

Spearmint Commences Operations on its 'Escape Lake North' Platinum Group Metals Project in Ontario Directly Bordering Clean Air Metals Inc.

Vancouver, British Columbia--(Newsfile Corp. - June 18, 2021) - **Spearmint Resources Inc. (CSE: SPMT) (OTC Pink: SPMTF) (FSE: A2AHL5) (the "Company")** is pleased to announce that it is now underway with its 2021 work program on the 100-percent owned 'Escape Lake North' PGM Project in Ontario, Canada consisting of approximately 4,000 contiguous acres. This project is prospective for platinum group metals (PGM) and is located near existing infrastructure in a mining-friendly jurisdiction just north of Thunder Bay, Ontario. This project directly borders Clean Air Metals Inc.'s ("Clean Air") Thunder Bay North Project PGM deposit and is intersected by three northwest trending faults (the Hicks Lake Fault, East Dog River Fault, and Astrop Creek Fault) and is partially cross-cut by the regional east-west Lasserter Lake Fault. Clean Air has a mineral resource for its Thunder Bay North Project including a total Indicated resource of 16,285,396 tonnes at an average grade of 3.5 g/t PdEq containing 1,834,158 ounces PdEq and a total Inferred resource of 9,852,138 tonnes at an average grade of 2.1 g/t PdEq containing 663,660 ounces PdEq and are currently in the midst of a 40,000-metre drilling program.

Management cautions that past results or discoveries on properties in proximity to Spearmint may not necessarily be indicative to the presence of mineralization on the Company's property.

James Nelson, President of Spearmint Resources stated, "We are extremely excited to have begun this initial work program on our 'Escape Lake North' project directly bordering Clean Air Metals in an area hosting a world class PGM deposits. This marks the third work program we are currently in the process of undertaking for the summer. Crews are currently underway on our gold project in Quebec in the direct vicinity of Amex Exploration Inc. and Starr Peak Mining Ltd., and we expect to begin work on our 'Goose' Gold Project in Newfoundland directly bordering New Found Gold Corp. very shortly. We are well funded for all three Canadian work programs including flow-through funds which include an initial investment by certain funds managed by Sprott Asset Management LP. We are very optimistic about the future of platinum group metals (PGM) and look forward to starting up operations on this project as well as the remainder of 2021 and beyond in terms of corporate growth for Spearmint."
