QMI Announces Appointment of Gurdeep Johal to Board of Directors

April 5 2011, VANCOUVER, BC: QMI SEISMIC INC. (CNSX: QSS) (the “Company” or “QMI”) announces the appointment of Mr. Gurdeep Johal to the Board of Directors. Mr. Johal brings considerable experience within the regulatory and compliance aspects of public companies. He currently acts as a consultant and advisor for publicly listed companies providing management services.

The Company also announces that it has accepted the resignation of Mr. Parmjit Johal from the board of directors and wishes him success in his future endeavours.

About QMI:

QMI is a marketer and distributor of advanced commercial, industrial and residential electronic safety systems that detect the presence of gas leaks, water leaks, and seismic vibrations and then signals controls to shut off gas valves, water valves, and power inputs. QMI holds distributions agreements for various international regions for products with patented technology which allow for remote gas and water shutoff. The seismic detection products which it markets and distributes are used by some of the world’s largest companies and organizations including NASA and G.E. Rail. The advanced early warning systems are designed to remotely shut-off utilities in the event of an earthquake and provide early warning to households.
