IMPORTANT

Only holders of Common Shares of record at the close of business on September 3, 2014 are entitled to notice of the Meeting and only those holders of the Common Shares of record at the close of business on September 3, 2014, or who subsequently become shareholders and comply with the provisions of the *Business Corporations Act* (Alberta) and follow the procedures set out in the Circular in the section entitled “Record Date”, are entitled to vote at the Meeting.

The use of any of the words “anticipate”, “estimate”, “expect”, “may”, “will”, “should”, “believe”, “intend” and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. The Corporation believes that the expectations reflected in those forward-looking statements that are applicable to them are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-looking statements included in this Circular should not be unduly relied upon. These forward-looking statements speak only as of the date of this Circular.

The actual results could differ materially from those anticipated in these forward-looking statements and information as a result of, among other things, the risk factors set forth below:

- volatility in market prices for oil and natural gas;
- liabilities inherent in oil and natural gas operations;
- ability to satisfy substantial capital requirements;
- uncertainties associated with estimating oil and natural gas reserves;
- competition for, among other things, capital, acquisitions of reserves, undeveloped lands and skilled personnel;
- incorrect assessments of the value of acquisitions and exploration and development programs;
- geological, technical, drilling and processing problems; and
- failure to realize the anticipated benefits of acquisitions.

In addition to other factors and assumptions which may be identified in this Circular, assumptions have been made in respect of such forward-looking statements and information regarding, among other things: the impact of competition; the general stability of the economic and political environment in which the Corporation operates; the timely receipt of shareholder approvals and any required regulatory approvals; the ability of the Corporation to obtain qualified staff, equipment and services in a timely and cost efficient manner; the ability of the Corporation to obtain financing on acceptable terms; the ability to replace and expand oil and natural gas reserves through acquisition, development and exploration; future oil and natural gas prices; and currency, exchange and interest rates. Although the Corporation believes that the expectations reflected in such forward-looking statements or information are reasonable, undue reliance should not be placed on forward-looking statements and information as the Corporation can give no assurance that such expectations will prove to be correct.

MANAGEMENT INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF THE HOLDERS OF COMMON SHARES TO BE HELD ON OCTOBER 8, 2014

THIS MANAGEMENT INFORMATION CIRCULAR (the “Circular”) IS FURNISHED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY OR ON BEHALF OF THE MANAGEMENT OF LOON ENERGY CORPORATION (the “Corporation” or “Loon”) for use at the Annual General and Special Meeting of the holders (the “Shareholders”) of common shares (the “Common Shares”) of the Corporation to be held at the offices of the Corporation at Suite 1500, 700 – 4th Avenue SW, Calgary, Alberta, T2P 3J4 on Wednesday, October 8, 2014, at 3:00 p.m. (Calgary time), and at any adjournment thereof (the “Meeting”) for the purposes set forth in the accompanying Notice of Annual General and Special Meeting of Shareholders. Information contained in this Circular is given as at August 26, 2014.

SOLICITATION OF PROXIES

The solicitation of proxies in connection with the Meeting is made on behalf of the management of the Corporation. Although it is expected that the solicitation of proxies will be primarily by mail, proxies may be solicited by personal interview, telephone or other means of communication and by directors, officers and employees of the Corporation, who will not be specifically remunerated therefore. The cost of any such solicitation will be borne by the Corporation.

RECORD DATE

The board of directors of the Corporation (the “Board of Directors”) has fixed the record date for the Meeting as the close of business on September 3, 2014 (the “Record Date”). Only registered holders of Common Shares on the Record Date are entitled to notice of the Meeting and to vote thereat, unless after the Record Date, a registered holder transfers its Common Shares and the transferee, upon producing properly endorsed certificates evidencing such Common Shares or otherwise establishing that it owns such Common Shares, requests not later than 10 days before the Meeting that the transferee’s name be included in the list of Shareholders entitled to vote, in which case such transferee shall be entitled to vote such Common Shares at the Meeting.

APPOINTMENT AND REVOCATION OF PROXIES

Registered Shareholders may vote in person at the Meeting or they may appoint another person, who does not have to be a Shareholder, as their proxy to attend and vote in their place. The persons named in the enclosed instrument of proxy are Norman W. Holton, the President and Chief Executive Officer of the Corporation, and Edwin Beaman, the Vice President Operations & Engineering of the Corporation and Tracy H. Heck, the Chief Financial Officer of Serinus Energy Inc. (“**Serinus Energy**”).

A SHAREHOLDER SUBMITTING A PROXY HAS THE RIGHT TO APPOINT A PERSON OR COMPANY TO REPRESENT THE SHAREHOLDER AT THE MEETING OTHER THAN THE PERSONS DESIGNATED IN THE INSTRUMENT OF PROXY FURNISHED BY THE CORPORATION. TO EXERCISE THIS RIGHT, THE SHAREHOLDER SHOULD INSERT THE NAME OF THE DESIRED REPRESENTATIVE IN THE BLANK SPACE PROVIDED IN THE INSTRUMENT OF PROXY AND STRIKE OUT THE MANAGEMENT DESIGNEES PROVIDED IN THE INSTRUMENT OF PROXY OR SUBMIT ANOTHER APPROPRIATE PROXY.

In order to be effective, the proxy must be mailed so as to be deposited at the office of the Corporation’s registrar and transfer agent, Computershare Trust Company of Canada, at Suite 600, 530 – 8th Avenue SW, Calgary, Alberta, T2P 3S8, at any time, not less than 48 hours prior to the Meeting or any adjournment or adjournments thereof, excluding Saturdays, Sundays and statutory holidays. The instrument appointing a proxy shall be in writing under the hand of the Shareholder or his attorney, or, if such Shareholder is a corporation, under its corporate seal or executed by a director, officer or attorney thereof duly authorized.

A Shareholder who has submitted a proxy may revoke it by instrument in writing executed by the Shareholder or his attorney authorized in writing, or, if the Shareholder is a corporation, under its corporate seal or executed by a director, officer or attorney thereof duly authorized and deposited:

- (a) at the registered office of the Corporation, 1500, 700 – 4th Avenue S.W. Calgary, Alberta T2P 3J4, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or adjournments thereof, at which the proxy is to be used;
- (b) with the chairman of the Meeting on the day of the Meeting or any adjournment or adjournments thereof; or
- (c) in any other manner permitted by law.

In addition, a proxy may be revoked by the Shareholder personally attending the Meeting and voting its Common Shares.

Beneficial Shareholders (as defined below) who wish to revoke their proxy must arrange for their respective broker/intermediary to revoke the proxy on their behalf within the time specified by such broker/intermediary.

EXERCISE OF DISCRETION BY PROXY HOLDERS

All Common Shares represented at the Meeting by properly executed proxies will be voted. Where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented by the proxy will be voted for or against the matters in accordance with such

specification. **IN THE ABSENCE OF ANY SUCH SPECIFICATION, SUCH COMMON SHARES WILL BE VOTED “FOR” ALL OF THE MATTERS SET FORTH IN THE CIRCULAR.**

The enclosed instrument of proxy confers discretionary authority upon the management designees, or other persons named as proxy therein, with respect to amendments to or variations of matters identified in the Notice of Meeting, the Circular and any other matters which may properly come before the Meeting. At the time of printing of the Circular, the Corporation is not aware of any amendments to, or variations of, or other matters which may come before the Meeting. In the event that other matters come before the Meeting, the management designees in the instrument of proxy intend to vote in accordance with the discretion of the management of the Corporation.

ADVICE TO BENEFICIAL HOLDERS OF SECURITIES

The information set forth in this section is of significant importance to many public Shareholders of the Corporation, as a substantial number of the public Shareholders of the Corporation do not hold Common Shares in their own name.

Shareholders who do not hold their Common Shares in their own name (referred to in this Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases, those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will likely be registered under the name of the Beneficial Shareholder's broker or an agent of that broker. In Canada, the majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. **Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for the broker's clients. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the instrument of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the instrument of proxy provided to registered Shareholders of the Corporation. However, its purpose is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a Voting Information Form ("**VIF**") and mails the VIF to the Beneficial Shareholders and asks Beneficial Shareholders to return the VIF to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at a meeting. **A Beneficial Shareholder receiving a VIF from Broadridge cannot use that VIF to vote Common Shares directly at the Meeting. The VIF must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of its broker (or an agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote the

Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the VIF provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

VOTING COMMON SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares and an unlimited number of preferred shares issuable in series.

As at the Record Date and as of the date hereof, there are 19,949,137 Common Shares issued and outstanding and entitled to vote at the Meeting on the basis of one vote for each Common Share held. No preferred shares are issued or outstanding as at the Record Date or as of the date hereof.

To the knowledge of the directors and executive officers of the Corporation, as at the date hereof, the only Shareholder of the Corporation that beneficially owns, or controls or directs, directly or indirectly, 10% or more of the Common Shares is Kulczyk Investments S.A. (“**KI**”). KI is a private corporation organized under the laws of Luxembourg which owns 6,755,209 Common Shares (representing approximately 33.9% of the Common Shares). KI is controlled by Dr. Jan J. Kulczyk. As a result of an agreement in place between Radwan Investments GmbH (“**Radwan**”) and KI dated September 15, 2010, under which Radwan is obliged to vote any securities it holds pursuant to such agreement in accordance with the directions of KI, KI may also be considered to direct 752,768 Common Shares owned by Radwan, representing approximately 3.8% of the issued and outstanding Common Shares. KI and Radwan collectively hold 7,507,977 Common Shares or approximately 37.6% of the issued and outstanding Shares.

As of the date hereof, the directors and executive officers of the Corporation and KI collectively own, or control or direct, directly or indirectly, 13,599,394 Common Shares, representing approximately 68.3% of the Common Shares.

MATTERS TO BE ACTED UPON AT THE MEETING

The following are the matters to be acted upon at the Meeting.

1. Presentation of Financial Statements

The audited consolidated financial statements of the Corporation as at, and for the years ended December 31, 2013 and 2012, together with the auditor's reports thereon, were mailed to the Shareholders who have requested such financial statements in accordance with applicable securities laws, together with this Information Circular. These financial statements are also available on the Internet on the Corporation's profile maintained on the Canadian System for Electronic Document Analysis and Retrieval (“**SEDAR**”) located at www.sedar.com. No formal action will be taken at the Meeting to approve the financial statements, which have already been approved by the board of directors of the Corporation.

Directors are elected annually. There are currently seven directors of the Corporation. Unless otherwise directed, it is the intention of management to vote proxies in the accompanying form in favour of an ordinary resolution fixing the number of directors to be elected at the Meeting at seven and in favour of each of the board nominees of management set forth below. If for any reason any of the proposed nominees does not stand for election or is unable to serve as such, the management designees reserve the

right to vote for any other nominee in their sole discretion unless the appointing Shareholder has specified in its Instrument of Proxy that its Common Shares are to be withheld from voting on the election of directors.

The name, province and country of residence of the persons nominated for election as directors, the number of voting securities of the Corporation beneficially owned, or controlled or directed, directly or indirectly by him as of the date hereof, the year he first became a director and the current principal occupation and occupation in the previous five years of each director nominee are set forth below.

Cease Trade Orders, Bankruptcies, Penalties and Sanctions

To the knowledge of management of the Corporation, unless otherwise disclosed herein, no proposed director

- (a) is, or has been within 10 years of the date of this Circular, a director or chief executive officer or chief financial officer of any company, including the Corporation, that:
 - (i) while such proposed director was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation for a period of more than 30 consecutive days;
 - (ii) was subject to an order that was issued, after the director ceased to be a director, chief executive officer or chief financial officer of that company, and which resulted from an event that occurred while that person was acting in the capacity of a director, chief executive officer or chief financial officer; or
- (b) is, as of the date of this Circular, or has been within 10 years before the date of this Circular, a director or executive officer of any company that, while such proposed director was acting in that capacity, or within a year of such proposed director ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceeding, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has, within 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceeding, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

To the knowledge of management of the Corporation, no proposed director has been subject to

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

2. Appointment of Auditor

Unless otherwise directed, it is management's intention to vote the proxies in favour of an ordinary resolution to re-appoint KPMG LLP, to serve as auditor of the Corporation until the next annual meeting of shareholders and to authorize the directors to fix its remuneration as they determine appropriate. KPMG LLP was first appointed as the auditor of the Corporation on October 30, 2008.

3. Re-Approval of the Stock Option Plan

At the Meeting, shareholders will be asked to consider and, if thought appropriate, approve an ordinary resolution (the "**Plan Resolution**") re-approving the Corporation's stock option plan (the "**Option Plan**")

on the terms set out below. The Option Plan, first established on November 4, 2008, is attached as Schedule A.

The Option Plan is made in accordance with the TSX-V policy on listed company share incentive arrangements. The purpose of the Option Plan is to afford persons who provide services to the Corporation, whether as directors, officers, management, employees or otherwise, an opportunity to obtain a proprietary interest in the Corporation by permitting them to purchase shares of the Corporation. The Option Plan also aims to attract qualified individuals to the Corporation and to retain and encourage the continued involvement of such persons with the Corporation.

The Option Plan is administered by the Board of Directors who will, from time to time, grant stock options to eligible participants. Directors, officers, employees and consultants of the Corporation and its subsidiaries are eligible to participate in the Option Plan.

The aggregate number of authorized but unissued Common Shares allocated and made available to be granted to eligible participants under the Option Plan may not exceed 10% (on a non-diluted basis) of the outstanding Common Shares at any time. At no time may the number of Common Shares reserved or granted under stock options exceed 10% of the aggregate number of the then issued and outstanding Common Shares. The Common Shares in respect of which stock options are not exercised shall be available for subsequent stock option grants. The terms of any stock options granted shall be for a period of time determined by the Board of Directors in its discretion, provided that the term may not exceed five years and will be subject to earlier automatic termination when the holder ceases to be an eligible participant in accordance with the terms of the Option Plan. According to the Option Plan, the exercise price of the Common Shares purchased pursuant to each Option shall not be less than the price permitted by any stock exchange on which the Common Shares are then listed or other regulatory body having jurisdiction. The exercise price of options granted by the Corporation is recommended by the Compensation & Corporate Governance Committee and determined by the Board of Directors subject to the terms of the Option Plan. The exercise price is generally either based on the closing trading price of the Corporation's shares on the TSX-V on the day before the grant or on a higher price if the Corporation has recently undertaken a financing at such higher price.

The aggregate number of Common Shares subject to a stock option to an eligible participant under the Option Plan will be determined by the Board of Directors, but no participant may be granted stock options representing more than 5% of the Common Shares on a non-diluted basis (the maximum number permitted by the TSX-V to be granted to any one individual in a year). The aggregate number of stock options to be granted to any consultant or any participant conducting investor relation activities shall not exceed 2% of the issued and outstanding Common Shares (on a non-diluted basis) within any 12-month period. Please refer to the discussion under "Statement of Executive Compensation – Incentive Plans" for more information.

In accordance with the rules of the TSX-V, rolling plans such as the Option Plan must be re-approved by shareholders on an annual basis. If the Option Plan is not re-approved, options already granted under the Option Plan will not be affected, but the Corporation will not be permitted to grant additional options under the Option Plan and will therefore be required to consider how it will compensate its directors and officers. Accordingly, at the Meeting, Shareholders will be asked to consider and, if thought appropriate, approve the Plan Resolution, substantially in the form set forth below:

“RESOLVED THAT:

- (a) the stock option plan of Loon Energy Corporation (the “**Corporation**”) dated November 4, 2008, is hereby confirmed, ratified, authorized and approved; and
- (b) any director or officer of the Corporation is hereby authorized and directed to do all such things and execute, for and on behalf of the Corporation, all such documents and other instruments as may be necessary or desirable in order to give effect the foregoing resolutions.”

In order for the Option Plan to be implemented, the Plan Resolution must be approved by a majority of the votes cast by shareholders present in person or represented by proxy at the Meeting.

Unless otherwise directed, the persons named in the enclosed form of proxy, if named as proxy holder, intend to vote for the Plan Resolution.

4. Other Matters

Management knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Annual General and Special Meeting. However, if any other matter properly comes before the Meeting, each duly completed and submitted Instrument of Proxy will be voted on such matter in accordance with the best judgment of the person or persons voting the proxy.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Management of the Corporation is not aware of any material interest, direct or indirect, of any director or nominee for director, or executive officer of the Corporation or anyone who has held office as such since the beginning of the Corporation’s last financial year or of any associate or affiliate of any of the foregoing in any matter to be acted on at the Meeting referred to in the Notice of Annual General and Special Meeting, other than the election of directors and the re-approval of the Option Plan, pursuant to which the directors and executive officers are eligible to receive stock options.

In respect of other matters to come before the Meeting, most of the directors of the Corporation are associated with other companies or entities, which may give rise to conflicts of interest. Where required by law, the applicable directors will make appropriate disclosure of such conflicts. In particular, the Corporation will comply with the requirements of the ABCA. These provisions state that, in the event a director has an interest in a contract or proposed contract or agreement, such director shall disclose his or her interest in such contract or agreement and shall refrain from voting on any matter in respect of such contract or agreement unless otherwise permitted by the ABCA.

MANAGEMENT CONTRACTS

The Corporation and Serinus Energy have entered into a services agreement (the “**Services Agreement**”), pursuant to which Serinus Energy provides services in respect of the management, development, exploitation and operation of the assets acquired by the Corporation. Serinus Energy also provides various administrative services, as well as access to geological and technical data relating to the assets. Pursuant to the Services Agreement, Serinus Energy and the Corporation pay their respective shares of the general and administrative costs of Serinus Energy and the Corporation based upon an evaluation of the relative levels of activity of each of Serinus Energy and the Corporation, giving consideration to the time commitment required by Serinus Energy personnel. The Services Agreement commenced on January 1, 2009 and can be terminated upon six months’ notice by either party or upon the occurrence of certain other events. The Services Agreement requires the Corporation to pay Serinus Energy \$1,000 per

month for general management services provided under the agreement and for technical services on the basis of time spent. During the 2013 fiscal year the Corporation paid a total of \$11,654 (2012: \$12,081) to Serinus Energy in accordance with the Services Agreement. Serinus Energy is an ABCA corporation located at Suite 1500, 700 – 4th Avenue S.W., Calgary, Alberta.

The following individuals, being the directors and officers of Serinus Energy who are not also directors and officers of the Corporation, are informed persons of Serinus Energy for the purposes of the *National Instrument 51-102 – Continuous Disclosure Obligations*: Sebastian Kulczyk (Luxembourg), Gary R. King (Dubai, United Arab Emirates), Stephen Akerfeldt (Toronto, Ontario, Canada), Helmut Langanger (Strasshof, Austria), Evgenij Iorich (Zug, Switzerland), Jakub Korczak (Warsaw, Poland), Trent Rehill (Tunis, Tunisia), Tracy Heck (Calgary, Alberta, Canada) and Aaron LeBlanc (Calgary, Alberta, Canada). Rose (Moyie, British Columbia, Canada) and Alec Silenzi (Calgary, Alberta, Canada), are informed persons of the Corporation and are resident in the noted jurisdictions. KI (Luxembourg) is an informed person of both the Corporation and Serinus Energy. No indebtedness exists between the Corporation and any of the informed persons (or any informed person’s affiliates) noted above.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The information that follows in this “Statement of Executive Compensation” section is for the year ended December 31, 2013.

General

As discussed further below, in the year ended December 31, 2013, the Corporation did not directly compensate its executive officers and, other than grants of options in November 2010 and August 2012, and share issuances in November 2010 for past services rendered. As at December 31, 2013 no compensation had ever been paid directly by the Corporation to any of its executive officers. Instead, the Corporation is managed on a contract basis by Serinus Energy, some of the executive officers of which perform the management functions of the Corporation. For additional information on this management arrangement, please see the section entitled “Management Contracts”, above. Although several of these officers are also officers of the Corporation, they receive compensation only from Serinus Energy, not the Corporation. Serinus Energy, in turn, receives a fixed monthly payment of \$1,000 under the terms of the Services Agreement for providing certain services to the Corporation, including the management services of certain executives. The Services Agreement does not specify how much of the monthly \$1,000 payment is attributable to any given officer or for any given service – it is an aggregate fee paid for all of the management services rendered by Serinus Energy, including administrative support, other finance, accounting and legal personnel, office space and related overhead, computer hardware and software and general accounting, financial and legal services.

The Board of Directors and the Compensation and Corporate Governance Committee have not formally considered the implications of the risks associated with the Corporation’s compensation policies and practices. In situations where the Corporation directly compensates its officers, the Corporation’s compensation practices give greater weight toward long-term incentives than short-term incentives with a view to mitigating the risk of encouraging short-term goals at the expense of long-term sustainability and the enhancement of shareholder value. The discretionary nature of the option grants are significant elements of the Corporation’s compensation plans and provide the Board of Directors and the Compensation and Corporate Governance Committee with the ability to reward individual and corporate

performance and individual behaviour that the Board of Directors and the Compensation and Corporate Governance Committee consider to be aligned with the best intent of the Corporation.

Financial Instruments

The Corporation does not have in place any financial instruments including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities (or options in respect thereof) granted as compensation or held, directly or indirectly, by a Named Executive Officer (“NEO”) or a director.

Stock Options

The Corporation has established the Option Plan under which the Corporation’s directors and officers are eligible to receive stock options, if granted by the Board of Directors. As at December 31, 2013, 688,500 stock options remained outstanding and as of the date hereof 688,500 options remain outstanding.

Stock options may be granted under the Option Plan to directors, officers, employees and consultants. This form of compensation is intended to align executive, employee, consultants and shareholder interests by attempting to create a direct link between compensation and shareholder return.

Participation in the Option Plan rewards overall corporate performance, as measured with reference to the price of the Corporation’s Common Shares, which are traded on the TSX-V. The Board of Directors, with the advice and upon the recommendation of the Compensation and Corporate Governance Committee, determines the exercise price and the number of stock options to grant to each director, officer, employee or consultant on an annual basis by considering the performance of such person and the performance of the Corporation. The outstanding amount of previously granted stock options to an individual is also taken into account when considering new option grants.

The process the Corporation uses to grant share-based or option-based awards to executive officers is not formalized. The number, timing, vesting terms and exercise price of options granted by the Corporation to executive officers is recommended by the Compensation and Corporate Governance Committee and determined by the Board of Directors subject to the terms of the Option Plan. Many matters are taken into account when considering new grants, including corporate performance, individual performance and previous grants. The discretionary nature of the option grants are significant elements of the Corporation’s compensation plans and provide the Board of Directors and the Compensation and Corporate Governance Committee with the ability to reward individual and corporate performance and individual behaviour that the Board of Directors and the Compensation and Corporate Governance Committee consider to be aligned with the best intent of the Corporation.

Share Based Awards

The Corporation does not grant share-based awards to executive officers on a regular basis and, as such, there is currently no formal process in place for determining the terms of such grants.

Summary of Compensation Received by Named Executive Officers

For the purposes of compensation disclosure under *National Instrument 51-102 – “Continuous Disclosure Obligations”*, the NEOs of the Corporation are Norman Holton (President and Chief Executive Officer) and Paul Rose (Chief Financial Officer). In November 2010, Mr. Holton was issued 100,000 Common Shares for his services provided as an executive officer of the Corporation. At the same time, three executive officers of Serinus Energy were issued an aggregate of 250,000 shares of the Corporation for services provided by them to the Corporation. In addition, stock options have been

awarded to the NEOs in 2010 and 2012. The options granted to Norman Holton in 2010 were cancelled during 2012. Other than as noted above, no executive officer has received compensation in his capacity as an executive officer of the Corporation, whether by cash payment or otherwise, from the time of incorporation up to December 31, 2012. The Corporation does not currently have a pension plan or similar benefit program in place and no perquisites have been received by the NEOs from the Corporation during such period.

Mr. Holton is the Vice Chairman of Serinus Energy, the company that provides the Corporation with management services under the Services Agreement. The object of this arrangement is to provide certain economies of scale that can be obtained by Serinus Energy and the Corporation sharing management services. As Vice Chairman of Serinus Energy, Mr. Holton is a full-time employee of Serinus Energy. For the year ended December 31, 2013, Mr. Holton received a salary of CAD\$288,000 and a bonus of CAD\$288,000 from Serinus Energy, which comprised his total compensation from Serinus Energy in that year. Mr. Holton's compensation is in respect of all of his duties, including the management services he provides to the Corporation under the Services Agreement. No specified portion of his total compensation is specifically attributable to the services rendered to the Corporation under the Services Agreement.

Mr. Rose was the Chief Financial Officer of Serinus Energy until his resignation in December 2013. Serinus Energy was responsible for Mr. Rose's remuneration, including his base salary of CAD\$265,000 and a bonus of CAD\$66,250 for the year ended December 31, 2013. Mr. Rose's compensation was in respect of all of his duties, including the management services he provided to the Corporation under the Services Agreement. No specified portion of his total compensation is specifically attributable to the services rendered to the Corporation under the Services Agreement.

The following table sets forth information concerning the total compensation paid by the Corporation to the NEOs for the Corporation's three most recently completed financial years, ending on December 31, 2013, 2012 and 2011, respectively.

Weighted average fair value per option	\$0.05	\$0.12

The above table reflects the issuance of options in 2010 after taking into consideration the share consolidation that occurred during April 2012.

In April 2012, the Corporation's shareholders authorized the re-pricing of the exercise price for the stock options granted by the Corporation on November 25, 2010 from \$1.30 to \$0.16. This re-pricing allows the holders of such options to exercise their stock options at a lower price than the exercise price specified in the original grant. The re-pricing affects stock options held by Paul Rose.

Incentive Plans

Stock Option Plan

The Corporation has an Option Plan which permits the granting of stock options to purchase Common Shares to directors, officers, employees and consultants of the Corporation. The purpose of the Option Plan is to afford persons who provide services to the Corporation, whether as directors, officers, management, employees or otherwise, an opportunity to obtain a proprietary interest in the Corporation by allowing them to purchase Common Shares in the capital of the Corporation and to aid in attracting as well as encouraging the continued involvement of such persons with the Corporation.

The Option Plan currently limits the number of Common Shares that may be delivered upon the exercise of Options to a number not exceeding 10% of the number of Common Shares which are outstanding at the time of granting (on a non-diluted basis). Stock options granted pursuant to the Option Plan have a term not exceeding five years and vest in such manner as determined by the Board of Directors. The exercise price of the Options granted pursuant to the Option Plan is determined by the Board of Directors at the time of grant, provided that the exercise price shall not be less than the price permitted by any stock exchange on which the Common Shares are listed or any other regulatory body having jurisdiction.

In the event that a holder of stock options ceases to be a director, officer, employee or consultant of the Corporation or a subsidiary of the Corporation for any reason, including without limitation, resignation, dismissal or otherwise but excluding death, that holder of stock options may within 90 days from the date of ceasing to be a director, officer, employee or consultant, exercise his or her stock options, but only to the extent that he or she was entitled to exercise such stock options at the date of cessation. In the event of death of the holder, the stock options previously granted to him or her shall be exercisable only within six months following the date of the death of the holder or prior to the time of expiry of such stock options, whichever is earlier, and then only by the person or persons to whom the holder's rights shall pass by the holder's will or the laws of descent and distribution, and if and to the extent that the holder was entitled to exercise the stock option at the date of his or her death.

The policies of the TSX-V require that the Option Plan be approved every year by the shareholders of the Corporation. As of December 31, 2013 there are 688,500 options outstanding at weighted average exercise price of \$0.13.

The directors of the Corporation were entitled to be paid an honorarium of \$3,000 per quarter and a fee of \$1,000 for each Board of Directors or committee meeting attended up to March 31, 2012, when the Board resolved to suspend Directors fees, given the current activities of the Corporation. This amount was intended to compensate the directors for their time and effort in overseeing the management of the Corporation. Each of the non-management directors are also entitled to participate in the Option Plan. Directors of the Corporation who are also officers of Serinus Energy do not receive any honorarium or meeting fees. Accordingly, during the fiscal year ended December 31, 2013 honoraria and fees were earned by the following directors in the following amounts: Richard W. Elliott, 2013: nil (2012: \$6,000); Kenneth R. Heuchert, 2013: nil (2012: \$6,000); Manoj N. Madnani, 2013: nil (2012: \$6,000); and Michael A. McVea, 2013: nil (2012: \$5,750). Orientation and Continuing Education

The Corporation does not currently have a formal orientation and education program for new members of the Board of Directors. However, the Corporation provides orientation and education on an informal basis to new directors. As new directors join the Board of Directors, management provides these individuals with corporate information, as well as information on the general duties and responsibilities entailed in carrying out their duties. All directors are encouraged to participate in educational opportunities for directors that are available through third parties.

Ethical Business Conduct

The Board believes that the fiduciary duties placed on individual directors by the ABCA, the common law and securities legislation have been sufficient to ensure that the Board of Directors operates independently of management and in the best interests of the Corporation.

Nomination of Directors

At present, the Board of Directors has not identified the need to add any new directors and the Board of Directors does not have a nomination committee. However, all members of the board are mindful of the potential value of new board members. Due to the current size of the Board of Directors and the fact that there are no mandatory terms or term limits, the Corporation expects that, in most circumstances, it will receive adequate notice to replace any current member of the Board of Directors who should wish to retire.

It is expected that any new candidates will be identified having regard to: (i) the competence and skills that the Board of Directors considers to be necessary for the Board of Directors, as a whole, to possess; (ii) the competence and skills that the Board of Directors considers each existing director to possess; (iii) the competencies and skills that each new nominee will bring to the boardroom; and (iv) whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board of Directors.

Compensation

The Board of Directors has a Compensation and Corporate Governance Committee. The Compensation and Corporate Governance Committee is responsible for (i) evaluating senior management; and (ii) developing appropriate compensation policies for the senior management and directors of the Corporation. Honoraria and fees have been paid in past years to directors for attending meetings of the Board of Directors and committee meetings. This amount is intended to compensate the directors for their time and effort in overseeing the management of the Corporation. Other than as noted under the headings “Management Contracts” and “Statement of Executive Compensation”, no compensation is directly paid by the Corporation to its officers. Accordingly, the Compensation and Corporate Governance Committee does not currently have a formal process for determining executive compensation. The Compensation and Corporate Governance Committee has not, at any time since the beginning of the Corporation’s fiscal year ending December 31, 2010, retained a compensation consultant or advisor to assist in determining compensation levels or for any other reason.

Composition of the Compensation Committee

The Compensation and Corporate Governance Committee is comprised of Timothy M. Elliott, Manoj N. Madnani and Michael A. McVea. Michael A. McVea is “independent” within the meaning of Section 1.4 of NI 52-110. Timothy M. Elliott, as an officer of Serinus Energy, and Manoj N.
