Mobilum Technologies Announces Delay of Filings

VANCOUVER, BC, June 20, 2022 - [Mobilum Technologies Inc.](#) (the "Company") (CSE:MBLM) (OTC:MBLMF) (FRA:COB), announces that it is anticipating a delay in filing its audited financial statements for the year ended February 28, 2022, and the related management's discussion and analysis, and CEO and CFO certifications (collectively, the "Required Filings"), which are required to be filed on or before June 28, 2022.

In connection with the anticipated delay, the Company has applied to the applicable Canadian securities regulators requesting that a voluntary management cease trade order ("MCTO") be imposed to restrict trading in the Company's securities by insiders of the Company, as opposed to a general cease trade order, which would restrict all trading in the Company's securities. If granted, the MCTO will be in effect until the Required Filings are filed or until it is revoked or varied.

The majority of the Required Filings have been prepared, but the Company is unable to complete and file such materials as a result of delays associated with the availability of accounting staff and the collection of the required data and documentation to complete the audit from overseas operations. The Company is continuing to work with its auditors to complete the required audit work, and the Company expects being in a position to file the Required Filings no later than July 15, 2022.

The Company confirms that it intends to satisfy the provisions of the alternative information guidelines described in sections 9 and 10 of National Policy 12-203 – *Management Cease Trade Orders* for so long as it remains in default of the requirement to file the Required Filings. The Company has not taken any steps towards any insolvency proceeding and the Company has no other material information to release to the public. The Company has made the foregoing representations in accordance with the requirements of applicable securities laws.
