

55 North Mining Inc. Announces Completion of Private Placement and Units-for-Debt Settlement

Toronto, Ontario – May 6, 2022 – 55 North Mining Inc. (“55 North” or the “Company”) announces that it has closed a private placement financing of 1,707,317 units (the “Units”) at a price of \$0.041 per Unit for proceeds of \$70,000.00.

The board of directors also approved the settlement of \$77,121.92 of debt through the issuance of Units (the “Debt Settlement”). Pursuant to the Debt Settlement, the Company issued 1,881,019 Units of the Company at a deemed price of \$0.041 per Unit to certain creditors of the Company, including a director and an officer (the “Creditors”). All Units consist of one common share (a “Share”) and one common share purchase warrant (a “Warrant”), exercisable at \$0.05 for a period of forty-eight (48) months.

All securities issued will be subject to a four month hold period which will expire on the date that is four months and one day from the date of issue.

The proceeds will be used for debt reduction and for general working capital purposes.

As certain insiders participated in the Debt Settlement, it is considered to be a “related party transaction” under Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* (“MI 61-101”). All of the independent directors of the Company, acting in good faith, considered the transactions and have determined that the fair market value of the securities being issued to insiders and the consideration being paid is reasonable. The Company intends to rely on the exemptions from the valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and (b) and 5.7(b) of MI 61-101.
