Re: Re-filing of the CEO and CFO Annual Certificates for the year ended September 30, 2011  
SEDAR project # 01853066

Dear Sirs/Mesdames:

Arris Holdings Inc. (the "Company") has filed amended CEO and CFO Annual certificates for the year ended September 30, 2011. The date on the certificates in the original filing was incorrect, citing the date of filing as January 27, **2011** instead of January 27, **2012**. There are no other changes to the annual filings.
