Capitalight Research Welcomes Patricia M. Mohr and Launches Critical Metals Publication Covering Copper, Nickel, Lithium and Rare Earth Metals

TORONTO, ON / ACCESSWIRE / July 7, 2021 / IC Capitalight Corp. (CSE:IC) ("Capitalight" or the "Company") is proud to welcome Patricia M. Mohr, former Vice-President, Economics & Commodity Market Specialist at Scotiabank, to the Capitalight Research team and announces the launch of Critical Metals for a Sustainable World, which is the fifth and newest subscription research publication from Capitalight Research Inc., our wholly owned subsidiary.

Authored by Patricia M. Mohr, the *Critical Metals* publication will deliver monthly insights on supply, demand and price forecasts for copper, nickel, lithium, and rare earth metals. Together, these metals are critical to the successful decarbonization of the global economy via a rapid expansion of battery technology and electrical infrastructure. The *Critical Metals* publication will be targeted towards mining industry participants, government policy makers, financial asset managers, retail, and institutional investors.

Ms. Mohr earned a Master's degree in Economics from The University of British Columbia and began her career with Natural Resources Canada followed by several years in corporate positions within the resource industry. She spent 31 years as an economist at Scotiabank where she worked closely with the Corporate and Investment Banking groups, including the Mining team, with International Banking and with Global Risk Management. While at Scotiabank, Ms. Mohr developed the Scotiabank Commodity Price Index - the first Index designed to measure price trends for Canadian commodities in export markets. Patricia is a frequent speaker at international mining conferences such as China Mining in Tianjin and the Prospectors & Developers Association of Canada (PDAC) conference in Toronto.

Ms. Mohr is President of Mohr & Company Critical Metals Inc. of Vancouver and is a member of the Board of Directors of the Centre for Research and Innovation in the Bio-Economy (CRIBE). Patricia Holds an Honours B.A. Degree and an M.A. Degree in Economics from the University of British Columbia. In 2021, Patricia was honoured to receive the 'Robert Elver Award in Mineral Economics' from the Canadian Institute of Mining, Metallurgy and Petroleum (CIM).

Her experience and knowledge will be an immense addition to the Capitalight Research team.

The first edition of Critical Metals for a Sustainable World was published on June 30, 2021 and joins our four other research publications, which are:

- The Gold Monitor, authored by Dr. Martin Murenbeeld and Chantelle Schieven
- The Silver Monitor, authored by Dr. Tom Brady and Chantelle Schieven
- Canadian Preferred Share Research, authored by Nick Otton, and
- The Economic Monitor, authored by Dr. Martin Murenbeeld and Chantelle Schieven

Readers are encouraged to click on the following link <u>Capitalight Free Trial</u> or email the word 'CRITICAL' to <u>subscriptions@capitalightresearch.com</u> to receive a 2-month free trial to Critical Metals and our other research publications.

Disclaimer for Forward-Looking Information

This news release includes certain "forward-looking statements" under applicable Canadian securities legislation that are not historical facts. Forward-looking statements involve risks, uncertainties, and other factors that could cause actual results, performance, prospects, and opportunities to differ materially from those expressed or implied by such forward-looking statements. Forward-looking statements in this news release include, but are not limited to, statements regarding: the debentures; (ii) the mineral exploration properties; and (iii) the operations of Capitalight Research Inc. Forward-looking statements are necessarily based on a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties and other factors that may cause actual results and future events to differ materially from those expressed or implied by such forward-looking statements. Such factors include, but are not limited to: general business, economic and social uncertainties; litigation, legislative, environmental and other judicial, regulatory, political and competitive developments; and other risks outside of the Company's control. Additional risk factors are included in the Company's Management's Discussion and Analysis, available under the Company's profile on SEDAR at www.sedar.com. Although the Company believes that the assumptions and factors used in preparing the forward-looking statements are reasonable, undue reliance should not be placed on these statements, which only apply as of the date of this news release, and no assurance can be given that such events will occur in the disclosed time frames or at all. Except as required by applicable laws, the Company disclaims any intention or obligation to update or revise any forwardlooking statement, whether as a result of new information, future events, or otherwise.
