

Marret Asset Management announces distribution for Marret High Yield Strategies Fund

TORONTO (September 11, 2015) – Marret Asset Management Inc. announced today that Marret High Yield Strategies Fund (TSX: MHY.UN), will pay a distribution of \$0.4461 per unit to unitholders of record on September 22, 2015 (“Distribution Record Date”) with a payment date on September 25, 2015 (the “Payment Date”). Pursuant to the sale of Mobilicity to Rogers Communications, the fund received cash payment for certain bonds issued by Data & Audio-Visual Enterprises Wireless Inc., operating as Mobilicity. The distribution represents the net proceeds received by the fund and is being made in accordance with the ongoing termination of the fund.

In accordance with the applicable rules of the Toronto Stock Exchange (“TSX”) the “due bill” trading procedures of the TSX will apply to the distribution. The units of the fund will trade on a “due bill” basis from two trading days prior to the Distribution Record Date (i.e., September 18, 2015) to the Payment Date, inclusively (the “due bill period”). Any trades that are executed on the TSX during the due bill period will be identified to ensure purchasers of the fund’s units receive the entitlement to the distribution.

The units will commence trading on an ex-dividend basis on September 28, 2015, as of which date purchases of units will no longer have an attaching entitlement to the distribution. The due bill redemption date will be September 30, 2015.

Marret expects to receive additional proceeds for certain other Mobilicity bonds held by the fund; however, the final determination on payment has not yet been made.
