

Enertopia Provides August Corporate 2024 Update

Kelowna, British Columbia--(Newsfile Corp. - August 12, 2024) - **Enertopia Corporation** (OTCQB: ENRT) (CSE: ENRT) ("Enertopia" or the "Company") a company focused on building shareholder value through a combination of our Nevada lithium claims, intellectual property, & pending patents in the green technology space, is very pleased to provide the following updates.

Patent pending technology updates:

17/751,305 (Heat Recovery System), we have provided our updated response to the United States Patent Trademark Office (USPTO) and await their further comments.

17/888,320 (Water Producing System for a Liquid Transfer Mat), we have provided our updated response to the United States Patent Trademark Office (USPTO) and await their further comments.

17/979/696 (Energy Management System), we have provided our updated response to the United States Patent Trademark Office (USPTO) and await their further comments.

We expect to hear back from the USPTO in the September - October time period on the above patent applications. It should be noted that it is not uncommon for the above process to take two to three years to be completed. The above pending patents are currently in their second and third years of the patent process.

WT Lithium Project Update:

The Company expects to have results from the lab conducting the second phase WT lithium solution testing results in September. The Company is pleased to announce that it has paid for its 88 West Tonopah Lode claims covering 1,818 acres to the BLM and County fees for the year ending August 31, 2025.

"The Enertopia team of consultants looks forward to continuing to move ahead on our Lithium and technology assets." Stated President Robert McAllister.
