## SECTION 7 – REGULATION FD

### Item 7.01 Regulation FD Disclosure

On September 12, 2019, Body and Mind Inc. (the “Company”) issued a news release announcing that Satellites Dip, LLC’s (“SD”) Cathedral City, California facility, which is fully managed by BaM pursuant to the management and administrative services agreement entered into between SD and BaM, has begun shipping BaM’s award-winning products in the state of California, which are manufactured by SD pursuant to a license agreement between BaM’s wholly-owned subsidiary, Nevada Medical Group, LLC and SD. This follows after the Cathedral City facility received final testing and California packaging compliance certifications for BaM’s products.

All products manufactured at the Cathedral City facility adhere to California’s strict testing process for microbials, pesticides, heavy metals and potency.

Initial product introductions include Lemon Brulee and Lemon Kush live resin sugar, Purple Punch blunts and Purple Punch pre-rolls. Live resin sugar is a concentrate, created using material that is fresh-frozen immediately upon harvesting. Live resins have become a popular consumption trend since the extraction process produces a more robust terpene profile, as well as more potent scents and flavors.

A copy of the news release is attached as Exhibit 99.1 hereto.

**NEWS RELEASE – For Immediate Distribution**

***Body and Mind Announces Cathedral City, California Facility Production and Distribution of Award-Winning Cannabis Products***

**VANCOUVER, B.C., CANADA (September 12, 2019)** – Body and Mind Inc. (CSE: BAMB, OTCQB: BMMJ) (the “Company” or “BaM”) a multi-state operator, is pleased to announce that Satellites Dip, LLC’s (“SD”) Cathedral City, California facility, which is fully managed by BaM pursuant to the management and administrative services agreement entered into between SD and BaM, has begun shipping BaM’s award-winning products in the state of California, which are manufactured by SD pursuant to a license agreement between BaM’s wholly-owned subsidiary, Nevada Medical Group, LLC and SD. This follows after the Cathedral City facility received final testing and California packaging compliance certifications for BaM’s products.

All products manufactured at the Cathedral City facility adhere to California’s strict testing process for microbials, pesticides, heavy metals and potency.

Trip Hoffman, Chief Operating Officer of BaM, said “As the largest cannabis market in the US, Body and Mind has worked tirelessly to develop relationships with expert California growers to source high quality, fully-tested cannabis for our California operations and products. Having already been well-received in a mature market like Nevada, our premium quality products will be a great fit with consumers in the California marketplace.”

Initial product introductions include Lemon Brulee and Lemon Kush live resin sugar, Purple Punch blunts and Purple Punch pre-rolls. Live resin sugar is a concentrate, created using material that is fresh-frozen immediately upon harvesting. Live resins have become a popular consumption trend since the extraction process produces a more robust terpene profile, as well as more potent scents and flavors.

Hoffman continued, “Going forward, we remain focused on low capital expense opportunities for further brand expansion and increased revenues. In addition to Body and Mind brands, the Cathedral City facility also wholesale manufactures distillate and extraction products. As manager of the Cathedral City facility we are pursuing white labeling opportunities and we plan to launch additional products in California, including full-spectrum, live resin cartridges and a line of edibles in the near future.”
