

FORM 51-102F3
Material Change Report

ITEM 1. **Name and Address of Company**

Enertopia Corp. (the "Company" or "Enertopia")
1873 Spall Road, #18
Kelowna, BC V1Y 4R2

ITEM 2. **Date of Material Change**

March 3, 2023 and March 7, 2023

ITEM 3. **News Release**

The Company disseminated a news release on March 3, 2023 and March 7, 2023. The Company announced the material change by filing a Form 8-K with the Securities and Exchange Commission.

ITEM 4. **Summary of Material Change**

On March 3, 2023, the Company announced that the CEO's video clip entitled: Powering the Future with Lithium, is available. Details of the video clip are set out in the Company's news release dated March 3, 2023.

On March 7, 2023, the Company reported that its 2023 drilling program at its West Tonopah Lithium project, near Tonopah, Nevada for 12 holes with maximum drilling depths to 450 feet for each hole, for an estimated total drilling program of 5,400 feet has commenced with drilling underway on our first hole, DH23-01. Full details described in the Company's news release dated March 7, 2023.

ITEM 5. **Full Description of Material Change**

5.1 **Full Description of Material Change**

See attached Form 8-K with exhibits attached.

5.2 **Disclosure for Restructuring Transactions**

Not Applicable

ITEM 6. **Reliance on subsection 7.1(2) of National Instrument 51-102**

Not Applicable

ITEM 7. **Omitted Information**

No material information has been omitted.

ITEM 8. **Executive Officer**

Additional information respecting the Company or the material changes disclosed under this form may be obtained by contacting Robert McAllister, CEO and President of the Company, at (250) 870-2219.

ITEM 9. **Date of Report**

Dated March 10, 2023

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549**

FORM 8-K

CURRENT REPORT

Pursuant to Section 13 OR 15(d) of the Securities Exchange Act of 1934

Date of Report (Date of earliest event reported) March 3, 2023

ENERTOPIA CORP.

(Exact name of registrant as specified in its charter)

<u>Nevada</u>	<u>000-51866</u>	<u>20-1970188</u>
(State or other jurisdiction of incorporation)	(Commission File Number)	(IRS Employer Identification No.)

<u>#18, 1873 Spall Road, Kelowna, BC</u>	<u>V1Y 4R2</u>
(Address of principal executive offices)	(Zip Code)

Registrant's telephone number, including area code 250-870-2219

N/A
(Former name or former address, if changed since last report.)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions:

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Shares	ENRT	OTC Markets

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 7.01 Regulation FD Disclosure

On March 3, 2023, Enertopia Corp. ("Enertopia" or the "Company") issued a news release announcing the CEO's video clip entitled: Powering the Future with Lithium, attached as Exhibit 99.1.

On March 7, 2023, the Company issued a news release announcing that its 2023 drilling program at our West Tonopah Lithium project, near Tonopah, Nevada, has commenced with drilling underway on its first hole, DH23-01, attached as Exhibit 99.2.

Item 9.01 Financial Statements and Exhibits

99.1 Press Release dated March 3, 2023

99.2 Press Release dated March 7, 2023

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Enertopia Announces Drilling at WT Lithium Project has commenced

Kelowna, British Columbia--(Newsfile Corp. – March 7, 2023) - **Enertopia Corporation** (OTCQB: ENRT) and (CSE: ENRT) ("Enertopia" or the "Company") a company focused on building shareholder value through a combination of our Nevada lithium claims, intellectual property, & pending patents in the green technology space, is very pleased to provide the following lithium project update.

We are pleased to report our 2023 drilling program at our West Tonopah Lithium project, near Tonopah, Nevada for 12 holes with maximum drilling depths to 450 feet for each hole, for an estimated total drilling program of 5,400 feet has commenced with drilling underway on our first hole, DH23-01.

The program's focus will be on completing drill holes into the known areas of the higher-grade upper claystone horizon, which is currently estimated to cover approximately 640 acres. The additional drill hole data will further help to define the stratigraphic and structural controls affecting claystone deposition & preservation over the area. For reference, the [Clayton Valley project the company sold to Cypress Development Corp](#) in May 2022 covered 160 acres.

Based on last year's drilling data, and the proposed 2023 drilling program, we expect to come up with a measured/indicated and inferred resource over the estimated 640 acres of higher-grade upper claystone horizon. Upon completion of the 2023 drilling program, the Company will commission the writing of an inaugural 43-101 report for the West Tonopah Project which covers 1,760 acres.

If possible, the Company may look at completing a preliminary feasibility study in 2024 pending the 43-101 results and recommendations from the report. Recent pre-feasibility news from American Lithium Corp, on February 1, 2023 which owns the TLC project one mile north of our West Tonopah Project, showed that the Magnesium that is an element that needs to be removed in the lithium extraction process could be turned into MgSO₄ which currently sells for \$150 USD per tonne. In the pre-feasibility report this could have a material positive effect on lowering the cost per tonne to produce Li₂CO₃. This information should also be relative to future development potential on our West Tonopah project.

"I am extremely pleased that the hard work from prior years has set the stage for the next phase of corporate development and look forward to a steady stream of news and advancements in 2023." Stated President Robert McAllister.

For additional project details please visit our website at <https://enertopia.com/>
