Loon Energy Corporation

Notes to the Condensed Consolidated Interim Financial Statements For the three months ended March 31, 2012 and 2011 US\$

1. Reporting Entity

Loon Energy Corporation (the "Company") was incorporated pursuant to the provisions of the *Business Corporation Act* (Alberta) on October 30, 2008 in conjunction with the reorganization of Loon Energy Inc. ("Loon"). The reorganization of Loon resulted in the Company receiving the net assets associated with resource properties located in Colombia and Peru. Upon implementation of the re-organization, Loon's name was changed to Kulczyk Oil Ventures Inc. ("Kulczyk Oil").

2. Basis of Preparation

(a) Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34 Interim Financial Reporting and do not include all the information required for full annual financial statements.

These condensed interim financial statements have been prepared following the same accounting policies and methods of computation as the financial statements of the Corporation for the year ended December 31, 2011. The disclosures provided herein are incremental to those included with the annual financial statements and certain disclosures, which are normally required to be included in the notes to the annual financial statements, have been condensed or omitted. These condensed interim financial statements should be read in conjunction with the financial statements and notes thereto in the Corporation's annual filings for the year ended December 31, 2011.

These condensed consolidated interim financial statements were approved by the Company's Board of Directors on May 29, 2012.

(b) Going concern

The Company is an oil and gas exploration and development company. The Company's only properties at present are in Colombia, and have no proved reserves and do not generate any production revenue.

These condensed consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities in the normal course of business and do not reflect adjustments that would otherwise be necessary if the going concern assumption was not valid. To date, the Company's exploration and development operations have been financed by way of equity issuances, debt facilities and by farm-out arrangements with third parties who pay for all or a portion of the Company's expenditures to earn a portion of the Company's ownership interests. The Company's cash and existing farm-out arrangements in place are not sufficient to fund the existing \$0.2 million working capital deficit, ongoing operations and any development program for the next twelve months and this condition creates a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. Additional equity, debt or farm-out arrangements will be required and there are no guarantees that such additional capital funding will be available when needed.

3. Share capital

The Company is authorized to issue an unlimited number of common shares and an unlimited number of preferred shares. On February 13, 2012, the board of directors of the Company resolved to consolidate the common shares of the Company on the basis of ten pre-consolidation common shares for one post-consolidation common share. The shareholders subsequently approved this share consolidation. Accordingly, share transactions and balances, and per share disclosures have been revised to reflect the impact of the consolidation for all periods presented.

4. Stock based compensation

During the three month period ended March 31, 2012, the Company recorded \$44,412 (2011 – \$128,347) of stock based compensation expense. Options vest annually with one third vesting immediately and one third vesting on the first and second

5. Related party transactions

The Company has no employees, and management and administrative services are provided by the management and staff of Kulczyk Oil pursuant to a services agreement. Administrative costs incurred by Kulczyk Oil for the benefit of the Company are allocated to the Company based on specific identification and an allocation of administrative costs that relate to both Kulczyk Oil and the Company. For the three months ended March 31, 2012, these fees totalled \$3,150 (2011 - \$3,150). At March 31, 2012, the Company owed \$11,550 (December 31, 2011 - \$8,400) to Kulczyk Oil for these services. Certain expenditures of the Company are paid by Kulczyk Oil on behalf of the Company and as at March 31, 2012 the Company owed \$48,570 (December 31, 2011 - \$49,718) for these costs. Kulczyk Oil and the Company are related as they have four common directors and officers and the same principal shareholder.

Kulczyk Oil remains legally responsible for a guarantee issued in August 2007 ("the **Loon Peru Guarantee**") to the Government of Peru regarding the granting of the Block 127 license contract to Loon Peru Limited, a wholly-owned subsidiary of the Company. The Company has entered into an indemnification agreement with Kulczyk Oil in respect of the Loon Peru Guarantee. The transfer of the Loon Peru Guarantee from Kulczyk Oil to the Company requires the formal approval of the Government of Peru which has not yet been obtained. The Company has fulfilled its work commitments under the first phase of the exploration program, and the Company and its partners in the Block announced on October 25, 2010 that the joint venture will not proceed to the second exploration phase and are in the process of formally relinquishing Block 127.

6. Subsequent Event

On April 11, 2012 the Board of Directors passed a resolution to offer a private placement of up to 10 million common shares at an issue price of \$0.10 per common share for aggregate gross proceeds of \$1 million. The offer has been fully subscribed and subscribers will be required to refrain from trading shares for a four month period after closing. The Company expects to receive proceeds totalling \$1 million less estimated issue costs of \$25,000 by June 15, 2012. Receipt of proceeds is subject to closing of the subscription agreements. Proceeds of the financing will be used to seek additional oil and gas opportunities and for general corporate purposes.
