

Westridge Extends Option Agreement on its Charay Project

Vancouver, British Columbia, CANADA, November 30, 2011 /FSC/ - Westridge Resources Inc. (WST - TSX Venture)(the "Company") is pleased to announce that the option agreement to acquire its interest in certain mineral concessions in the United Mexican States, known as the Charay Project (the "Option Agreement") has been amended by extending the date by which the company must fund a work program on the property.

Peter Schulhof, President & CEO of Westridge, commented "the work program on the Charay project is well underway and we are very pleased with the progress to date. As a result of the data being compiled from the work program, Westridge management decided that it would be prudent to extend the December 2011 deadline thereby enabling us to capture more meaningful data which will help to better identify future drill targets, rather than working quickly to complete the program to the deadline. This will provide much better value to the company for the exploration funds that are being spent. We are pleased that the Optioners agreed with this position as it is in the best interests of Westridge's shareholders"

As announced on August 11, 2011, under the Option Agreement, the company's wholly-owned subsidiary, Minera Westridge S.A. de C.V. ("Minera"), agreed to fund a work program of not less than \$500,000 on or before December 31, 2011, and under the terms of the revised agreement (the "Revised Agreement") this work program must now be completed by February 28, 2012. As consideration for this extension Minera will provide consideration of \$10,000.

No other terms of the Option Agreement have been amended by the Revised Agreement.

The Company is also pleased to announce the appointment of Anthony Jackson as Chief Financial Officer. As CFO, Mr. Jackson will be responsible for all aspects of the Company's administration, compliance, reporting and finance activities. Mr. Jackson is a Chartered Accountant and has had extensive experience as a director or CFO of numerous corporations in the metals and mining industry. Mr. Jackson replaces Dennis Mee as the company's Chief Financial Officer.

The Company wishes to thank Mr. Mee for his dedication as CFO to the Company over the past years.
