Lifestyle Delivery Systems Inc. announces CSPA Group Inc. and LDS Scientific's March Distribution of New Luxury Product Line Rêveur

Vancouver, British Columbia, Canada, March 28, 2018, Lifestyle Delivery Systems Inc. (CSE: LDS), (OTCQX: LDSYF), (Frankfurt: LD6, WKN: A14XHT) ("LDS" or the "Company") announces that CSPA Group Inc. and LDS Scientific begin distribution of the new luxury brand of cannabis products Rêveur for the California market.

CSPA Group Inc. has begun the distribution of the Rêveur product line to selected retail stores in California. The new product line, Rêveur (the French word for Dreamer), is designed for the upscale luxury cannabis market using only fresh frozen organically grown cannabis strains processed at minus 50 degrees Celsius. This process preserves all of the natural terpenes and flavonoids. Brad Eckenweiler, CEO of LDS, stated, "We expect that our new product line, Rêveur, will be on the shelves and available for customers at selected retailers in southern California this week." Each Rêveur package in the product line includes the full spectrum testing analysis. The selected stores and their locations will be announced once the delivery of the Rêveur products has been received by the retailers.

About Lifestyle Delivery Systems Inc.

Lifestyle Delivery Systems Inc. is a licensed, state-compliant vertically integrated cannabis-related company. From our isogenic pollination nursery to our cutting edge, state-of-the-art production facility located in Southern California, LDS has become one of the most diverse, innovative and scientifically based cannabis companies throughout North America. The Company's technology produces infused strips (similar to breath strips) that are not only a safer, healthier option to smoking but also a new way to accurately meter the dosage and assure the purity of the product. From start to finish, the production process tests for quality and composition of all the ingredients used in each and every strip, resulting in a delivery system that is safe, consistent and effective.
