

BacTech Closes First Tranche of Private Placement

Toronto, Canada, June 10, 2016 - BacTech Environmental Corporation ("BacTech" or the "Company"), (CSE: BAC, OTC Pink: BCCEF, WKN: A1H4TY) today announced that it has completed a first closing for the CAD\$500,000 private placement announced on May 31, 2016.

BacTech will continue to announce weekly closings so as to access the capital for commitments in Bolivia. The first tranche was for \$26,000 and resulted in the issuance of 650,000 common shares and 650,000 warrants. The warrants are exercisable at \$0.10 for 2 years from closing.

Company Profile

BacTech Environmental Corporation holds the perpetual, exclusive, royalty-free rights to use the patented BACOX bioleaching technology for the reclamation of tailings and mining waste materials. The Company's principle focus is a high-grade silver/copper tailings project called Telamayu, located in Atocha, Bolivia, in association with COMIBOL, the state mining group. The Company signed an MOU with Duran Ventures Inc. to explore the viability of building a BACOX plant in Peru to treat high-grade gold/arsenic ores. Investigation has begun to identify similar opportunities in Ecuador. The Company continues to field enquiries globally with respect to additional opportunities for remediation, including licensing transactions for the technology.
