

DEPLOY TECHNOLOGIES INC.

Deploy Patent Issued

Vancouver, BC, Canada, July 16, 2013 - Deploy Technologies Inc. (CNSX: **DEP**) (PINKSHEETS: **DPLY**) announced today that its Canadian PCT Patent has been Issued.

This patent is the first of a series of international patents to be filed in the USA and abroad. With the completion of this patent registration in Canada, the Company will now begin its international filings.

“Creating solid assets through the development of intellectual property and sales of our products remains our primary goal”, commented David Eppert, the Company’s Chief Executive Officer. “Even through the most challenging economic times we continue to remain focused and succeed at achieving our goals.”

ABOUT DEPLOY TECHNOLOGIES INC.

Deploy Technologies Inc. has developed a comprehensive suite of products focused on Fleet Data Management & Weigh Systems solutions. The core of the Company’s technology is based on the monitoring, storage and processing of hydraulic pressures data streams which are then used to address a wide range of applications including weight and loading calculations and warning systems for safety assurance initiatives.

Company reporting information can be found on the Company’s website (www.deploy.ca), CNSX (www.cnsx.ca) and SEDAR (www.sedar.com), as well as on OTC Markets (www.otcmarkets.com).
