You can get a copy of the annual financial statements at your request, and at no cost, by calling 416-214-5800, by writing to us at Marret Asset Management Inc., 15 York Street, Second Floor, Toronto, ON, M5J 0A3 or by visiting our website at www.marret.com or SEDAR+ at www.sedarplus.ca.

Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

INVESTMENT OBJECTIVE AND STRATEGIES

The Marret High Yield Strategies Fund (the Fund) is currently terminating pursuant to its Declaration of Trust which provides that, to the extent that the affairs of the Fund have not been completely wound up and all of the assets distributed to unitholders on or prior to the termination date (May 30, 2014), the Declaration of Trust shall continue in force and effect to the extent necessary or desirable to permit the Trustee to complete the winding up of the affairs of the Fund and distribute the remaining assets to unitholders as soon as practicable and, in such event, the Trustee shall carry on no activities on behalf of the Fund except for the purpose of winding up the affairs of the Fund. Previously, and up until the termination date, the Fund was created to achieve the following investment objectives: (i) to maximize total returns for unitholders, consisting of both tax advantaged distributions and capital appreciation and reducing risk, and (ii) to provide unitholders with attractive monthly tax advantaged cash distributions, initially targeted to be 8.00% per annum on the original issue price of \$10.00 per unit by obtaining exposure to the Portfolio, which is focused primarily on high yield debt.

RISK

No changes affecting the overall level of risk associated with investing in the Fund were made during the period/year. The risks of the Fund remain as discussed in the Fund's most recently filed simplified prospectus or its amendments. The Manager reviews the risk rating for the Fund on an annual basis, at a minimum, based on the methodology mandated by the Canadian Securities Administrators to determine the risk level of the Fund. Any change to the risk rating made during the period/year was as a result of such review and was not a result of any change to the investment objective, strategies or management of the Fund.

RESULTS OF OPERATIONS

The Fund's net assets decreased by \$9.6 million to \$0.0 million from December 31, 2022 to December 31, 2023. The portfolio's performance decreased assets by \$9.6 million. The Fund returned 0.0% after fees and expenses for the one-year period ended December 31, 2023. Over the same time period, the Fund's benchmarks returned are 13.4%, 11.8% and 23.6%. The benchmarks are the ICE BofA U.S. High Yield Total Return Index, the S&P/TSX Composite Total Return Index and the S&P 500 Total Return Index (the Benchmarks or the Index), respectively.

As previously announced, the Fund has continued in order to hold private positions (the Private Portfolio). The value of the Private Portfolio consists of equity and bonds issued by Cline Mining Corp. (Cline). Marret's intention was to distribute the net proceeds from the Private Portfolio when the holdings are sold and the proceeds are received by the Fund. On December 22, 2023, the Fund took a full write-down of the value of the Private Portfolio based on the decreased likelihood of any recovery and the intention of virtually all of Cline's stakeholders to wind up the corporation. No ongoing management fee or other fees was charged by Marret for overseeing the liquidation of the Private Portfolio.

RECENT DEVELOPMENTS

As a result of Allegiance Coal Limited's (Allegiance) purchase of all the shares in New Elk Coal Company, LLC ("NECC"), Cline held US\$35,120,670.84 principal of a secured note issued by NECC ("NECC Note"). The NECC Note were to be repaid as follows:

- o US\$3 million paid in cash on the release of the NECC reclamation bonds held by the Colorado Division of Reclamation, Mining and Safety from the current bonds of approximately US\$5.5M (Allegiance has secured up to US\$10 million of insurance mine reclamation bonding to replace the existing bonds); the cash release is expected within 90 days of closing;
- o US\$6 million upon the commencement of commercial production by NECC or by December 1, 2021, whichever is earlier;
- o The remainder of the NECC Note to be repaid by Cline receiving 60% of NECC's retained earnings after NECC makes prudent provision for any preferred debt payments and obligations, and sustaining and working capital, until the NECC Note is paid in full, but in any event within 10 years of closing. The NECC Note will not bear interest.

To date, NECC has repaid US\$9 million of the NECC Note. US\$3 million after the release of NECC's reclamation bonds held by the Colorado Division of Reclamation, Mining and Safety, and US\$6 million after reaching the December 1, 2021 outside date.

NECC filed for Chapter 11 protection on February 21, 2023. In addition to NECC, its parent company Allegiance Coal Limited ("AHQ") and three other related entities also filed for insolvency protection. AHQ's mines transitioned to care and maintenance during the bankruptcy process. The assets of the company were liquidated through private sales and an auction. AHQ has been unable to realize material proceeds from NECC's mine. Due to the decreased likelihood of any recovery from the bankruptcy process, virtually all of Cline's stakeholders intend to wind up the corporation.

RELATED PARTY TRANSACTIONS

Independent Review Committee

The Manager, in respect of the Fund, received the following standing instructions from the Independent Review Committee (IRC) with respect to related party transactions:

The applicable standing instructions require, amongst others, that related party transactions be conducted in accordance with the Manager's policies and procedures and applicable law and that the Manager reports related party transactions periodically to the IRC and advise the IRC of any material breach of such policies. The Manager's policies and procedures require that investment decisions in respect of related party transactions (a) are free from any influence by an entity related to the Manager and without taking into account any consideration relevant to an entity related to the Manager; (b) represent the business judgment of the Manager, uninfluenced by considerations other than the best interests of the Fund; (c) do not exceed the limitations of the applicable legislation; and (d) achieve a fair and reasonable result for the Fund.

Except as otherwise noted above under Related Party Transactions section, the Fund was not a party to any related party transactions during the period/year ended December 31, 2023. If the Fund invested in related party transactions, it relied on the IRC's standing instructions regarding related party transactions during this reporting period/year.

Except as otherwise noted above, the Fund was not a party to any related party transactions during the period/year ended December 31, 2023.

(1) This information is derived from Fund's annual financial statements.

(2) Management expense ratio is based on expenses charged to the Fund (excluding commissions and other portfolio transaction costs) and is expressed as an annualized percentage of daily average net asset value for the period/year.

(3) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio manager manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the period/year. The higher the Fund's portfolio turnover rate in a period/year, the greater the trading costs payable by the Fund in the period/year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund. Portfolio turnover rate is calculated by dividing the lesser of the cost of purchases and the proceeds of sales of portfolio securities for the period/year, excluding cash and short-term investments maturing in less than one year, by the average market value of investments during the period/year.

(4) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net asset value of the Fund during the period/year.

(5) This information is provided for the period(s)/year(s) ended December 31.

(6) Closing market price.

PAST PERFORMANCE

This section describes how the Fund has performed in the past. Remember, past returns do not indicate how the Fund will perform in the future. The information shown assumes that distributions made by the Fund in the period(s)/year(s) shown were reinvested in additional units of the Fund or relevant Series/Class of the Fund, as applicable. In addition, the information does not take into account sales, redemption, distribution or other optional charges that would have reduced returns or performance.

Year-by-Year Returns

The following chart/charts shows/show the Fund's annual performance for each of the period(s)/year(s) shown and illustrates/illustrate how the Fund's performance has changed from period/year to period/year. In percentage terms, the chart/charts shows/show how much an investment made on the first day of each financial period/year would have grown or decreased by the last day of each financial period/year, except where noted.

Annual Compound Returns

The following table shows the Fund's annual compound returns for each year indicated, compared to the ICE BofA U.S. High Yield Total Return Index, the S&P/TSX Composite Total Return Index and the S&P 500 Total Return Index.

The ICE BofA U.S. High Yield Index is an unmanaged index that tracks the performance of below investment grade U.S. dollar-denominated corporate bonds publicly issued in the U.S. domestic market.

The S&P/TSX Composite Index is a float-adjusted market capitalization weighted index, which is the principal broad measure of the Canadian equity market. It includes common stocks and income trust units of companies incorporated in Canada which are listed on the Toronto Stock Exchange.

The S&P 500 Index is an index composed of 500 stocks weighted by capitalization and representing all major U.S. industries. The Index is a broad measure of the stock performance of the largest U.S. companies.

A discussion of the performance of the Fund as compared to the benchmark is found in the Results of Operations section of this report.
