

FOR IMMEDIATE RELEASE

MEC Announces Reliance on Annual Financial Statement Exemption

May 26, 2020 - VANCOUVER, BRITISH COLUMBIA – ME Resource Corp. (the "Company" or "MEC") (CNSX: MEC | OTC: MEEFX) announces that it will not be in the position to file its interim first quarter financial statements for the quarter ended March 31, 2020 and the related management's discussion and analysis, as required by Part 4 and 5 of National Instrument 51-102 Continuous Disclosure Obligations (together, the "Interim Filings") by the filing deadline of June 1, 2020.

The Canadian Securities Administrators have recently announced temporary relief from certain regulatory filings required to be made on or before June 1, 2020 by reporting issuers in Canada, in view of the recent COVID-19 developments and the impact on market participants. This news release is being issued in accordance with the blanket relief of a 45-day extension, provided by Canadian Securities Administrators and British Columbia Instrument 51-515: Temporary Exemption from Certain Corporate Finance Requirements, for periodic filings normally required to be made by issuers during the period from March 23, 2020 to June 1, 2020.

The Company will be relying on the 45-day extension period provided under the blanket relief for the filing of its interim financial report for the quarterly ended March 31, 2020 and the related management's discussion & analysis. The Company is working expeditiously to meet the Company's obligations relating to the filing of the Annual Filings and Interim Filing. At this time, the Company anticipates completion of the Interim Filings on or before the expiration of the 45-day extension deadline. The Company will provide an update on timing once known.

Members of the Company's management and other insiders are subject to an insider trading black-out policy that reflects the principles in section 9 of National Policy 11-207 *Failure-to-File Cease Trade Orders and Revocations in Multiple Jurisdictions*.

The Company confirms that since the filing of its interim consolidated financial statements for the nine months ended September 30, 2019, there have been no material business developments other than those disclosed through news releases.
