PRESS RELEASE

December 10, 2014

TSX-V: WST

Westridge Resources Inc. (the “**Company**”) is pleased to announce the appointment of Bill Radvak to its board of directors. Mr. Radvak serves as the President and CEO of TSX Venture listed American Vanadium. He spearheaded the company’s transition from a mineral exploration company into a vertically integrated energy storage company with the execution of the Master Sales Agreement for North America with Gildemeister to market the world’s leading CellCube vanadium redox flow energy storage system. At American Vanadium, he guided the Gibellini Project in Nevada through a positive feasibility study and into the environmental permitting process.

Bill Radvak received a Mining and Mineral Process Engineering Degree (1986) from the University of British Columbia. Previously, he was a Founder and CEO of Response Biomedical, a publicly listed medical device company. Mr. Radvak led Response Biomedical from its evolution to a 90-employee, sales and manufacturing company.

The Company also announces the resignation of Mr. Mike Veldhuis from the Company’s board of directors. Westridge Resources would like to thank Mr. Veldhuis for his guidance in the restructuring of the Company.

ON BEHALF OF THE BOARD

“Andrew Cheshire”

Andrew Cheshire
President & CEO
