**Spearmint Signs LOI to Acquire Airshare**

Spearmint Resources Inc. (“SRJ” or the “Company”) (SRJ—TSX.V) wishes to announce that SRJ has signed an LOI with Airshare, a Canadian private British Columbia company, in the business of connecting airline operators on a global scale with travelers primarily interested in unique destinations within the charter market and private jet market.

Airshare leverages crowdsourcing in order to allow operators to increase profitability and the traveler to collaborate with other travelers of similar interests in order to reduce airline travel costs. This allows travelers to book flights within a better time frame and at lower rates. The main premise of the company is to fill the gaps in charter and private jet flights with lower cost fares to the benefit of the airline via less empty seats and customers who will benefit from lower cost desired flights with direct private and charter flights.

Management of Airshare has multiple decades of experience with the charter business and has recently been involved in a significant private sale of an airline.
