Notes to the Condensed Interim Financial Statements May 31, 2024 (Expressed in Canadian Dollars) (unaudited)

1. Nature of Operations

First Phosphate Corp. (the "Company") was incorporated in British Columbia on September 18, 2006. On June 29, 2022 the Company filed articles of amendment with the Province of British Columbia changing its name from First Potash Corp. to First Phosphate Corp. The address of the Company's corporate office and registered and records office is 1055 West Georgia Street, 1500 Royal Centre, P.O. Box 11117, Vancouver, British Columbia, V6E 4N7. The Company owns and is developing igneous rock phosphate mineral properties in the Saguenay Region of Quebec for the production of phosphoric acid for the production of cathode active material ("CAM") for use in lithium iron phosphate ("LPF") batteries for the electric vehicle industry.

The Company's common shares are listed under the symbol "PHOS" on the Canadian Securities Exchange, "FRSPF" on the OTC Pink Market and "KD0" on the Frankfurt Stock Exchange.

2. Going Concern

These financial statements have been prepared under IFRS Accounting Standards as issued by the International Accounting Standards Board applicable to a going concern, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of operations for the foreseeable future. Accordingly, it does not give effect to any adjustments that may be necessary should the Company be unable to continue as a going concern and, therefore, be required to realize its assets and liquidate its liabilities in other than the normal course of operations and at amounts which may differ from those shown in these financial statements. Such adjustments could be material. The ability of the Company to continue as a going concern is dependent on its ability to continue to obtain equity financing and ultimately achieve profitable operations. While the Company has been successful in arranging financing in the past, the success of such initiatives cannot be assured.

As of May 31, 2024, the Company had accumulated losses of \$26,132,891 since its inception and expects to incur further losses in the development of its business, and had a negative cash flows from operating activities of \$5,844,565 for the three months then ended. This indicates material uncertainties which cast significant doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on its ability to obtain additional equity financing and achieve future profitable operations. While the Company has been successful in arranging financing in the past, the success of such initiatives cannot be assured.

These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

3. Basis of Presentation

(a) Statement of compliance

These condensed interim financial statements have been prepared in accordance with IAS 34, Interim Financial Reporting. They do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual financial statements as at and for the year ended February 29, 2024 ("Annual Financial Statements"). However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements as at and for the year ended February 29, 2024. These unaudited condensed interim financial statements follow the same accounting policies and methods of application as the annual financial statements.

These condensed interim financial statements have been prepared on a historical cost basis, except for financial instruments classified as financial instruments which are measured at fair value through profit or loss. In addition, these condensed interim financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

These financial statements were authorized for issue by the Board of Directors on July 9, 2024.

(b) Functional and presentation currency

These financial statements are presented in Canadian dollars, which is also the functional currency of the Company, unless otherwise stated.

4. Material Accounting Policy Information

In preparing the Company's unaudited condensed interim financial statements for the three months ended May 31, 2024, the Company applied the accounting policies, critical judgments and estimates disclosed in Note 3 and 4 of its financial statements for the year ended February 29, 2024.

Accounting Pronouncements Adopted in the Period

Amendments to IAS 1: Classification of Liabilities as Current or Non-Current and Deferral of Effective Date.

In January 2020, the IASB issued amendments to IAS 1, Presentation of Financial Statements, to provide a more general approach to the presentation of liabilities as current or non-current based on contractual arrangements in place at the reporting date.

Notes to the Condensed Interim Financial Statements May 31, 2024 (Expressed in Canadian Dollars) (Unaudited)

These amendments:

- specify that the rights and conditions existing at the end of the reporting period are relevant in determining whether the Company has a right to defer settlement of a liability by at least twelve months;
- provide that management's expectations are not a relevant consideration as to whether the Company willexercise its rights to defer settlement of a liability; and
- clarify when a liability is considered settled.

On October 31, 2022, the IASB issued a deferral of the effective date for the new guidance by one period to annual reporting periods beginning on or after January 1, 2024 and is to be applied retrospectively. Management has determined that the amendment does not have a material impact on its financial statements.

Recent Accounting Pronouncements

IFRS 18: Presentation and disclosure in the financial statements.

In April 2024, IASB issued IFRS 18 Presentation and Disclosure in Financial Statements replacing IAS 1 Presentation of Financial Statements as the primary source of requirements in IFRS accounting standards for financial statement presentation.

This standard introduces:

- three defined categories for income and expenses (operating, investing and financing) and requiring companies to provide new defined subtotals, including operating profit;
- enhanced transparency of management-defined performance measures requiring companies to disclose explanations of those company-specific measures related to the statement of earnings; and
- enhanced guidance on how companies group information in the financial statements, including guidance on whether information is included in the financial statements or is included in the notes.

IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted, and is to be applied retrospectively for comparative periods. The Company has not yet determined the impact of this standard on its financial statements.

5. Cash and Cash Equivalents and Restricted Cash

Cash and cash equivalents includes cash held at the bank of \$351,673 (February 29, 2024 - \$896,238) and investments in guaranteed investment certificates ("GIC") of \$1,300,000 (February 29, 2024 - \$6,600,000) which comprises of one-year cashable term GICs of \$900,000 and \$400,000 with a maturity date of January 31, 2025, earning annual interest between 4.95% and 5.2% per annum.

Restricted cash is comprised of \$40,000 investment in a GIC (February 29, 2024 - \$25,000). The GIC is a one-year cashable term with a maturity date of April 03, 2025, earning annual interest of 4.75% per annum. The GIC is held as collateral for credit cards issued to officers of the Company.

7. Investments

On January 10, 2023, the Company entered into an investment and licensing option agreement (the "IPL Agreement") with Integrals Power Limited ("IPL") under the terms of which the Company acquired 7,386 IPL shares for £50,000 (\$83,060). Under the terms of the IPL Agreement, IPL granted an option to acquire a license to use IPL technology in a facility of a production capacity of up to 1,000-tonnes of LFP CAM for a further payment of £950,000. IPL also granted the Company another option to acquire, for an additional upfront payment of £1,000,000, a license to use IPL technology in a facility of a production capacity beyond 1,000-tonnes. The Company is committed to a 1.5% royalty per kilogram of LFP CAM sold from a facility that uses IPL technology.

8. Prepaid Financing Expense

On December 29, 2023, the Company entered into a credit facility (the "Credit Facility") with members of its management team and board of directors to establish a revolving credit facility of \$2,100,000 until September 30, 2025. The Company issued 5,250,000 share purchase warrants as compensation for entering into the Credit Facility, of which 2,625,000 warrants vested immediately. The fair value of the vested warrants was estimated to be \$798,188 (Note 13) and is being amortized over the term of the Credit Facility. The remaining warrants vest as advances are taken under the Credit Facility.

A continuity of the prepaid financing expense is as follows:

(a) Lac `a l'Orignal flagship area

The Lac `a l'Orignal flagship properties consist of a series of staked claims and claims acquired under various option agreements. This property is in the exploration stage.

(b) Begin - Lamarche

The Begin - Lamarche properties consist of a series of staked claims and claims acquired under various option agreements. This property is in the exploration stage.

On March 10, 2023, the Company added to its Begin-Lamarche area and acquired 13 mineral claims in this area for a total consideration of \$22,825 through the issuance of 27,173 common shares. The fair value of the consideration has been determined based on the fair value of the common shares on the date of issuance.

(c) Bluesky Area

The Bluesky properties consist of a series of staked claims. These properties are in the early exploration stage. All of the claims are 100% owned by the Company, are free of net smelter royalties and are in good standing.

The Bluesky properties are fully impaired as management has decided not to renew its claims as it is directing its resources to the other mineral properties. Management believes that technical feasibility and commercial viability would come demonstrably quicker for one of the other properties (Lac à l'Orignal or Bégin-Lamarche) as opposed to the Bluesky Property.

11. Share Capital and Contributed Surplus

The authorized capital stock of the Company is an unlimited number of common shares and an unlimited number of preferred shares issuable in series.

The Company has no preferred shares outstanding.

Capital transactions are as follows:

During the three months ended May 31, 2024

- (a) On April 5, 2024, the Company issued 84,616 common shares upon the exercise of RSUs for services received from a consultant. The fair value of the RSUs on the grant date was computed as \$33,000 and was reclassified upon exercise from contributed surplus to capital stock.
- (b) On April 16, 2024, the Company issued 200,000 common shares pursuant to the signing of a collaboration agreement with respect to its proposed phosphate mine and LFP CAM plant project in the Saguenay-Lac-Saint-Jean Region of Quebec, Canada, with a fair value of \$60,000.
- (c) On May 31, 2024, the Company issued 470,250 common shares upon the exercise of RSUs for services received from its officers and directors. The Company also issued 325,933 common shares due to the exercise of RSUs for services received from consultants. The fair value of the RSUs on the grant date was computed as \$334,418 and was reclassified upon exercise from contributed surplus to capital stock.

During the three months ended May 31, 2023

Notes to the Condensed Interim Financial Statements May 31, 2024 (Expressed in Canadian Dollars) (Unaudited)

- (a) On March 1, 2023, the Company issued 184,480 common shares, on the exercise of warrants and \$68,257 was reclassified from shares to be issued to capital stock. On March 9, 2023, the Company issued 53,760 common shares at \$0.25 per share, on the exercise of brokers' warrants, for total proceeds of \$13,440. The fair value of warrants on the grant date was computed as \$7,215 and was reclassified upon exercise from contributed surplus to capital stock.
- (b) On March 10, 2023, the Company issued 27,173 common shares with a fair value of \$22,825 for the purchase of 13 mineral claims in the Begin-Lamarche area (see note 11(b)).
- (c) On April 24, 2023, the Company issued 1,205,217 units at \$0.70 per unit for gross proceeds of \$843,652. Each unit consisted of one share and one half of one common share purchase warrant. Each whole warrant is exercisable for one additional share at a price of \$1.25 until April 24, 2026. The value of share capital of \$614,660 was determined using the fair market value of the shares on the date of issuance and the residual proceeds of \$228,992 were allocated to warrants. The Company paid \$22,760 as brokers' fees and issued 12,514 warrants as brokers' warrants with an exercise price of \$1.25 per share which expire on April 24, 2026. The fair value of the broker warrants was computed as \$2,900 using the Black Scholes pricing model and recorded as share issuance costs.
- (d) On April 24, 2023, the Company issued 1,869,375 FT units at \$0.80 per unit for gross proceeds of \$1,495,500. Each FT unit consists of one flow-through common share and one half of one common share purchase warrant. Each whole warrant is exercisable for one additional non-flow through share at a price of \$1.25 until April 24, 2026. The value of share capital of \$1,140,320 (before deduction of \$186,938 flow-through premium) was determined using the fair market value of the shares on the date of issuance and the residual proceeds of \$355,180 were allocated to warrants. The Company paid \$60,384 as brokers' fees and issued 57,980 warrants as brokers' warrants with an exercise price of \$1.25 per share which expire on April 24, 2026. The fair value of the warrants was computed as \$13,438 using Black Scholes pricing model and recorded to share issuance costs.
- (e) On April 30, 2023, the Company issued 42,857 shares as finder's fees for the above private placements with a fair value of \$21,857. Additionally, the Company incurred legal fees of \$36,218 with respect to the above private placements.
- (f) On May 17, 2023, the Company issued 7,143 common shares at \$0.50 per share for gross proceeds of \$3,572, on the exercise of warrants. The fair value of warrants on the grant date was computed as \$nil, accordingly no amount was reclassified upon exercise from contributed surplus to capital stock.
- (g) On May 30, 2023, the Company issued 4,480 common shares at \$0.25 per share, on the exercise of brokers' warrants, for total proceeds of \$1,120. The fair value of warrants on the grant date was computed as \$600 and was reclassified upon exercise from contributed surplus to capital stock.

Omnibus Plan

On July 26, 2023, the Omnibus Equity Incentive Plan (the "Omnibus Plan") was approved and adopted by the Board, which was implemented on August 25, 2023. The Omnibus Plan replaces the 2022 Plan and establishes an RSU and option plan providing the Company with the flexibility to grant diverse equity awards as part of its objective to attract, retain and motivate highly qualified directors, officers, employees, and consultants. It is a long-term incentive plan that permits the grant of options and RSUs (together, the "Awards"). The purpose of the plan is to promote share ownership of eligible individuals to align the interests of such individuals with the interest of the Company's shareholders.

Under the Omnibus Plan, eligible persons may be allocated a number of Awards as the board deems appropriate, with vesting provisions also to be determined by the board. Upon vesting, eligible participants shall be entitled to receive cash or common shares from treasury to satisfy all or any portion of a vested RSU award. The expiry date of options granted pursuant to the Omnibus Plan is set by the board and must not be later than ten periods from the date of grant.

The Omnibus Plan is a "rolling" share-based compensation plan pursuant to which the aggregate number of common shares reserved for issue under the Omnibus Plan may not exceed twenty percent (20%) of the common shares issued and outstanding at the time of option or RSU grant.

Restricted Share Units

On April 30, 2024, a consultant of the Company was granted 140,000 RSUs. 14,000 RSUs vest on May 31, 2024 and the remaining RSUs vest in increments of 42,000 on August 31, 2024, November 30, 2024 and February 28, 2025.

On May 7, 2024, several consultants of the Company were granted an aggregate of 290,000 RSUs. The RSUs vest as follows: (i) 116,000 on August 31, 2024, (ii) 87,000 on November 30, 2024, and (iii) 87,000 on February 28, 2025.

12. Related Party Transactions

Related parties and related party transactions impacting the accompanying financial statements are summarized below and include transactions with the following individuals or entities:

Notes to the Condensed Interim Financial Statements May 31, 2024 (Expressed in Canadian Dollars) (Unaudited)

Key management personnel

Key management personnel include those persons having authority and responsibility for planning, directing, and controlling the activities of the Company as a whole. The Company has determined that key management personnel consist of executive and non-executive members of the Company's Board of Directors and corporate officers.

Key management personnel compensation is comprised of:

	For the three months ended		
	May 31, 2024 \$	May 31, 2023	
Share based compensation	485,894	194,472	
Management fees	-	144,000	
Professional fees	-	65,000	
Directors' fees	-	43,200	
Financing fees	99,774	-	
Consulting fees	-	30,000	
	585,668	476,672	

There are no amounts owed to related parties as of May 31, 2024.

The financing fee relates to warrants granted by the Company to key management personnel pursuant to the Credit Facility with the management. Further details may be found in Note 8.

13. Financial Instruments

Financial instruments are agreements between two parties that result in promises to pay or receive cash or equity instruments. The Company classifies its financial instruments as follows: cash and cash equivalents, and investments at FVTPL and restricted cash and accounts payable at amortized cost. The carrying values of these instruments approximate their fair values due to their short term to maturity.

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of fair value hierarchy are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly; and

Level 3 – Inputs that are not based on observable market data.

The following table sets forth the Company's financial assets measured at fair value by levels within the fair value hierarchy:

Notes to the Condensed Interim Financial Statements May 31, 2024 (Expressed in Canadian Dollars) (Unaudited)

As at May 31, 2024

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Cash and cash	1,691,673	-	-	1,691,673
equivalents				
Long-term investments			134,687	134,687

The investments in Level 3 include the investment in privately held companies that are not quoted on an exchange. Management believes that the price of the shares in the investee's most recent private placement approximates the fair value.

The Company is exposed in varying degrees to a variety of financial instrument related risks:

Credit risk

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations. The Company is exposed to a significant credit risk as its maximum exposure relates to cash and restricted cash totaling \$1,691,673. The Company mitigates the credit risk of cash by depositing with only reputable financial institutions. The Company also assesses the credit quality of counterparties, taking into account their financial position, past experience and other factors.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company as at May 31, 2024, has \$1,651,673 in cash and cash equivalents and \$40,000 in restricted cash and \$528,735 in financial liabilities, which represents the Company's maximum exposure to liquidity risk.

The Company has no financial liabilities with a contractual maturity greater than one period. As at May 31, 2024, the Company has sufficient working capital to satisfy its financial liabilities.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The risk that the Company will realize a loss as a result of a change in the interest rate is low, as the Company has no investments or liabilities with variable interest rates.

Notes to the Condensed Interim Financial Statements May 31, 2024 (Expressed in Canadian Dollars) (Unaudited)

(b) Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of the Company's financial instruments will fluctuate as a result of changes in foreign exchange rates. As of May 31, 2024, a portion of the Company's financial assets, comprising long-term investments, are held in Great British Pound ("GBP"). 1% change in the exchange rate would result in a change of net loss or gain by \$1,350. The impact of fluctuations in foreign exchange rates is not significant and, accordingly, a sensitivity analysis has not been provided.

(c) Price risk

Price risk is related to equity and commodity price risks. Equity price risk is defined as the potential adverse impact on the Company's earnings due to movements in individual equity prices or general movements in the level of the stock market. Commodity price risk is defined as the potential adverse impact on earnings and economic value due to commodity price movements and volatilities. As the Company holds no significant equity or commodity related investments or assets, the Company has minimal exposure to price risk.

14. Capital Risk Management

The Company considers its capital to be comprised of shareholders' equity.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares. Although the Company has been successful at raising funds in the past through the issuance of capital stock, it is uncertain whether it will continue this method of financing due to the current difficult market conditions.

In order to facilitate the management of its capital requirements, the Company prepares expenditure budgets that are updated as necessary depending on various factors, including successful capital deployment and general industry conditions.

Management reviews the capital structure on a regular basis to ensure that the above objectives are met. There have been no changes to the Company's approach to capital management during the periods ended May 31, 2024. The Company is not subject to externally imposed capital requirements.

15. Segmented Information

The Company has one operating segment involved in the exploration of mineral properties. All of the Company's operations and long-lived assets for the three months ended May 31, 2024 were in Canada.
