**PATRIOT MINEFINDERS INC.**  
(An Exploration Stage Company)  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE PERIOD ENDED APRIL 30, 2014  
(Unaudited)

**1. NATURE AND CONTINUANCE OF OPERATIONS**

Atlantic Resources Inc. was incorporated in the State of Nevada on February 9, 2007 and is in the exploration stage. On March 29, 2012, Atlantic Resources Inc. merged with and into our wholly-owned subsidiary Patriot Minefinders Inc. (the "Company"), a Nevada corporation, to effect a name change from Atlantic Resources Inc. to Patriot Minefinders Inc. The Company was formed solely for the change of name.

The Company is in the early stages of seeking a business opportunity and as is common with any start-up company, it raises financing for its acquisition activities. These condensed interim financial statements have been prepared on the going concern basis, which presumes that the Company will continue operation for the foreseeable future and will be able to realize assets and discharge liabilities in the normal course of business. The Company has incurred a loss of \$84,453, for the nine month period ended April 30, 2014 and has accumulated a deficit during the exploration stage of \$976,378. This raises substantial doubt about the Company's ability to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company's ability to raise additional capital and implement its business plan, which is typical for a start-up company. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Management of the Company ("Management") is of the opinion that sufficient financing will be obtained from external financing and further share issuances to meet the Company's obligations. At April 30, 2014, the Company has working capital deficiency of \$693,216, which would not be sufficient to fund the current level of operations.

**2. BASIS OF PREPARATION**

**Generally accepted accounting principles**

The accompanying unaudited condensed interim financial statements have been prepared in conformity with generally accepted accounting principles of the United States of America ("US GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC") for financial information with the instructions to Form 10-Q and Regulation S-K. Results are not necessarily indicative of results which may be achieved in the future. The unaudited condensed interim financial statements should be read in conjunction with the Company's Annual Report on Form 10-K, which contains the audited financial statements and notes thereto, together with Management's Discussion and Analysis, for the year ended July 31, 2013 filed on October 29, 2013. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with US GAAP have been condensed or omitted pursuant to such SEC rules and regulations.

**Recently Adopted and Recently Issued Accounting Standards**

The Company reviewed significant newly issued accounting pronouncements and concluded that they are either not applicable to the Company's business or that no material effect is expected on the financial statements as a result of future adoption.

**Use of Estimates**

The preparation of these condensed interim financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant areas requiring the use of estimates include the valuation allowance applied to deferred income taxes. Actual results could differ from those estimates, and would impact future results of operations and cash flows.

Of this amount, \$311,008 (July 31, 2013 - \$287,431) represents advances made by Skanderbeg Capital Partners Inc. ("Skanderbeg"), a company that advises the Company's management and does promotional work for the Company. Skanderbeg has made payments on behalf of the Company until such time as the Company is able to complete a financing.

Rent included in general and administration of \$1,725 (2013 - \$6,785) and consulting fees of \$3,421 (2013 - \$6,443) were paid and accrued to Skanderbeg.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

### **SPECIAL NOTE OF CAUTION REGARDING FORWARD-LOOKING STATEMENTS**

CERTAIN STATEMENTS IN THIS REPORT, INCLUDING STATEMENTS IN THE FOLLOWING DISCUSSION, ARE WHAT ARE KNOWN AS "FORWARD LOOKING STATEMENTS", WHICH ARE BASICALLY STATEMENTS ABOUT THE FUTURE. FOR THAT REASON, THESE STATEMENTS INVOLVE RISK AND UNCERTAINTY SINCE NO ONE CAN ACCURATELY PREDICT THE FUTURE. WORDS SUCH AS "PLANS," "INTENDS," "WILL," "HOPES," "SEEKS," "ANTICIPATES," "EXPECTS "AND THE LIKE OFTEN IDENTIFY SUCH FORWARD LOOKING STATEMENTS, BUT ARE NOT THE ONLY INDICATION THAT A STATEMENT IS A FORWARD LOOKING STATEMENT. SUCH FORWARD LOOKING STATEMENTS INCLUDE STATEMENTS CONCERNING OUR PLANS AND OBJECTIVES WITH RESPECT TO THE PRESENT AND FUTURE OPERATIONS OF THE COMPANY, AND STATEMENTS WHICH EXPRESS OR IMPLY THAT SUCH PRESENT AND FUTURE OPERATIONS WILL OR MAY PRODUCE REVENUES, INCOME OR PROFITS. NUMEROUS FACTORS AND FUTURE EVENTS COULD CAUSE THE COMPANY TO CHANGE SUCH PLANS AND OBJECTIVES OR FAIL TO SUCCESSFULLY IMPLEMENT SUCH PLANS OR ACHIEVE SUCH OBJECTIVES, OR CAUSE SUCH PRESENT AND FUTURE OPERATIONS TO FAIL TO PRODUCE REVENUES, INCOME OR PROFITS. THEREFORE, THE READER IS ADVISED THAT THE FOLLOWING DISCUSSION SHOULD BE CONSIDERED IN LIGHT OF THE DISCUSSION OF RISKS AND OTHER FACTORS CONTAINED IN THIS REPORT ON FORM 10-Q AND IN THE COMPANY'S OTHER FILINGS WITH THE SECURITIES AND EXCHANGE COMMISSION. NO STATEMENTS CONTAINED IN THE FOLLOWING DISCUSSION SHOULD BE CONSTRUED AS A GUARANTEE OR ASSURANCE OF FUTURE PERFORMANCE OR FUTURE RESULTS.

### **Plan of Operation**

As at April 30, 2014, we had a cash balance of \$60, compared to a cash balance of \$10,146 as of July 31, 2013

We do not have sufficient funds to cover the anticipated administrative expenses, so we will require additional funding. We anticipate that additional funding will be in the form of equity financing from the sale of our common stock or from loans from Skanderbeg.

Our current cash on hand will not be sufficient to continue as a reporting company as we will need to maintain our periodic filings with the appropriate regulatory authorities and will incur legal and accounting costs. If no other such opportunities are available and we cannot raise additional capital to sustain minimum operations, we may be forced to discontinue business.

Based on the nature of our business, we anticipate incurring operating losses in the foreseeable future. We base this expectation, in part, on the fact that every start-up technology companies ultimately develop into profitable companies. Our future financial results are also uncertain due to a number of factors, some of which are outside our control such as our ability to raise additional funding.

We have not attained profitable operations and are dependent upon obtaining financing to pursue activities. For these reasons our auditors believe that there is substantial doubt that we will be able to continue as a going concern.

### **Results of Operations for Period Ending April 30, 2014**

The following unaudited summary of our results of operations should be read in conjunction with our financial statements for the nine month periods ended April 30, 2014 and 2013.

We have not generated any revenue since inception and are dependent upon obtaining financing to pursue our business activities. For these reasons, our auditors believe that there is substantial doubt that we will be able to continue as a going concern.

### Results of Operations for the Nine Months Ended April 30, 2014 and 2013

Our operating results for the nine month periods ended April 30, 2014 and 2013 and the changes between those periods for the respective items are summarized as follows:

Our expenses decreased during the nine month period ended April 30, 2014 compared to the same period in 2013 primarily as a result of the Company becoming less active while it searched for projects in the current period.

#### **Off Balance Sheet Arrangements**

The Company does not have any off-balance sheet arrangements.

#### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.**

Not Applicable.

#### **ITEM 4. CONTROLS AND PROCEDURES.**

##### **Disclosure Controls and Procedures**

The Securities and Exchange Commission defines the term “disclosure controls and procedures” to mean a Company's controls and other procedures of an issuer that are designed to ensure that information required to be disclosed in the reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Securities Exchange Act of 1934 is accumulated and communicated to the issuer’s management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. The Company maintains such a system of controls and procedures in an effort to ensure that all information which it is required to disclose in the reports it files under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified under the SEC's rules and forms and that information required to be disclosed is accumulated and communicated to principal executive and principal financial officers to allow timely decisions regarding disclosure.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our chief executive officer and chief financial officer concluded that our internal control over financial reporting was not effective as of April 30, 2014 because the following material weakness in internal control over financial reporting existed as of that date.

- (i) lack of segregation of incompatible duties due to insufficient personnel.

A material weakness is a deficiency or a combination of control deficiencies in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of annual or interim financial statements will not be prevented or detected on a timely basis.

##### **Changes in Internal Control over Financial Reporting**

The above noted deficiency in internal control was not reported in earlier financial statements as management thought that the lack of operations made up for these weaknesses. Accordingly, there has been no change in the Company's internal control over financial reporting during the period ended April 30, 2014, that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting. However, as noted above, there has been a change in management's evaluation of those controls.

#### **PART II-OTHER INFORMATION**

##### **ITEM 1. LEGAL PROCEEDINGS.**

None

## **ITEM 1A. RISK FACTORS.**

Prior to making an investment decision investors should consider the investment risks set out below and those described elsewhere in this document, which are in addition to the usual risks associated with an investment in a business at an early stage of development. The directors of the Company consider the risks set out below to be the most significant to potential investors in the Company, but are not all of the risks associated with an investment in securities of the Company. If any of these risks materialize into actual events or circumstances or other possible additional risks and uncertainties of which the Directors are currently unaware, or which they consider not to be material in relation to the Group's business, actually occur, the Group's assets, liabilities, financial condition, results of operations (including future results of operations), business and business prospects, are likely to be materially and adversely affected. In such circumstances, the price of the Company's securities could decline and investors may lose all or part of their investment.

### ***Patriot Will Require Significant Amounts of Additional Capital in the Future***

The Company has limited financial resources. The Company will have further capital requirements as it proceeds to acquire Juliet.

In addition, the Company may incur major unanticipated liabilities or expenses. There can be no assurance that the Company will be able to obtain necessary financing in a timely manner on commercially acceptable terms, if at all.

Volatile demand for technology products may make it difficult or impossible for the Company to obtain debt financing or equity financing on commercially acceptable terms or at all. Failure to obtain such additional financing could result in delay or indefinite postponement of any acquisitions. If the acquisition of Juliet is delayed or cancelled, such delay or cancellation would have a material and adverse effect on the Company's business, financial condition and results of operation.

### ***Currency Risk***

The Company maintains accounts in Canadian and American currency. The Company's equity financings are sourced in Canadian dollars but for the most part it incurs its expenditures in local currencies or in US dollars.
