopia Corporation (ENRT-OTCBB) (TOP-CNSX) (the "Company" or "Enertopia") announces that in the four months ending July 29, 2011, it has paid in full a debt of \$50,000 owed by the Company to a company wholly-owned by a Director of the Company. No securities have been issued regarding the repayment of this debt.

This debt payment is in addition to debt settlements of US\$115,000 and debt forgiveness agreements of US \$105,656.72 that were previously announced on April 27, 2011. The company is pleased to continue strengthening its balance sheet through the elimination of these liabilities.

About Enertopia

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Statements which are not historical facts are forward-looking statements. Statements which are not historical facts are forward-looking statements. The Company makes forward-looking public statements concerning its expected future financial position, results of operations, cash flows, financing plans, business strategy, products and services, evaluation of clean energy projects for participation and/or financing, competitive positions, growth opportunities, plans and objectives of management for future operations, including statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will," and other similar expressions that are forward-looking statements. Such forward-looking statements are estimates reflecting the Company's best judgment based upon current information and involve a number of risks and uncertainties, and there can be no assurance that other factors will not affect the accuracy of such forward-looking statements. Factors which could cause actual results to differ materially from those estimated by the Company include, but are not limited to, government regulation, managing and maintaining growth, the effect of adverse publicity, litigation, competition, access to capital, and other factors which may be identified from time to time in the Company's public announcements and filings. The Company's evaluation of projects in the alternative energy and resource industries provides no assurance that any particular project will have any material effect on the Company.
