This press release is being disseminated as required by National Instrument 62-103 in connection with the filing of an Early Warning Report regarding the acquisition of securities of Harrys Manufacturing Inc. (formerly Westridge Resources Inc.) (the "**Company**").

On October 4, 2018, Harinder Singh Dhesi (the "**Acquiror**") received 8,166,700 common shares of the Company (the "**Shares**") pursuant to a share exchange agreement among the Company, Harry's International Manufacturing Inc. ("**HIMI**") and the shareholders of HIMI, in exchange for its shares in HIMI (the "**Share Exchange**").

In the future, the Acquiror may directly or indirectly acquire additional Shares or dispose of such Shares subject to a number of factors, including general market and economic conditions and other investment and business opportunities available.

A report respecting this acquisition, which is incorporated herein by reference, will be electronically filed with regulators in British Columbia, Alberta and Ontario and will be available for viewing through the Internet at the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.
