

Processing Waste Gas into Clean Power
and Engineered Fuels
with the Micro Refinery Unit

FOR IMMEDIATE RELEASE

Appointment of New Director

October 21, 2015 - VANCOUVER, BRITISH COLUMBIA – ME Resource Corp. (the "Company" or "MEC") (CNSX: MEC | OTC: MEEFX) is pleased to announce that appoint of Robert Kang to its Board of Directors effective October 21, 2015.

Mr. Kang recently left the TSX Venture Exchange where he was the Director of Listed Issuer Services. Mr. Kang brings over 20 years of experience in the venture markets in a variety of industries ranging from oil and gas to industrial technology companies. Mr. Kang began his career with Ernst and Young and is Chartered Accountant.

About ME Resources Corp.:

ME Resource Corp. ("MEC") is a Canadian company focusing on the development, commercialization and deployment of an economical, mobile and modular waste natural gas processor, which synthesizes waste natural gas, both flared and vented, into green fuel - Engineered Fuel™ and Clean Power. ME Resource Corp. is also pursuing the acquisition, exploration and development of resource properties. The Company's objective is to explore and develop its current assets and pursue additional acquisitions. The Corporation intends to acquire a portfolio of properties through project acquisitions, joint ventures and alliances.
