Lifestyle Delivery Systems Inc. Announces that CSPA Group Inc. has Received a Purchase Order for 15,000 Rêveur Units

Vancouver, British Columbia, Canada, May 14, 2018, Lifestyle Delivery Systems Inc. (CSE: LDS), (OTCQX: LDSYF), (Frankfurt: LD6, WKN: A14XHT) (“LDS” or the “Company”) announces that its affiliate, CSPA Group, Inc. (“CSPA”), has received a purchase order for 15,000 half-gram units of its Rêveur Live Resin product.

CSPA will fill the order with eight different strains of the Rêveur Live Resin product, which comes in 0.5-gram individual glass containers with full informational test results that include cannabinoid concentrations as well as terpene profiles. In addition to the current purchase order, CSPA has converted over 2,000 pounds of contracted bio-mass into high-grade extracted material for use in cannabis products for licensed California manufacturers to date. Brad Eckenweiler, the CEO of LDS, stated, “The current purchase order represents the beginning of what we hope will be an expanded market awareness as the product becomes available in more California retail locations. The successful contracted extraction of literally a ton of bio-mass into a high-quality concentrate has generated additional inquiries for contract extraction.” The Company will continue to update its shareholders on the progress as information becomes available.

About Lifestyle Delivery Systems Inc.

Lifestyle Delivery Systems Inc. is a licensed, state-compliant, vertically integrated cannabis-related company. From our isogenic pollination nursery to our cutting edge, state-of-the-art production facility located in Southern California, LDS has become one of the most diverse, innovative and scientifically based cannabis companies throughout North America. The Company’s technology produces infused strips (similar to breath strips) that are not only a safer, healthier option to smoking but also a new way to accurately meter the dosage and assure the purity of the product. From start to finish, the production process tests for quality and composition of all the ingredients used in each and every strip, resulting in a delivery system that is safe, consistent and effective.
