BacTech Profile

BacTech Environmental Corporation holds the perpetual, exclusive, royalty-free rights to use the patented BACOX bioleaching technology for the reclamation of tailings and mining waste materials. BacTech signed a contract with the Mines Branch of the Manitoba Department of Innovation, Energy and Mines, to remediate an arsenopyrite gold stockpile situated at the Snow Lake Mine in Snow Lake, Manitoba. The project is presently on hold. A second high-grade silver/copper project is under negotiation at Atocha, Bolivia in partnership with COMIBOL, the state mining group. The Company continues to field enquiries globally with respect to additional opportunities for remediation including licensing transactions for the technology.
