## **Enertopia Announces Royalty Sale and Next Steps Forward**

**Kelowna, BC—Enertopia Corporation (ENRT) on the OTC** (the "Company" or "Enertopia") is pleased to announce the Company has concluded a Royalty agreement contract.

The Company has signed a 1% Royalty agreement with respect to any future commercial lithium production from the Company's Clayton Valley, Nevada claims in exchange for \$200,000 USD. The Company is extremely pleased that it has completed this non-dilutive \$200,000 USD financing in its next step to move the project and other Company endeavor's forward.

The Company has a right of first refusal to repurchase the royalty upon any proposed sale by the royalty holder to a third party. There is no affiliate relationship between the Company and the royalty holder.

The next step for the Company's lithium mining enterprise is to commission a 43-101 report so we can disclose to the marketplace the size and grade of the Company's lithium deposit at Clayton Valley, Nevada. After that, our plan is to resume leach testing by putting the lithium enriched claystone into solution, which allows us to create a purer lithium brine solution for further processing using Ion exchange (IX) resins.

Further to the Company's news release of February 11<sup>th</sup>, 2019, we continue to explore strategic business combinations, and are in early talks with respect to such joint ventures & strategic alliances in the clean energy marketplace. We will provide further details as discussions warrant.

The Company also reports that they have entered into a contractual agreement with Flathead Business Solutions for marketing, advertising, and social media communications. The marketing program is designed to provide improved visibility for the Company's current and planned operations.

"I am excited about today's news and we will continue to put news updates out as soon as possible as we move forward to reach our milestones", stated CEO & President Robert McAllister.
